

SNAP into 5th Grade with TRAPPERS!

Stay organized in STYLE!

The JOURNEY TO SUCCESS in Middle School starts with an organized binder. We suggest that ALL 5th Graders have a TRAPPER style binder to start the year. This helps to facilitate organization and having the needed items at the student's fingertips when navigating the changing schedule.

Below is an example of what the MMS teachers see as one good option.

Keep your binder away from food & drink..

Case-it THE SIDEKICK Style D 109

Your binder goes to school and comes back home every day!

This trapper has accordion-style folders.

If the trapper you purchase does not have folders included, please purchase two folders.
