**Additional Information:**

- If you have your own transportation and can be ready to receive a vaccine on short notice, please register with Yamil Figueroa, Outreach Coordinator at the Mansfield Senior Center at **860.498.9875**. Occasionally clinics have excess vaccines at the end of an appointment block that must be administered promptly. If you would be willing to be added to this “vaccines on call” list, let Yamil know.
- Please be patient with this process. Phase 1b is the largest group of vaccine recipients, and scheduling these recipients could take us several months. Contact Mansfield’s Outreach Coordinator Yamil Figueroa at **860.498.9875** with questions. The Eastern Highlands Health District is extremely busy with many details and cannot field individuals’ questions.
- If you need a COVID-19 test, there are many local sites available. Visit our website, or call the Human Services Department, Town Hall, or the Mansfield Public Library for upcoming testing times and locations.
