You Can Choose to Swim Healthy!

Healthy Swimming behaviors are needed to protect you and your kids from RWIs (Recreational Water Illnesses) and will help prevent germs from getting in the pool.

Here are three "PLEAs" that promote Healthy Swimming:

Swimming: Three "PLEAs" for All Swimmers

Practice these four "PLEAs" to stop germs from causing illness at the pool:

Please practice good hygiene. Take a shower before swimming and wash your hands after using the toilet or changing diapers. Germs on your body end up in the water.

Please don't swim when you have diarrhea. This is especially important for kids in diapers. You can spread germs in the water and make other people sick.

Please don't swallow the pool water. In fact, avoid getting water in your mouth.
