Town of Mansfield

Re: Fiscal Year 2014/15 Budget

Dear Town Council:

I have worked with the Town's management team to prepare a prudent spending plan that preserves current services and advances key Council policy goals and objectives, while controlling expenditures. Furthermore, we have structured the budget to maintain our multi-year plan to build fund balance in the general fund, and to fund the capital improvement program on a *pay-as-you-go* basis. These issues are key factors that impact the Town's financial position and operations.

With this brief introduction, I am recommending the following budgets for fiscal year 2014/15 for your review and consideration:

1. The proposed general fund budget for fiscal year (FY) 2014/15 totaling \$36,847,734 plus Mansfield's general fund contribution, estimated at \$10,063,990, to the Regional School District 19 (Region 19) budget. The general fund budget and the Region 19 contribution together total \$46,911,724 (including an increase of \$100,000 to fund balance), which would require a mill rate of 28.71 on all taxable property in Mansfield.
2. The proposed capital fund budget for FY 2014/15 totaling \$6,654,020.
3. The proposed capital nonrecurring reserve fund (CNR) budget for FY 2014/15 totaling \$2,114,600. Of that amount, \$1,878,600 is a transfer to the capital fund budget.

Budget Policy Objectives

Staff has designed the Proposed FY 2014/15 Budget to achieve four primary objectives. The first objective is to maintain current services and programs. Under the proposed budget, all of our core services – education, general government, community services, community development, public safety and public works - remain intact.

The second major objective is to support the Town Council's financial management goals, specifically to continue our effort to build fund balance in our general fund account and to maintain the general fund contribution to the capital improvement program (CIP) at a level that, when combined with other revenue sources, allows the Town to finance all regular, recurring capital projects and initiatives on a *pay-as-you-go* or cash basis. With the FY 2014/15 budget, management

recommends that the Town contribute \$100,000 to fund balance as the fifth installment of a multi-year plan to reach the 10-15 percent threshold in our general fund fund balance account. This action is important in order to provide the Town with a sufficient reserve to meet unforeseen circumstances, which in turn is an important factor in maintaining a healthy bond rating. The better our bond rating, the lower the Town's cost to issue debt. For the FY 2014/15 CIP, we have proposed a general fund contribution of \$1,599,880, an increase of \$274,330 or 20.7%. This will provide cash-to-capital funding for the second year of \$200,000 funding for the school building infrastructure and information technology needs. (Please see the issue papers that staff has prepared for more detail regarding capital projects funding and debt issuance.)

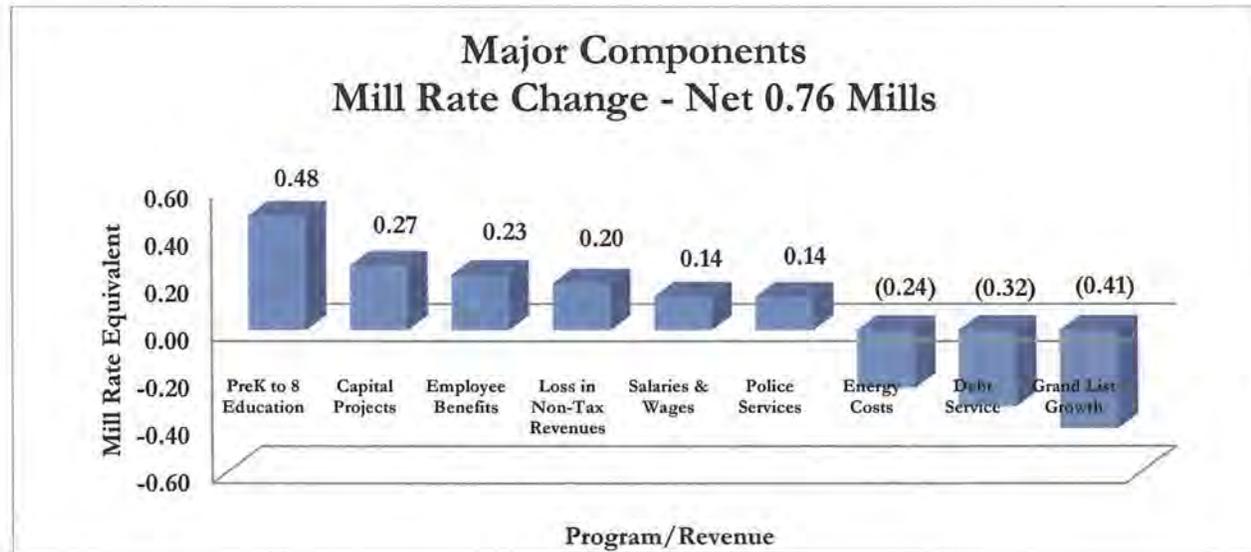

Third, the proposed budget is designed to promote key Council policy goals and initiatives. For example, I am proposing \$13,250 to restore the graduate student intern position in my office. We would plan to use the position to assist with key management initiatives, including enhancements to our performance measurement program and with developing a template for program evaluation, both of which are important to the Town Council. I have also proposed a modest sum of \$10,000 to establish a new economic development program budget. This money could be utilized to purchase economic development services and for marketing and promotional purposes. In addition, the proposed budget continues funding for code enforcement, engineering and public works personnel necessary to oversee the construction and to complete the final phases of the Storrs Center project. I wish to emphasize that the proposed budget funds all *direct* costs associated with the Storrs Center project with revenue coming from the project itself. This includes one-time expenditures for temporary personnel charged against the Storrs Center reserve fund and ongoing expenditures such as the Town's contribution to the Downtown Partnership's operating budget, which is charged to the general fund and funded with tax revenue from Storrs Center. The Public Works Department, my office and other Town staff continue to provide in-kind services towards the project, as we do for other major initiatives.

The fourth major objective of the Proposed FY 2014/15 Budget is to correct a few key structural deficiencies within the spending plan. The first that I would highlight concerns the overtime line in Fire and Emergency Services. Due to employee vacancies, we have routinely overspent that line in the budget as we have had to fill shifts with full-time firefighters. For this budget, we propose the addition of one full-time fighter year-round and 60 additional part-time firefighter hours per week over 36 weeks (the academic year) to stabilize regular staffing levels. This adjustment would increase the regular salary line but would serve to stabilize overtime expenditures and the need for an annual budget adjustment.

In addition, the budget includes a general fund transfer of \$36,000 to the cemetery fund to provide more stable funding for that program, which has suffered from a rapidly declining fund balance. And, we have re-designated the \$25,000 annual contribution to the property tax revaluation fund from a transfer from the capital fund to a transfer from the general fund, as this is more accurately classified as an operating and not a capital expense.

As I will detail later in this communication, the proposed budgets for both Region 19 and the Mansfield Public Schools have collectively increased by \$545,630 or 0.54 mills. The proposed General Government budget is up by \$469,250 or 0.46 mills. However, by utilizing savings in debt service payments and Storrs Center revenue to cover costs associated with the Storrs Center project, we are able to bring the proposed tax increase down to 0.76 mills, representing a 2.71 percent increase. Consequently, we are in a position where, with a reasonable increase in taxes, we can

maintain current services, support both our exemplary school districts, and advance key Council goals and initiatives.

Revenue Outlook

The preliminary grand list has increased by \$24,935,826 or 2.46 percent. After factoring in the Storrs Center tax abatement, the taxable grand list has increased \$14,689,776 or 1.5 percent. This increase in the grand list is significant, especially in comparison to recent years, and will generate \$421,740 in new revenue. When added to the current year’s increase in the grand list, nearly \$970,000 has been generated in new revenue over the two-year period. As additional phases are constructed over the next few years, Storrs Center will continue to positively impact Mansfield’s grand list.

Non-tax revenue is projected to decrease by \$154,200 or 0.8 percent over the current year adopted budget. For this fiscal year, we did receive \$876,190 in unanticipated state funding. In comparison to FY 2012/13, state aid is scheduled to decrease by \$482,013 for FY 2014/15. As we all know, Mansfield is extremely reliant upon state statutory formula grants, which comprise approximately 38 percent of general fund revenue. (Please see the issue paper on State Revenue for more information on this important topic.) Other revenue factors include a slight increase in building and housing code permit revenue.

General Fund Budget

The recommended total general fund budget for the Town of Mansfield of \$36,847,734 represents an increase of \$956,404 or 2.7 percent over the current year as amended. When Mansfield’s estimated contribution of \$10,063,990 to Region 19 is added to this figure, the total amount to be funded is \$46,911,724. Under this proposed budget, total spending would increase by \$1,014,880 or 2.2 percent.

The Town of Mansfield’s general fund budget is made up of two major components: general government operations and the Mansfield Board of Education budget. General government operations include the operating budget for municipal functions (exclusive of PreK-12 education) and contributions to the capital fund and the debt service fund.

1. General government operations – Proposed funding for general government operations has increased by 3.9 percent or \$519,920 over the adopted budget. Some of the primary cost drivers leading to this increase include:
 - An increase of \$211,400 to fund employee benefits, primarily health insurance (\$150,290) the first significant increase in five years; and MERS for firefighters (\$37,000).
 - An increase of \$176,860 in contingency for contract negotiations and other unanticipated needs
 - An increase of \$151,870 to fund purchased services, primarily the Resident State Trooper program. The primary factor in this increase is the projected increase in the fringe benefit rate.
 - An increase of \$143,505 in salaries and wages for contractual step increases and proposed additional fire services staffing
 - A decrease of \$245,800 in projected energy costs as energy improvements have been fully funded

Management has worked to control expenditures, but some costs (e.g. purchased services, repairs and maintenance) do continue to increase. We have also budgeted funds to allocate resources to the construction and maintenance of Storrs Center, and have charged direct one-time expenditures against the Storrs Center reserve fund that is financed through grants, permit fees and tax revenue from the project. It is also important to note that while the debt services fund and capital fund are budgeted under general government operations, both of these funds support the Mansfield Public Schools in addition to general government.

2. Mansfield Board of Education - The other major segment of the Town budget is the Mansfield Board of Education budget. The budget as adopted by the Board of Education reflects an increase of \$487,154, or 2.4 percent, for a total budget of \$21,175,314. The Mansfield Board's budget is based on discussions with Town and Region 19 officials regarding revenues and expenditures, as well as a commitment to maintain reasonable and appropriate class sizes while addressing issues related to slightly declining enrollment. The Board's budget seeks to maintain the current level of programming in a cost effective manner.

Region 19 Budget

The Region 19 Board of Education is presently reviewing the Superintendent Silva's proposed budget. We are anticipating Mansfield's general fund proportionate share to total \$10,063,990, an increase of \$58,474 or 0.6 percent over the current year. The member town contributions to the Region 19 budget remain relatively flat, and therefore Mansfield's increase is primarily the reflection of a slight increase in our pro-rational share.

Neither the Town Council nor I have any legal authority to make any changes to the Region 19 Board of Education Budget. For this reason, we have traditionally excluded Mansfield's proportionate share of Region 19's budget from the resolutions adopting the Town's budget. Nonetheless, the Region 19's budget has a major impact on Town government, our tax rate and our citizens.

Capital Fund Budget and Capital and Nonrecurring Reserve (CNR) Fund

The proposed capital fund budget of \$6,654,020 is financed primarily from the capital and nonrecurring reserve (CNR) fund (\$1,878,600) with the balance coming from the LoCIP grant (\$192,490), the Town Aid Road grant (\$242,000), other State grants (\$233,530), and other funds

(\$107,400). Bond funding is proposed for the Four Corners Sewer/Water Improvements project currently estimated at \$4,000,000 for FY 2014/15. The proposed expenditures are detailed in the capital projects fund budget and financing plan.

The proposed CNR Fund budget of \$2,114,600 is funded mainly by the general fund (\$1,599,880), and ambulance user fees (\$300,000), and the Pequot/Mohegan grant (\$232,978). The proposed expenditures include: a transfer to the capital fund of \$1,878,600 to fund current year projects; a transfer to the management services fund of \$200,000; and the final transfer to the compensated absences fund of \$36,000. The transfer to the property revaluation fund of \$25,000 has been moved to the general fund.

Other Funds

Staff has included in this budget information on the other major operating funds of the Town government. These include town road aid, internal service funds, enterprise funds, the daycare fund, the recreation program fund, the cemetery fund, the health district fund and the Mansfield Downtown Partnership budget. All of these funds either receive support from the tax base or support significant activities affecting the Town. I would note that while we are seeing a rather large increase in our health insurance premiums (average 10%), our average claims experience for the past five years is 2.2%, significantly below industry trend.

Impact on the Taxpayer

As stated above, the Proposed FY 2014/15 Budget would require a mill rate of 28.71 on all taxable property in Mansfield. This mill rate includes a proposed increase to fund balance of \$100,000. Staff estimates that with the Proposed FY 2014/15 Budget, taxes for the median single family home (\$169,900) in Mansfield would increase by 2.71 percent or \$129 per year.

The recommended appropriation of \$100,000 for fund balance represents the equivalent of 0.1 mills of the 0.76 proposed FY 2014/15 increase.

Conclusion

In my view, the Proposed FY 2014/15 Budget is a responsible spending plan that is designed to support current services and to advance key Council policy goals and objectives, while continuing to control expenditures. Furthermore, with a moderate tax increase of approximately two and three quarter percent we have the opportunity to continue our efforts to restore fund balance in the general fund and to maintain the general fund contribution to the capital projects fund in order to develop a more sustainable capital improvement program.

The preparation of this document requires a great deal of time and effort. I would like to thank our various department heads and the members of the budget team – Cherie Trahan, Alicia Ducharme, and Maria Capriola - for their patient work in preparing this submission.

Sincerely,

Matthew W. Hart

ISSUE PAPER

STATE REVENUE

For purposes of the Proposed FY 2014/15 Budget, management has included the Governor's proposed estimates for municipal aid, which, in aggregate, would decrease state revenue to Mansfield by \$746,717 below the current year grant payments. While the General Assembly may modify the Governor's proposals, it is too early to project a more significant payment in state aid.

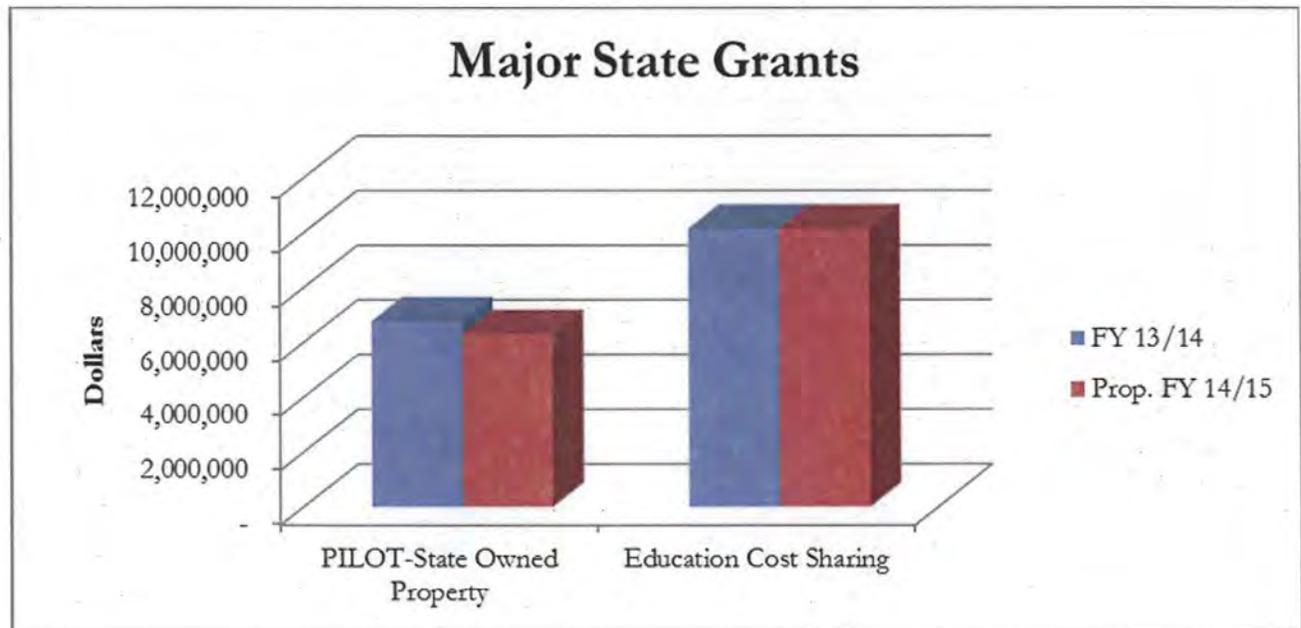

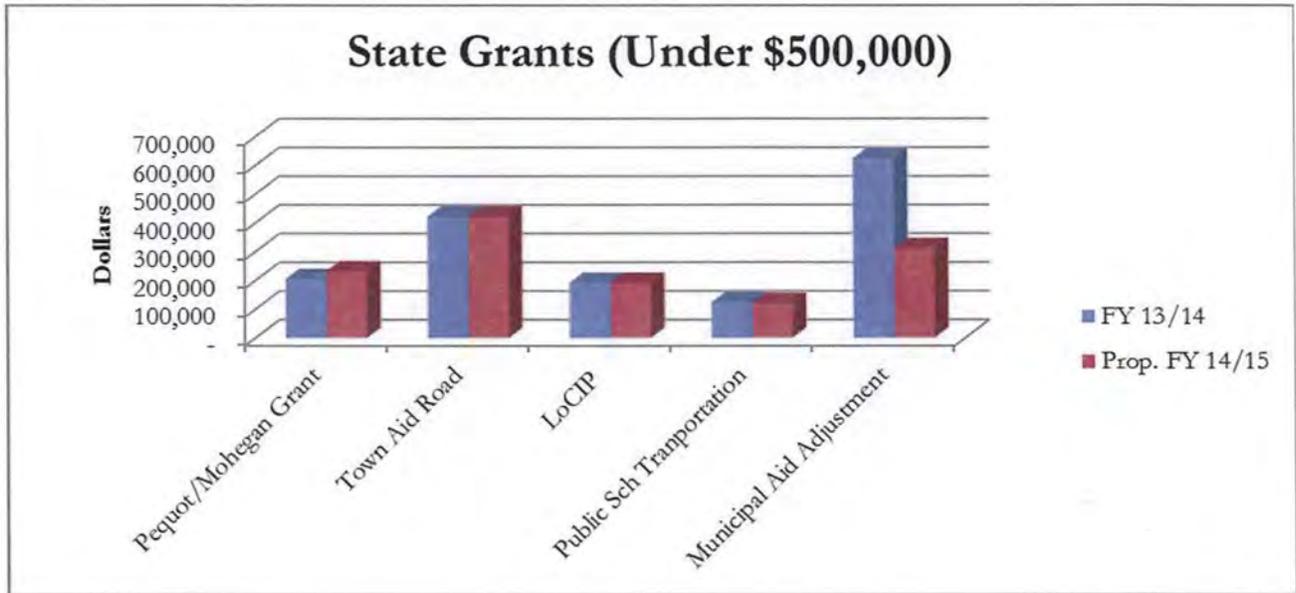

Under these projections, the PILOT grant for Mansfield reflects a reduction of \$467,073 or 6.9%. The Municipal Aid Adjustment reflects a reduction of \$312,772 or 50%. Wisely, the adopted FY 2013/14 budget included only a portion of this State aid for the fiscal year due to concerns of mid-year rescissions. Therefore the reduction in Intergovernmental revenues from the current year budget is \$194,230, or 1.1%. However, this continuing decline in State aid has put a significant burden on our taxpayers.

On February 11, 2014 Council leadership and staff testified to the Appropriations Committee regarding our concerns as follows:

- With the presence of UCONN and the Bergin Correctional Institute, we are very reliant on intergovernmental revenue, receiving approximately \$17.2 million or 37.5% of our general fund revenues from the state. Our grand list is approximately \$1 billion and the value of state property in Mansfield totals \$1.2 billion. Our payment-in-lieu-of-taxes grant (PILOT) for state-owned property totals approximately \$6.8 million, or 15% of general fund revenues.
- We are probably the only town in Connecticut where the value of exempt property exceeds the value of private property in the community, and no other municipality in the state is as reliant on PILOT funding as is Mansfield. Under statute Mansfield should be receiving 45% on the assessed value of UConn property and the actual grant amount is closer to 19% of that figure.
- When you combine all of Mansfield's state grants, we are looking at a reduction of \$746,717 (4%) from FY 2013/14. That's a big number for a town our size and represents approximately .75 mills under the current grand list. If you compare FY 2014/15 with FY 2008/09, Mansfield is looking at a reduction in state aid of \$1,667,630 or 8.6%.
- The proposed Municipal Aid Adjustment for FY 2014/15 is not sufficient to close the gap created by the reduction in the PILOT grant. And, this Adjustment is only scheduled to be temporary with the biennial budget. What happens for FY 2015/16?
- The timing of this reduction in PILOT funding is at odds with the state's \$2 billion investment in UCONN's Next Generation Connecticut initiative, which will include the hiring of many new faculty and staff, and the addition of as many as 5,000 new students in Storrs. While Next Generation Connecticut will likely have many benefits for Mansfield and the region, it will also impact our natural resources, municipal services and quality of life. Mansfield needs this important PILOT funding in order to provide the services resulting from UCONN's development.

We asked that the State revisit the formula for the state-owned PILOT grant to ensure that cities and towns that host major state institutions are treated in a fair and equitable manner. In addition, we asked that they contrast the PILOT for state-owned property to the PILOT for private colleges and hospitals – why is the reimbursement rate for the PILOT on state-owned property set at 45% while the rate for the PILOT on private colleges and hospitals is set at 77%? Are the two classes of exempt property appreciably different? As UCONN continues to develop and thrive as Tier I research university, and while we are very proud of UCONN's success, the service demands on Mansfield will only continue to increase. Our grand list is not sufficient to bear this load. Consequently, we need this important state funding to stabilize at a sustainable level to enable Mansfield to remain a viable host community for the

state's flagship university. In our view, stabilizing the PILOT for state-owned property in a sustainable manner would certainly represent sound state policy.

ISSUE PAPER

FUND BALANCE

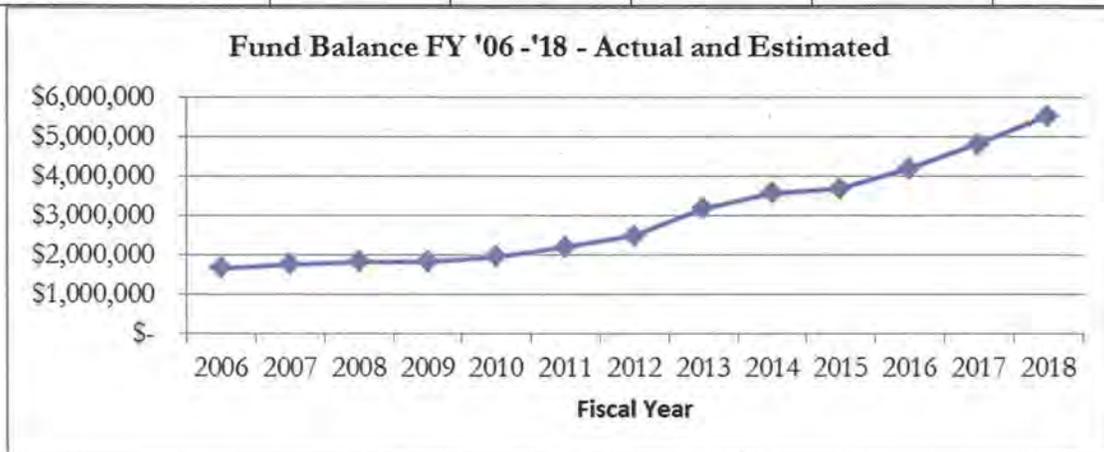

Fund balance is a measure of the Town’s capacity to withstand financial emergencies or to undertake unforeseen but necessary projects. Rating agencies place special emphasis on fund balance when assigning bond ratings to municipalities and view adequate fund balance as an indication of sound financial management.

A number of years ago, the Town Council adopted a plan whereby the general fund operating budget would no longer rely on an appropriation from fund balance to balance the budget. This recommendation was made because the practice of using fund balance on a one-time basis has an inherently destabilizing impact upon the operating budget and could result in a negative outlook from the rating agencies. More recently (August 2012), the Town Council revised the Fund Balance Policy to provide that the Town will strive to maintain an unrestricted fund balance of 17% of the general fund operating budget with up to 2% of the same accounted for in the unrestricted fund balance of other governmental funds.

The Proposed FY 2014/15 Budget recommends increasing fund balance by \$100,000 to an estimated \$3,674,663 which represents 7.70 percent of the general fund operating budget. While maintaining fund balance is difficult in troubled financial times, the case for preserving a healthy fund balance as recommended by the rating agencies is clearly in the Town’s best interest.

We further recommend that the Town Council continue to increase fund balance gradually each fiscal year until we reach the recommended level of fund balance by the rating agencies.

	General Fund Balance (GAAP Basis)

ISSUE PAPER

STAFFING CHANGES FY 2014/2015

A summary of staffing changes for FY 2014/2015 is as follows:

Fire and Emergency Services

- Since Fire and Emergency Services consolidated into a municipal department in 2005, overtime expenditures have consistently exceeded budget. From a budgeting perspective, staff believes this problem is due to a structural deficit. Firefighter staffing is currently at 4 paid staff members per shift. There are two 12-hour shifts per day, 365 days per year. When a shift is vacant (for example: sick leave, vacation leave), the shift is first offered to part-time employees. Part-time employees are compensated at $\frac{3}{4}$ of the rate of a full-time employee. If a part-time employee is unavailable for the vacant shift, it is offered to a full-time employee. Full-time employees earn overtime at 1 $\frac{1}{2}$ times their rates of pay for all hours worked in addition to their regular full-time schedules, which average 42 hours per week. For this budget, we propose the addition of one full-time firefighter year-round and 60 additional part-time firefighter hours per week over 36 weeks (the academic year) to stabilize regular staffing levels. This adjustment would increase the regular salary line but would serve to stabilize overtime expenditures and the need for an annual budget adjustment. This issue is somewhat complex and will be addressed more thoroughly through budget workshops. Budgeted cost to the General Fund: \$32,590.

Library/Information Technology

- Currently, the Library has a part-time Systems Librarian position for 19 hours per week. As technology demands (both internal departmental and patron needs) have grown dramatically in recent years, the need for a full-time Systems Librarian is critical. As such, following the retirement of a para-professional staff member this summer, the Library will reorganize staff in order to fund the Systems Librarian at full-time. This reorganization will not have a negative impact on the Library's hours of operation nor change their number of full-time-equivalent staff members. This reorganization is cost neutral as it is a reallocation of existing resources.

Police

- The Town of Mansfield currently utilizes the Resident Trooper Program to provide police services in Mansfield. Costs associated with the Resident Trooper Program are increasing significantly in the upcoming fiscal year due to the following: some assigned troopers are receiving salary movement; the benefit rate is projected at 92% of salary; and municipalities must now pay for 100% of overtime costs as opposed to 70%. This issue is addressed in greater detail in a separate issue paper of the budget document. Budgeted cost to the General Fund for these changes: \$144,050.

Planning and Development

- Wetlands duties are being transferred to the Planning and Development Department from Engineering. Planning and Development is currently the department responsible for providing staff support to the Planning and Zoning Commission, which also doubles as the Inlands Wetland Agency (IWA). This reorganization of duties will provide the Planning and

Development Director with direct control of the staff person assigned to Wetlands duties, thus improving accountability. It is also anticipated that this reorganization will provide process improvements and customer service efficiencies to wetlands applicants. An existing staff member budgeted at 25 hours per week through the General Fund and 10 hours per week through grant funding will be assigned these duties. When the grant funding expires in February 2015, 10 hours are proposed in this budget through the General Fund in order for the staff member to have sufficient time to perform wetlands duties. Budgeted cost to the General Fund: \$10,070.

Public Works - Administration

- The Public Works Director currently has clerical/administrative support provided by an office assistant working 10 hours per week; this position has been funded through grants and capital projects associated with Storrs Center. As you may recall, the Public Works Director had a full-time administrative assistant prior to the economic downturn. Long-term, the Public Works Director has a need for clerical and administrative support. Sample duties of the office assistant include: processing paperwork associated with capital projects and grants; assisting with preparing agendas, minutes, and packets for the various advisory committees assigned to Public Works; paying invoices for capital and operating expenses; assisting with citizen correspondence; and resolving citizen complaints. Since there is a long-term need for administrative support for the Director, this budget proposes making a modest General Fund contribution to establish more permanent funding for an office assistant while eliminating the Capital Fund contribution; 10 hours per week are proposed in the General Fund. Budgeted cost to the General Fund: \$11,300.

Public Works – Transfer Station/Solid Waste

- This budget proposes a part-time “Swap Shop” attendant to assist with the area at the Transfer Station where usable items are either deposited or retrieved for reuse by residents. This proposal has been reviewed and endorsed by the Solid Waste Advisory Committee. The Swap Shop attendant would be present on days that the Transfer Station is open to the public (Tuesdays, Thursdays, Saturdays). Up until now the Swap Shop has been staffed by a few volunteers with support from the Transfer Station staff. Recruiting and retaining volunteers to assist with the Swap Shop over the years has been difficult. The Swap Shop attendant will help with security, assisting patrons, sorting/disposing/donating items, coordinating volunteers (when available) and keeping the Swap Shop in a clean and safe condition. Cost to the Solid Waste Fund budget: \$9,810.

Senior Center

- A reorganization of Senior Center staff in spring 2014 will have its first full year of implementation during FY 2014/2015. Through staff attrition and an assessment of service needs, positions have been changed. Notably, two new positions have been created: Outreach Social Worker and a Programming Coordinator. The reorganization of staff is expected to provide 400+ additional hours of staff time at the Senior Center on an annual basis, most of which will be direct service. This reorganization is cost neutral as it is a reallocation of existing resources.

Town Manager's Office

- A graduate assistant has been budgeted to assist the Manager's Office with the budgeting process, program evaluation, performance measurements, special projects and research assignments. The graduate assistant would be a second year Masters of Public Administration student, working 15 hours per week from August 22, 2014 – May 21, 2015, or a total of 585 hours over 39 weeks. Prior to the economic downturn, the Manager's Office regularly hosted MPA graduate students in this capacity. Additional cost to the General Fund \$13,250.

Retirements

- The Town expects a number of retirements of long-serving employees in 2014. Departments anticipated to be impacted by retirements are Facilities Management, Fire and Emergency Services, Library, Parks and Recreation, and Public Works.

ISSUE PAPER

RESIDENT TROOPER PROGRAM

In late 2011 the Town conducted a police services study and in 2012 the Town Council subsequently endorsed the alternative to enhance the resident trooper program. The objective of this plan is to increase staffing to 13 troopers as resources allow. The Town did add a trooper in FY 2012/13, bringing us to the current staffing level of nine troopers and one state police sergeant. With ten troopers, we are able to provide limited staffing for all three shifts most days of the year. However, unless we know that we are looking at a period of increased activity, such as fall and spring weekends, we generally do not back-fill shifts when a trooper has a scheduled day off or is away from town for another purpose. This means that there are shifts where there may be only one trooper working from the Mansfield office or that coverage is exclusively provided by Troop C in Tolland. If the Mansfield Resident Trooper's Office did not have the affiliation with Troop C, we would need to backfill these shifts.

Due to cost considerations, I am not recommending an additional trooper for FY 2014/15. Mansfield's budget for police services will increase by \$142,280 or 12.18% for next fiscal year, because of contractual wage increases for state police personnel and an increase in the employee benefits or "fringe" rate charged to participating municipalities. The employee benefits rate for the troopers has increased from 59.08% in FY 2009/10 to an estimated 93% for FY 2014/15. This rate is more than double the fringe benefit rate we pay for municipal firefighters and triple the rate for most Town employees. The increase in the fringe is one of the primary reasons that the average cost of a resident trooper working in Mansfield has increased from \$82,638 to \$109,726, nearly 33%, over a five-year period. At this price point, I am not comfortable recommending an additional trooper for FY 2014/15.

This situation makes it difficult to achieve one of the primary goals of the police services study - to provide limited coverage out of the Mansfield office 24 hours a day, seven days a week, 365 days a year. To satisfy this objective to increase coverage, I recommend that we pursue a few key strategies. One is to continue our work with our state legislators, the Connecticut Conference of Municipalities (CCM) and the Council of Small Towns (COST) to pass legislation that would alleviate the burden of the cost of the resident trooper program. This initiative, if successful, would provide financial relief to all municipalities that participate in the resident trooper program. The second strategy would be to explore other options to supplement staffing, such as the addition of part-time Mansfield officers with a lower fringe benefit liability. A related idea would be to continue to build on our collaborative efforts with the UCONN Police Department, and to review opportunities to enhance mutual aid or to create a small UCONN district for areas adjacent to campus. I understand that this latter suggestion potentially creates some jurisdictional issues that would need to be resolved with the state police command, but I do believe the idea has merit and is worthy of consideration.

ISSUE PAPER

HOUSING AUTHORITY SECTION 8 PROGRAM

The Mansfield Housing Authority is a public agency serving low-to-moderate income residents of Mansfield, Coventry, Ashford, Willington, and Chaplin. The Housing Authority manages Wright's Village, housing for senior and disabled adults located adjacent to the Mansfield Senior Center, Holinko Estates, an apartment complex on Hunting Lodge Road, and the Section 8 Program.

The Section 8 Program provides up to 149 low to extremely low income households with rent subsidies that make otherwise unaffordable housing affordable. All participants are at or below 50% of the median income for Mansfield, while many are below 30% of the median income. In October 2013, 4,000 applications were received to fill 250 slots on the Program waiting list.

Other than rents received from Holinko Estates and Wright's Village, the Housing Authority's revenue comes primarily from the federal government (HUD). HUD funding and fraud recovery are the main sources of revenue used to pay for administrative costs associated with the Section 8 Program. Sample tasks associated with administering the Program include: housing unit inspections; annual re-certifications of program participants; landlord outreach and HUD reporting.

Regrettably, due to Sequestration the federal government's financial support of the Section 8 Program has dramatically decreased in recent years. In 2013, the federal government only provided revenue equivalent to 68% of the administrative costs associated with managing the vouchers. In order to continue to fund the administrative costs associated with the Section 8 Program, the Housing Authority has needed to use its fund balance which is not a sustainable practice for the long-term. To close the funding gap, the Housing Authority is seeking contributions from each of the five member towns. The desired contributions are proportionate to the number of vouchers by town and the gap between revenues and administrative expenditures. The Mansfield Housing Authority is seeking a \$12,000 contribution from the Town of Mansfield that would be used to offset administrative costs associated with managing the Section 8 Program.

Section 8 vouchers are portable after one year. In other words, program participants can use their program vouchers in other communities after one year has passed. However, it is our understanding that a large number of the vouchers remain within the Housing Authority's five member town area.

Due to the lack of federal funds being appropriated for the Program, some Housing Authorities have returned their Section 8 vouchers to the state of Connecticut. Once that occurs, there is no guarantee that those vouchers will then be brought back to the towns for which the vouchers originated.

Another option worthy of exploration with the Housing Authority is regionalization. Partnering and/or contracting with another area housing authority to administer the Section 8 Program may be a way to capture economies of scale, thus reducing administrative costs.

While supportive, management has not built the Housing Authority's request into the Proposed FY 2014/15 Budget as we believe this matter is a policy issue for the Council's consideration.

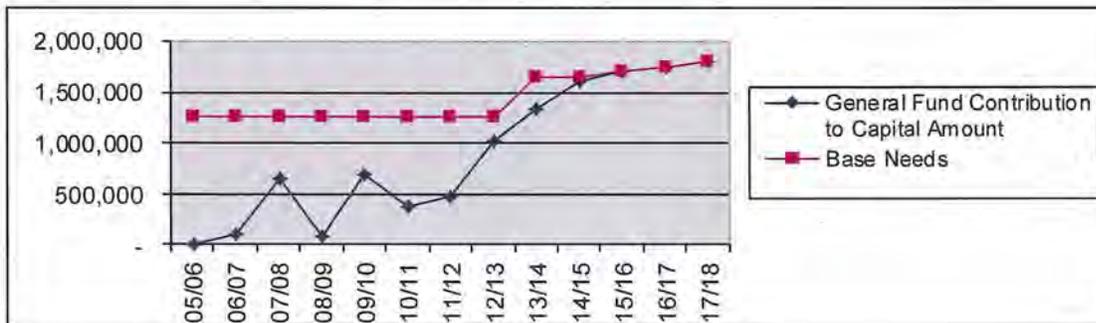

ISSUE PAPER

CAPITAL IMPROVEMENT PROGRAM

As recently as FY 2006/07, the Pequot/Mohegan grant was the largest funding source (nearly 74%) for the Town's capital improvement program (CIP). For the past five years, this grant has averaged approximately \$210,000 or less than 20% of our capital needs.

In FY 2010/11, the Town budgeted \$387,500 as a general fund contribution to the capital projects fund and increased that amount to \$476,000 in FY 2011/12. In FY 2012/13 the Town made significant progress on its multi-year plan to increase the general fund contribution to the capital projects fund in order to make up the loss of Pequot/Mohegan grant monies. Because FY 2012/13 saw some modest new tax revenue and declining high school education expenditures, the Town had the opportunity to make a more substantial investment in our CIP and consequently approved a general fund contribution of \$1,014,210 to the capital projects fund. This allowed the Town to begin to finance all regular, recurring capital projects and initiatives on a *pay-as-you-go* basis, with exceptions for large construction and building projects (e.g. schools, major road projects and other infrastructure) and other significant initiatives. With a *pay-as-you-go* or cash model, it is important to build a base CIP budget that gradually increases over time and to adhere to a replacement schedule for heavy equipment and other expensive items. Under the five-year CIP plan, the Town will increase the base general fund contribution over each of the five years to make this approach truly viable. By moving more quickly to a *pay-as-you-go* financing model, the Town will have a stable funding source for capital needs and be able to replace equipment and infrastructure on a timelier basis, thereby avoiding crisis situations inherent to an aging fleet and older facilities. Furthermore, a *pay-as-you-go* financing model will allow the Town to better manage its debt service and to potentially improve its bond rating, with long-term savings for its taxpayers. The proposed FY 2014/15 budget recommends a general fund contribution to the CIP of \$1,599,880, an increase of \$274,330, including the contribution to the Storrs Center reserve account.

The chart below illustrates how the general fund contribution will increase over the 5-year plan to help finance a more sustainable CIP. As you can see the 5-year period reflects an increase in general fund support to enable us to catch up on our backlog of equipment replacement needs. If the Town is able to adhere to this plan, we project that by FY 2017/18 we will be able return to a stabilized, base general fund contribution of approximately \$1,800,000 per year including \$400,000 of capital contribution for school facilities technology and infrastructure

ISSUE PAPER

STORRS CENTER RESERVE ACCOUNT

In FY 2010/11 the Town established a reserve account to accumulate permitting fees for the Storrs Center development project, and the net tax revenue generated during the tax abatement period for the project. Management is reserving these revenues to cover the one-time costs and the public infrastructure improvements related to the project.

The permitting fees have been appropriated and are being recorded directly into the reserve account. The estimated balance in the reserve account as of June 30, 2015 is \$327,721. The Proposed FY 2014/15 budget reflects the net tax revenues (taxes less the abatement) in the general fund where the marginal and operating costs related to Storrs Center will be charged and also covered by the tax revenues from Storrs Center. The remaining balance is then included as a transfer out to the Storrs Center reserve account in the capital fund, to cover one-time expenditures such as code enforcement activities planned for FY 2014/15. The estimates provided reflect current and planned construction through FY 2014/15.

The breakdown of the activity in the 2014/15 General Fund Proposed Budget is as follows:

Estimated Storrs Center Tax Revenue		\$1,273,300	
Less: Tax Abatement		(715,000)	
Net Taxes		<u>558,300</u>	
Less: Marginal Operating Costs			
Mansfield Downtown Partnership Support	\$ 125,000		
Additional Tax Relief	112,260		
Part-time Firefighter	32,000		
Grounds-keeping	40,900		
Cost of Fire Hydrants	6,500		
Temporary Laborer and Additional Overtime	13,000	329,660	
		<u>329,660</u>	
Balance - Transfer to Storrs Center Reserve Account		\$ 228,640	

The following schedule reflects the activity in the Storrs Center Reserve Account in the Capital Fund from the inception of the account through projections for FY 25/16.

Storrs Center Reserve Account - Fund 400-84103
Estimated Account Balance

	Prior Year Cummulative Actuals	Current Year FY 13/14 Estimated	FY 14/15 Projected	FY 15/16 Projected
Funding Sources:				
Storrs Center Gross Tax Calculation	\$ 190,606	\$ 790,970	\$ 1,273,300	\$ 1,658,000

Ending Account Balance	\$ (42,328)	\$ 187,491	\$ 327,721	\$ 761,931

ISSUE PAPER

SCHOOL BUILDING PROJECT

The Town Council spent a significant amount of time reviewing the recommended School Building Project presented to them by the Board of Education – build two new elementary schools to replace the three existing elementary schools and to do select repairs and alterations to the middle school. On January 23, 2013, the Council unanimously approved the following motion:

1. That the Council not send the proposal for two new schools to a referendum at the present time; and
2. That the issue of repairs to the three elementary schools, as well as the Mansfield Middle School, be referred to the Board of Education, which is within their expertise and jurisdiction, for their prioritization of repairs and improvements needed to maintain the schools.

On February 12, 2013 the Town Council held a special joint meeting with the Board of Education to discuss the council's action and its expectations for the Board. The Council reviewed the reasons behind the decision, including but not limited to, concerns about the cost of the project, particularly during difficult economic times, and whether the proposed project had strong support from the community at-large. The Board provided the Council a list of proposed capital items for both information technology needs and facility repairs and maintenance needs. An allocation of \$200,000 per year for each of these areas over a five-year period was requested, for a total of \$2,000,000, to maintain the schools and provide for technology for the next five years. The Board recommended that by FY 2017/18 the discussion should begin as to whether to make a long-term commitment to the existing elementary schools or to again consider new construction.

On March 11, 2013 the Council discussed the Board's recommendations and passed a motion endorsing the Board's plan for ongoing maintenance for the four school buildings of \$200,000 per year for the next five years and for computer infrastructure of \$200,000 per year for the next five years.

Consequently, the Adopted FY 2014/15 Capital Fund Budget includes \$200,000 for school building maintenance and \$200,000 for school technology infrastructure funded by a transfer from the General Fund, the second year of the planned funding.

Budget Process

Budget Guidelines:

The goal of this budget is to preserve services, promote Council goals and objectives, increase our contribution to fund balance, continue our pay-as-you-go capital program, as well as present a balanced budget – one that ensures that we do not spend beyond our means. At the same time, we must be highly sensitive to the impact on the taxpayer. Therefore, the following guidelines will be used in preparing this budget.

The proposed budget uses the Governor's proposed budget for municipal aid. However, while municipal aid in total is basically being held flat, Mansfield's estimate reflects a nearly \$750,000 reduction in State aid. While we are hopeful that the Legislature will make changes to the proposed budget, we believe the most prudent action at this time is to base the budget on current estimates.

New positions will only be authorized based on demonstrated need. Each department should look primarily to savings from more efficient operating methods if expansion or improvements in services are to be instituted. However, new positions which are grant funded or promote Council goals and objectives or which constitute a clear improvement in service may be approved by the Town Manager. In either instance, it will be necessary to justify the request on the basis of improved workload measurements.

Estimates for contractual services and commodities should be based on prices in effect at the present time, unless the Finance Director provides official notification of a change.

Since the budget is a program of services as well as a financial plan, each department is requested to give special attention to justification on the basis of performance data. This information will give Council and citizens a better yardstick for evaluation and determination of the relative costs and benefits of their municipal services.

Basis of Budgeting:

1. Formal budgetary integration is employed by the Town Council as a management control device during the year for the General Fund, Capital Fund, and Capital and Non-Recurring Reserve Fund, which are the only funds with a legally adopted annual budget. Budgetary comparisons on a legal basis are included in the appropriate financial statements and schedules.
2. Prior to March 1, each department head, office, agency, board or commission of the Town, supported wholly or in part from Town funds, shall submit budget requests in the form requested by the Town Manager so as to indicate the program, activities, and work accomplished in the current fiscal year and to be accomplished during the ensuing year. These shall be accompanied by detailed estimates of expenditures to be made and of revenues other than taxes to be collected during the ensuing fiscal year, along with such other information as may be requested by the Council or the Manager.
3. Based on a schedule approved by the Town Council, the Town Manager shall present to the Council a budget consisting of:

- (a) A budget message outlining the financial situation of the Town government and describing the important features of the budget plan;
 - (b) The budget of the Board of Education as submitted to the Manager, along with whatever analysis or comment the Manager wishes to provide;
 - (c) Statements of the Manager's proposed operating program and expenditures for the Town functions and Town-supported functions, other than those of the Board of Education, along with comparisons of amounts expended in the last completed fiscal year and estimated amounts to be expended in the current fiscal year;
 - (d) Information on amounts of revenue by source, other than property taxes collected, in the last completed fiscal year, estimates for the current year and for the ensuing year, along with information and estimates regarding property tax revenues for the same periods;
 - (e) Statements of the condition and estimated condition of the Town funds and of the debt service obligations of the Town, proposed capital improvements to be undertaken during the ensuing fiscal year or later years, and the proposed methods of financing them;
 - (f) And such other information as will assist the Town Council and the voting residents of Mansfield in deciding on an annual appropriation and a capital improvement program.
4. During the budget adoption process, the Town Council shall hold at least two Town Budget Information Meetings. At least 10 days prior to each meeting, the Town Council shall widely distribute budget information and notices of the meetings. The Town Council shall adopt a proposed budget, including a recommended appropriation act, by May 1.
 5. An annual Town Meeting for budget consideration shall be held on the second Tuesday in May. This meeting shall consider the budget presented to it by the Council and may approve, lower, or raise the budget of any item. If the annual Town Meeting refuses or neglects to adopt a budget, the budget will be returned to the Council for its consideration. The Council shall return the same or a revised budget to a Town Meeting called by the Council for a date no later than ten days after the first meeting. This Town Meeting shall also approve, lower, or raise the budget of any program. Should the Town Meeting then fail or refuse to adopt a budget, the budget appropriation last proposed by the Council shall be in full effect.
 6. The budget approved by the Town Meeting or adopted by the Town Council shall be subject to appeal if:
 - Within 21 days after approval, electors present a petition requesting the budget be repealed and replaced by a substitute budget. The petition shall be in certain form and signed by not less than 2% of the electors as determined by the revised registry list last completed.
 - The Town Clerk determines the petition to be sufficient. If found to be sufficient, the Town Clerk shall so certify to the Town Council within five days after receipt of

the petition. If insufficient, a legal notice shall be placed in a newspaper of general circulation in the Town, and no further proceedings will be necessary.

- After certification, the question shall be submitted to a referendum of eligible voters at the budget Town Meeting. At least 10 days prior to the referendum, the Town Council shall publish notice of the referendum in a newspaper having circulation in the Town. The notice shall state the date and hours the referendum will be held, and the text of the question as it will appear. The referendum shall be held on a Tuesday.
 - A majority of those voting in the referendum vote against the budget.
7. The level of control for all legally adopted budgets (the level at which expenditures may not legally exceed appropriations without Council and/or Town Meeting approval) is at the department level for the General Fund. The Council may make budgetary transfers from one department to another within the General Fund, not to exceed 0.5 percent of the annual budget in any one fiscal year. Transfers or new appropriations in an amount from 0.5 percent to an aggregate amount not to exceed one percent of the annual approved budget in any one fiscal year, may be approved by consecutive actions of the Council and a Town Meeting which shall be called by the Council following its action on the new spending proposal.

An appropriation or transfer of over one percent of the annual budget for an expenditure not provided for in the adopted budget may be approved by consecutive favorable actions of the Council and a referendum of the voters of the Town.

Notwithstanding the foregoing, the Council may approve appropriations without limitation as to amount if such appropriations are to be funded from revenues other than receipt of taxes or proceeds of borrowings authorized pursuant to Sections 406 and 407 of the Charter, unanticipated in the annual budget. The Council is authorized to establish special funds with respect to such appropriations.

8. Except for encumbrance accounting in the General Fund, all budgets are prepared on the modified accrual basis of accounting. Encumbrance accounting, under which purchase orders, contracts, and other commitments are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration. Since the Town intends to honor contracts in process at year-end, encumbrances outstanding at June 30 are reported as assignments of fund balance, since they do not constitute expenditures or liabilities.
9. Except for capital projects, whose budgets remain in effect until completion of the project, even when projects extend more than one year, unencumbered appropriations lapse at year-end.

Budget Highlights
2014/15**

- The proposed Town of Mansfield budget for fiscal year 2014/15, including the Mansfield Board of Education, is \$36,847,734 a 2.7 percent increase over fiscal year 2013/14.
- The proposed General Government portion of the budget has increased by \$469,250, from \$15,203,170 to \$15,672,420, a 3.1 percent increase. The net increase is reflective of an increase of \$274,330 for Capital projects, an increase of \$519,920 for operating expenses and decrease in the contribution to debt of \$325,000.
- The proposed Mansfield Board of Education portion of the budget has an increase of \$487,154 or 2.4 percent.
- The estimated Region 19 Board of Education proportionate share for the Town of Mansfield \$10,063,990 has increased .6 percent. This is reflective of an increase in Mansfield student enrollment compared to total enrollment.
- The total tax rate needed to fund both the Town of Mansfield budget and the Region 19 budget (Mansfield's General Fund share) and a \$100,000 increase to fund balance as proposed is 28.71 mills. The mill rate would increase by .76 mills.
- The impact on the median single family home assessed at \$169,900 would be \$129.
- The Grand List has increased by 2.46 percent, from \$1,011,715,713 to \$1,036,651,539. After adjustments for the Storrs Center abatement and new tax-exempt property, the taxable Grand List reflects an increase of 1.5 percent to \$1,011,625,288.
- The combined budget for the Town General Government, Mansfield Board of Education and Contribution to Region 19 would increase from \$45,896,844 to \$46,911,724 or by 2.2 percent.

**Town of Mansfield
Budget in Brief
Significant Features - Expenditures**

Description	FY 13/14 Amended	FY 14/15 Proposed	Increase or (Decrease)	%
GENERAL GOVERNMENT	\$2,486,035	\$2,332,365	(\$153,670)	(6.2)

General Government proposes a net decrease of \$153,670. This is primarily due to a decrease in energy costs reflective of energy improvement projects paid off in prior years. Membership in Capitol Region Council of Governments is included in Municipal Management. In prior years the membership with Windham Region Council of Governments was included in Contributions to Area Agencies.

PUBLIC SAFETY	\$3,302,980	\$3,532,325	\$229,345	6.9
---------------	-------------	-------------	-----------	-----

The increase in Public Safety of \$229,345 is primarily due to the increase cost of the Resident State Trooper program of \$144,050 and an increase in the cost of Fire Services of \$76,110. The increase in the State Trooper program is for step increases and an increase in the benefit rate charged for the troopers. The increase in fire services is reflective of a proposed increase for the Volunteer Incentive Program (\$21,225), net increase in salaries (\$32,590), increase for vehicle parts and repairs (\$8,000).

PUBLIC WORKS	\$2,080,645	\$2,053,800	(\$26,845)	(1.3)
--------------	-------------	-------------	------------	-------

The net decrease in Public Works of \$26,845 is reflective of a \$15,750 decrease in Administration salaries, an increase of \$31,040 for road services' salaries from the reclassification of laborers to truck drivers, increase for part-time administrative support for engineering of \$11,300 and a decrease in gasoline and diesel fuel of \$82,110.

COMMUNITY SERVICES	\$1,545,390	\$1,572,960	\$27,570	1.8
--------------------	-------------	-------------	----------	-----

The increase in Community Services of \$27,570 is reflective of revised staffing for the Human Services Division as detailed in the Staffing Changes Issue Paper.

**Town of Mansfield
Budget in Brief
Significant Features – Expenditures (Continued)**

Description	FY 13/14 Amended	FY 14/15 Proposed	Increase or (Decrease)	%
COMMUNITY DEVELOPMENT	\$536,140	\$557,270	\$21,130	3.9

The increase of \$21,130 for Community Development is due to an increase of \$6,720 for Economic Development and a reduction in Planning & Zoning salaries chargeable to grants

TOWN-WIDE EXPENDITURES	\$2,480,020	\$2,872,830	\$392,810	15.8
------------------------	-------------	-------------	-----------	------

The increase in Town-wide Expenditures of \$392,810 is made up of an increase in the cost of Employee Benefits (\$205,910), most notably an increase of \$150,290 for health insurance, and an increase in contingency of \$176,860 for cost of living adjustments for unsettled contracts and unanticipated expenses.

OPERATING TRANSFERS OUT	\$2,771,960	\$2,750,870	(\$21,090)	(0.8)
-------------------------	-------------	-------------	------------	-------

The decrease in Operating Transfers of \$21,090 reflects the net change from the addition of a transfer to the Cemetery Fund of \$36,000, the addition of a transfer to the revaluation account of \$25,000, an increased transfer for Capital expenditures of \$274,330, a reduction in the transfer for debt service payments of \$325,000 and a reduction in the OPEB contribution of \$38,000.

MANSFIELD BOARD OF EDUCATION	\$20,688,160	\$21,175,314	\$487,154	2.35
------------------------------	--------------	--------------	-----------	------

The Board of Education adopted a budget of \$21,175,314, an increase of \$487,154. This is reflective of contracted salaries increases, an increase in the cost of employee benefits offset by a number of staffing reductions, and a reduction in the cost of energy.

GUIDE TO THE BUDGET

Guide to the Budget

Introduction to the Budget Document

The annual budget is comprised of legally required budget information as well as a significant amount of additional information that may be helpful to the reader in understanding the full scope of the activities for which the town government is responsible. It is a dynamic document that has four primary functions:

- It is a **policy document** because it sets a coherent statement of entity wide short- and long-term financial policies.
- It is a **financial plan** which provides an overview of the resources and spending budgeted by the Town.
- It is a **communications device** which informs about significant budgetary issues conveyed in an easy to read format.
- It is an **operations guide** which describes services or functions with efficiency and effectiveness measures.

The Budget as a Policy Document:

As a policy document, the budget indicates what services the Town of Mansfield will provide for the upcoming fiscal year. It provides goals and objectives, and accomplishments for each department within the organization which are based on the short- and long-term goals and financial policies set forth by the Town Council. The details of these policies and goals are included later in this section.

The Budget as a Financial Plan:

As a financial plan, the budget outlines the costs of services and how they are funded. The revenue and expenditure sections provide an overview of the funding sources and the services they support. Detail of all expenditures, including Capital Improvement projects, is presented by division and department following the summaries.

The Budget as a Communications Device:

As a communications device, the budget is designed to be an easy to read document with summary information in the form of text, graphs and charts. It begins with a table of contents to provide a listing of sections in the order in which they appear in the budget. The budget begins with a message from the Town Manager which outlines the overall budget and includes budgetary issues, trends and choices. The Guide to the Budget provides an overview of the Town, its mission statements, its personnel, services, policies and budget process. The Statistical section includes supplemental information that is relevant to the Town. A glossary of financial budget terms can be found at the end of the budget and has been provided as a reference guide.

The Budget as an Operations Guide:

As an operations guide, the budget shows how the departments are organized in order to provide services that will be delivered to the community. It is organized into the five major functions with an organizational chart and overview of their total budget followed by a detailed budget, goals and accomplishments for each department. Following the operating budgets are sections for the Capital Improvement Program, Special Revenue Funds, Debt Service, Proprietary Funds, and Trust Funds. Also included are the operating budgets for the Eastern Highlands Health District, Mansfield Discovery Depot and the Mansfield Downtown Partnership.

The major portion of information contained in this budget deals with the Town of Mansfield General Government operations. However, the total expenditures which must be funded also include the costs of the Mansfield Board of Education and Mansfield's proportionate share to fund the Region 19 School District. More complete details of both Boards of Education budgets can be found in the budget documents prepared by those entities.

Format of the Budget Document

The budget is divided into the following sections:

Budget Message Section:

This section includes the budget message which provides budget highlights and an overview of revenues and expenditures. The issue papers describe any major issues and options facing the Town.

Budget in Brief:

This section contains significant revenue and expenditure features of the budget, the estimated tax warrant and the estimated changes in fund balance.

Guide to the Budget:

This section provides information on the budget document, how to use it and where to find information. It also provides an overview of the Town, its history, organization, staffing and policies.

Revenue and Expenditure Summaries:

This portion of the budget document is organized by the major functions of government (General Government, Public Works, Public Safety, etc.) and within functions by activities or programs (Legislative, Municipal Management, etc.). Within each program, information is provided on

specific categories of expenditure (salaries, supplies, services, etc.) for the expenditure budget and specific sources of revenue for the revenue budget.

The revenue and expenditure summaries aggregate revenues by source and activity and expenditure by object and activity.

Town Departmental Activities:

This section of the budget deals with the major functions of government and within those functions the individual departments (cost centers or programs). Within each program are the specific classes of expenditure. The expenditure data is accompanied by narrative describing the program and the changes therein.

The Capital Program:

This section deals with the Town's Capital Budget for the coming fiscal year and the Capital Improvement Program for the ensuing four years. Included in the Capital Program is the Capital and Non-Recurring Reserve Fund which is used to accumulate funds for capital projects, and other programs which are of a one-time nature, or can be phased out over a relatively short period of years.

The Capital Projects Fund defines its programs by the major functions of government (General Government, Public Works, Public Safety, etc.)

The Capital Nonrecurring Fund defines its programs by the recipient of the fund transfer (Debt Service Fund, Property Tax Revaluation Fund, etc.)

The Budget Resolutions:

This section deals with the legislative actions necessary for the Town Council to formally forward the General Fund Budget, Capital Fund Budget, and Capital Nonrecurring Fund Budget on to the Annual Town Meeting for Budget Adoption.

Other Operating Funds:

This section of the budget contains information on the other major funds of the government.

Statistical Data:

This section of the budget provides important background information for the reader, including miscellaneous statistics, historical data, principal taxpayers, and a glossary of terms.

Description and History of the Town

The Town of Mansfield encompasses approximately 45.1 square miles. The Town is bounded on the east by Chaplin, on the north by Willington and Ashford, on the south by Windham, Lebanon, and Columbia, and on the west by Coventry. The Town of Mansfield was first settled in 1692 as part of Windham. In October 1702, the Connecticut General Assembly granted a charter of incorporation to the Town of Mansfield, which was formed out of Windham.

The Town operates under the provisions of its Charter and the General Statutes of the State of Connecticut. Since 1970, when the Town established the Town Manager/Council form of government, the legislative power of the Town is vested in a nine-member council, elected at large for terms of two years, and the Town Meeting. The Mayor is elected by majority vote of the council. The Town Manager, who is the chief executive officer, manages the operations of the Town. The Town Manager appoints department heads. The Town Manager and the Director of Finance are responsible for the financial management of the Town.

The Town hosts the University of Connecticut's main campus. The University is a land grant University that was founded in 1881 as Storrs Agricultural School. With over 4,000 employees, the University is a major employer for the Town and the surrounding region.

The Town of Mansfield provides a full range of services, including police and fire protection; the construction and maintenance of highways, streets, and other infrastructure; education, pre-kindergarten through eighth grade and high school through the Regional School District No. 19; human services including a day care center, a youth service bureau and a senior center; public health services through the Eastern Highlands Health District; recreation services and adult education including a community center; library services; and affordable housing through a Town housing authority.

Town Organization

The Town administration is organized by five major functions:

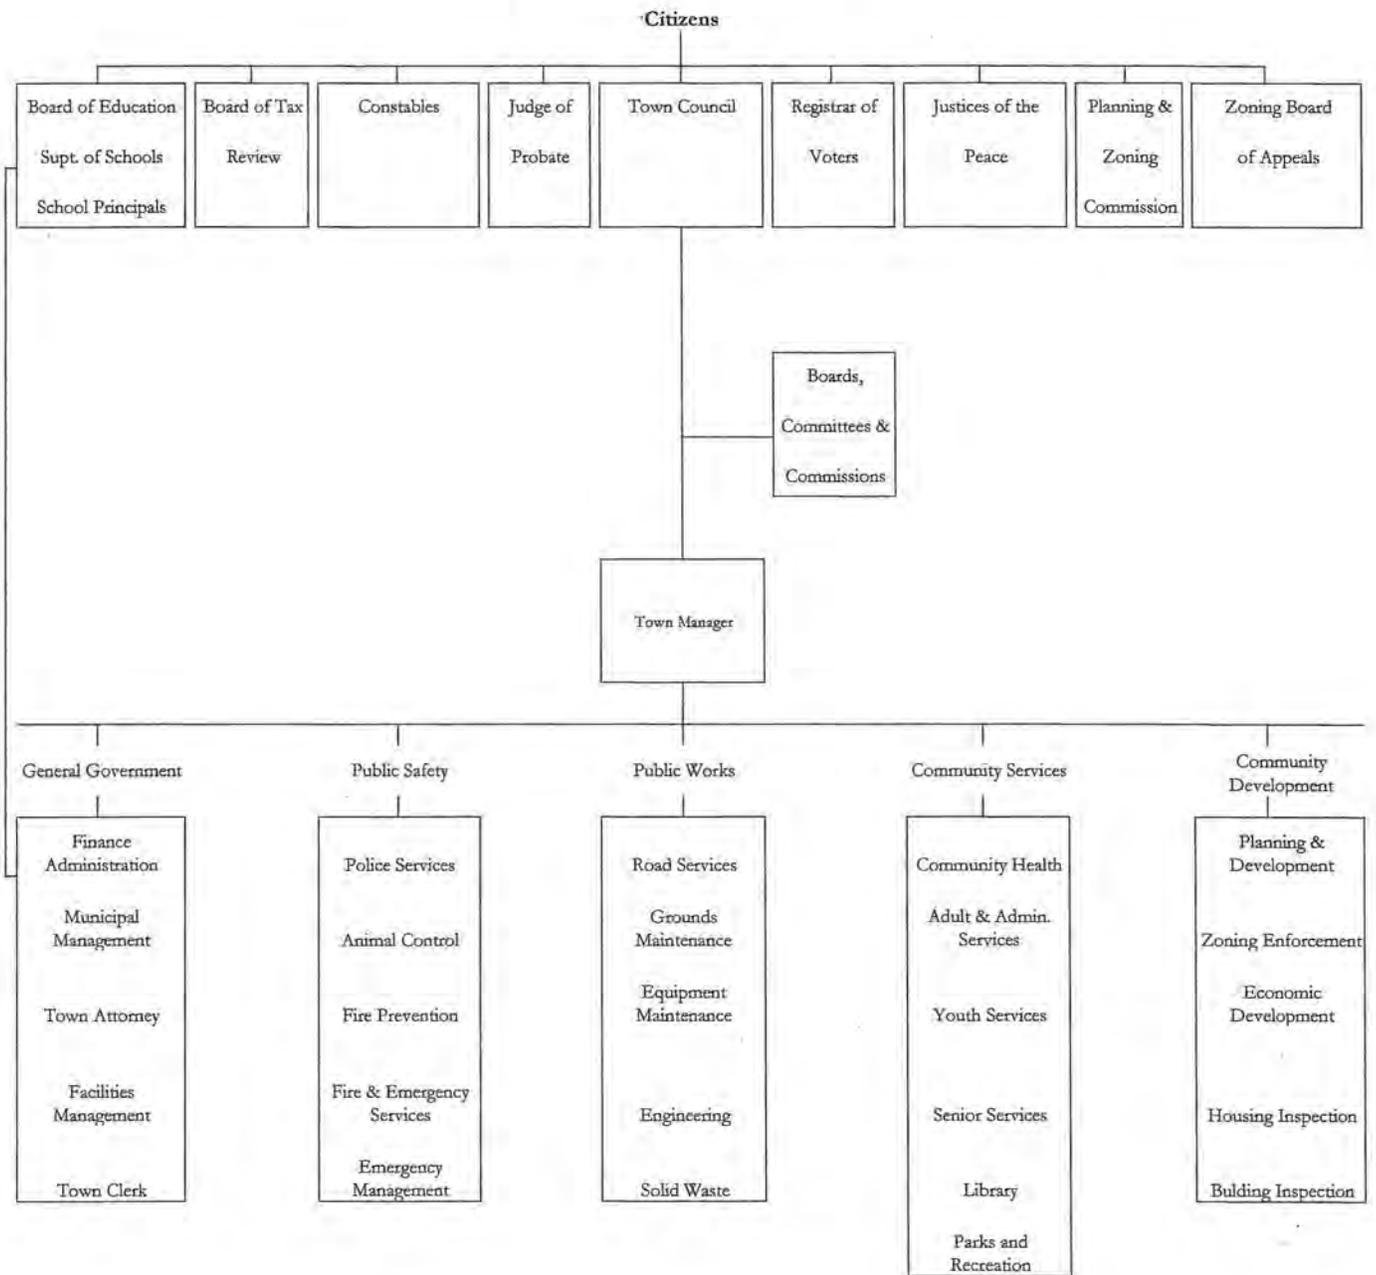

- **General Government** - Mission: To maintain a level of management excellence that will achieve the most efficient and effective use of the resources allocated to municipal government for the benefit of the citizens of the Town of Mansfield.
- **Public Safety** - Mission: To create an environment in which people can move about safely and feel confident that they and their property are protected from harm, through programs that reduce crime and fire, provide emergency medical services to the sick and injured, and minimize the impact of technological and natural disaster.

- **Public Works** - Mission: To support and assure the balanced development, improvement and protection of the physical resources of the Town of Mansfield and to provide for the operation, maintenance and repair of the Town's infrastructure.
- **Community Services** - Mission: To plan and assist in the development and maintenance of harmonious personal relationships between residents and groups and to improve and enrich the lives of our citizens through activities, programs and facilities designated to foster creativity, help resolve and prevent problems, provide healthy recreational activity and build cultural and aesthetic appreciation.
- **Community Development** - Mission: To provide residents and stakeholders with a community that promotes and protects public safety, health and welfare, environmental quality, encourages economic activity and full employment, rewards creative enterprise, fosters full citizen participation and offers the means to realize the other goals herein.

Education Organization:

The public schools of Mansfield consist of three elementary schools for students in grades pre-kindergarten through fourth grade and a middle school for grades five through eight. The District is governed by a nine-member Board of Education that meets the second and fourth Thursday evenings of the month at the municipal building.

**Town of Mansfield
Fund Structure
For Legally Adopted Budgets**

Description of Funds

Fund Categories

1. Governmental Funds – Budgetary and Accounting Basis

The budgeting and accounting policies of the Town of Mansfield conform to generally accepted accounting principles as applicable to government units. The modified accrual basis of accounting is followed by the governmental funds and expendable trust and agency funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are generally recognized under modified accrual accounting when the related fund liability is incurred.

Those funds included in this category are:

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is legally adopted by resolution at the annual Town Meeting.

SPECIAL REVENUE FUNDS

Capital Nonrecurring Fund - This fund was established pursuant to Connecticut State Law as a reserve fund for future capital projects and other nonrecurring expenditures. This fund is legally adopted by resolution at the annual Town Meeting.

Recreation Program Fund - This fund was established to record the activity of various recreation programs sponsored by the Town.

Other Operating Funds - Miscellaneous programs of the Town are account for in this fund.

Town Aid Road Fund - The administration of the State of Connecticut Department of Transportation Town Aid Road program is controlled through this fund.

Debt Service Fund - The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest and related costs.

Capital Projects Fund - The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds).

This fund is legally adopted on a project length basis by resolution at the annual Town Meeting. Any such project shall be deemed to have been abandoned if three years shall elapse without any expenditure or encumbrance of the appropriation.

2. Proprietary Funds – Budgetary and Accounting Basis

The Town's Proprietary Funds apply all GASB pronouncements, as well as the following pronouncements issued before November 30, 1989, unless they contradict GASB pronouncements: Statements and Interpretations of the Financial Accounting Standards Board, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedures.

The funds included in this category are:

ENTERPRISE FUNDS – Enterprise Funds are used to account for operations that (a) are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

UConn Sewer Operating Fund – To account for water and sewer services provided by the University of Connecticut to certain residents of the Town. All activities necessary to provide services are accounted for in this fund.

Willimantic Sewer Operating Fund – To account for sewer services provided by the Willimantic Water Company to certain residents of the town. All activities necessary to provide such services are accounted for in this fund.

Solid Waste Disposal Fund – To account for solid waste management for the Town. All the activities necessary to provide such services are accounted for in this fund. It is the intention of management that disposal fees will pay the cost of the tipping fees at the various disposal sites in use.

Transit Services Fund – To account for the transit services provided by the Town. All activities necessary to provide such services are accounted for in this fund. In addition to payments made to the Windham Regional Transit District for services they provide, all services provided at the Nash-Zimmer Transportation Center and the Storrs Center Parking garage are accounted for in this fund.

INTERNAL SERVICE FUNDS – Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the governmental unit and to account for risk financing activities as allowed by GASB Statement No. 10.

Health Insurance Fund – To account for the provision of Health Insurance for the Town. All activities necessary to provide such coverage are accounted for in this fund.

Workers' Compensation Insurance Fund – To account for the provision of Workers' Compensation Insurance for the Town. All activities necessary to provide such coverage are accounted for in this fund.

Management Services Fund – To account for the provision of certain land, buildings, equipment and related supplies which benefit Town departments and schools.

3. Fiduciary Funds – Budgetary and Accounting Basis

Those funds included in this category are:

Trust and Agency Funds – Trust and Agency Funds are used to account for assets held by the Town in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These include Nonexpendable Trust, Pension Trust and Agency Funds. Nonexpendable Trust and Pension Trust Funds are accounted for in a manner similar to private business enterprises. Agency Funds are accounted for in essentially the same manner as Governmental Funds.

NONEXPENDABLE TRUST FUNDS

Those funds included in this category are:

Cemetery Fund – This fund is used to account for revenues and expenses dealing with the operation of all the active and inactive cemeteries in Town.

4. Component Units/Jointly Governed Organizations

a. Mansfield Discovery Depot, Inc.

This component unit records the operations of a day care center, which is funded by a grant received from the State of Connecticut Department of Social Services, parent fees and other local revenues. The budgeting and accounting policies of the day care agency conform to generally accepted accounting principles as applicable to government units. The modified accrual basis of accounting is followed by the governmental funds and expendable trust and agency funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are generally recognized under modified accrual accounting when the related fund liability is incurred.

b. Eastern Highlands Health District

The Town of Mansfield and three other local municipalities each appoint a member to the governing board of Eastern Highlands Health District, which provides health services to member towns. The budgeting and accounting policies of the district conform to generally accepted accounting principles as applicable to government units. The modified accrual basis of accounting is followed by the governmental funds and

expendable trust and agency funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are generally recognized under modified accrual accounting when the related fund liability is incurred.

c. Mansfield Downtown Partnership

The Mansfield Downtown Partnership is an independent, non-profit organization comprised of the Town of Mansfield, the University of Connecticut, and individual business members and residents. The Partnership has been working tirelessly with master developer Leyland Alliance to create a mixed-use, pedestrian-oriented downtown for Mansfield, Storrs Center. The budgeting and accounting policies of the Partnership conform to generally accepted accounting principles as applicable to government units. The modified accrual basis of accounting is followed by the governmental funds and expendable trust and agency funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are generally recognized under modified accrual accounting when the related fund liability is incurred.

Financial Planning Framework

Mansfield 2020: A Unified Vision Strategic Plan

This strategic planning initiative was initiated by the Mansfield Town Council in cooperation with residents and stakeholders to identify a strategic direction for the future. In addition to articulating the desired future, the plan would also establish the basis for decision making and resource allocation by the Mansfield Town Council and member of the community to the year 2020. The process resulted in a unified vision and priority vision points.

Unified Vision

Mansfield is a vibrant, diverse and caring community that offers its residents and the region unique cultural, recreational and educational opportunities. Known for its excellent public schools, community-wide events, inclusive and efficient government, working farms and protected open spaces, the town is home to the main campus of the University of Connecticut. Principles of sustainability guide zoning and development, preserving the town's historic character and providing for economic vitality.

Mansfield is a proud historic community: A great place to live, work and play.

Priority Vision Points

K – 12 Education and Early Childhood Development

Mansfield provides high quality, holistic education for all children/youth in town while celebrating the individuality of each child. Funding for education has broad support from the community.

Historic and Rural Character, Open Space and Working Farms

Mansfield's cultural history together with its woodlands, open fields, and working farmlands, remain an integral part of the Town's character providing locally produced food, abundant

Priority Vision Points (continued)

wildlife habitat, scenic views and inviting recreational opportunities. Through collaboration with the University of Connecticut and the Connecticut Department of Agriculture, Mansfield is known as an incubator site for a growing number of entrepreneurial farms and farmers.

Housing

Mansfield has varied types of affordable and accessible housing that meets the needs of everyone, especially families, working adults, seniors and students.

Public Safety

Mansfield's public safety services—police, fire and EMS—have appropriate resources to serve the present and future needs of the community. The community emphasizes the protection of life and property, and the importance of regional partnerships, volunteering and community policing.

Recreation, Health and Wellness

The Town of Mansfield has a variety of quality recreation facilities and programs that build a sense of community and citizen health and wellness. The community center is a key asset that promotes health, fitness and well being. Outdoor parks and facilities assist in this effort. These resources provide safe, affordable and accessible places to enhance the quality of life of people of all ages and socioeconomic levels.

Regionalism

Mansfield is a leader in developing regional strategies for addressing common concerns such as public works and infrastructure, public health and safety, education, economic development, transportation, natural resources, housing, health and recreation. Shared resources and expertise and other cooperative efforts lead to economies of scale, preservation of resources, and improved quality of life.

Priority Vision Points (continued)

Senior Services

Through public and private efforts, Mansfield provides a continuum of care services such as: housing, transportation and in-home care to create an optimal quality of life for an aging population.

Sustainability and Planning

Principles of sustainability guide the decisions, policies and regulations of the Town government and its regional partners. In order to achieve quality of life and economic prosperity for current and future generations, Mansfield protects and conserves land and water resources, reduces harmful emissions by promoting green transportation and energy, and plans for development that coexists with infrastructure, social and environmental resources.

University/Town Relations

Mansfield, home to the University of Connecticut main campus, has built an enviable college-town community. Mansfield has established and maintained a good relationship with UConn through many cooperative ventures and partnerships including sustainable environmental and economic partnerships.

Financial Planning Framework (Continued)

Town Council Goals – 2014/15

1. Establish policies, procedures, relationships and infrastructure that support a vibrant, diverse and sustainable business community in Mansfield.
2. Maintain high quality, holistic education for all of Mansfield's youth while celebrating the individuality of each child.
3. Responsibly manage available financial resources to maintain quality services that are responsive to community needs.
4. Work with stakeholders to preserve and maintain open space and viable working farms.
5. Improve quality of life for all residents and stakeholders regardless of (dis)abilities, gender, race, religion, ethnicity, or socio-economic status.
6. Provide a range of quality services for quality living.
7. Embrace sustainability as a principle in decision making.

Mansfield Public Schools: Board of Education Goals – 2013/2014

1. **Help each student to be a confident and successful learner through differentiated instruction and support. Monitor student progress to ensure growth.**
 - a. Engage and motivate each student.
 - b. Improve the mathematics, reading, science, and writing skills of each student to support college and career readiness.
 - c. Promote the cognitive, social, and emotional development of each student.
 - d. Support the full breadth of the district's programs, systematically review program offerings, and explore expanding programs.
 - e. Provide positive school climate through positive behavior support systems and encouraging character development to ensure student safety, health, physical, and emotional well-being.
 - f. Increase engagement and participation of parents/guardians in the education of their children.
 - g. Encourage the civic engagement of students.
 - h. Align our current Language Arts/ Reading, Science and Mathematics curriculum with the Common Core State Standards (CCSS).
 - i. Integrate current technology into the instructional program to extend student learning of subject matter and appropriate use of technology.
 - j. Explore additional support services for students in need of community and/or health services.
 - k. Ensure all student transitions within and between environments are supported and successful.
 - l. Incorporate curricula that investigate energy use and environmental issues.

Mansfield Board of Education Goals - 2013/2014 (Continued)

- 2. Attract, support, and retain qualified, motivated, and diverse professional staff.**
 - a. Facilitate and encourage a positive, professional learning community.
 - b. Recognize teacher and staff effort and success regularly.
 - c. Foster a climate of mutual respect at all levels.
 - d. Maintain quality educational programs at multiple sites while adjusting staff levels and resources despite any changes in overall enrollment.
 - e. Support current and future school/district leadership to maintain and surpass current levels of student achievement.
 - f. Implement, with input and collaboration from certified staff, an effective professional development and evaluation program that supports the development of confident student learners and encourages the continued growth of all staff.
 - g. Provide regular opportunities for all staff to share feedback about the effectiveness of the district's programming.

- 3. Monitor the District's quality and efficiency of facilities, sufficiency of space, level of security, adequacy of maintenance, and efficiency of student transportation.**
 - a. Communicate quarterly with Town Council about ongoing needs for infrastructure, security, and technology.
 - b. In collaboration with the Town Council, develop and implement a long-term plan, supported by voters, to address prek-8 building needs.
 - c. Implement the improved school security and technology recommendations as approved by the Board.

- 4. Increase the effectiveness of the Board of Education.**
 - a. Invest time and effort in Board members' learning and development.
 - b. Celebrate and acknowledge student achievements at Board meetings and other venues.
 - c. Foster and encourage communication between the Board and the communities it serves.
 - d. Collaborate with community members and organizations that support the District's students; including Mansfield Youth Services Bureau and Mansfield Advocates for Children.
 - e. Examine evidence regarding school readiness and review prekindergarten educational opportunities for Mansfield children.
 - f. Meet regularly with our state legislators.

Mansfield Board of Education Goals - 2013/2014 (Continued)

5. Plan for long-term fiscal sustainability.

- a. Advocate for continued Education Cost Sharing which supports current programming and develop a plan to address any change to current funding level.
- b. Continue to explore partnerships with other groups to maximize program effectiveness while containing costs.
- c. Investigate alternative revenue, including public and private funding sources and grant opportunities.
- d. Continue to educate ourselves and the public at large on long-term financial ramifications of balancing board goals and priorities.

Fiscal Performance Goals

The Fiscal Performance Goals adopted by the Town Council on March 9, 1987 as amended November 25, 1996 represent an effort to establish written policies for guiding the Town's financial management practices. These goals are not intended in any way to limit the authority of the Council to act, but rather to form a framework within which to make financial decisions and to monitor financial activity in a consistent manner. The adoption of these goals will not restrict the Town Council's ability and responsibility to respond to emergency or service delivery needs above or beyond the suggested limitations herein established.

1. Financial Reporting Performance Goals

- a. A policy of full and open disclosure of all financial activity will be adhered to.
- b. Records will be maintained on a basis consistent with accepted municipal accounting standards.
- c. The Director of Finance will prepare monthly, quarterly and annual financial reports, presenting a summary of financial activity by major types of funds and programs.
- d. The Comprehensive Annual Financial Report will be prepared in conformity with generally accepted governmental accounting principles and financial reporting practices.
- e. An independent public accounting firm will be employed to perform an annual audit of all Funds, Authorities, Agencies and Grant Programs, and the annual audited report will be made available to the general public, bond and financial consultants, and other interested citizens and organizations. The audit will be completed and submitted to a Town Council within one hundred fifty (150) days of the close of the Town's fiscal year.

2. Reserve Performance Goals

- a. A contingency account will be established annually in the operating budget to:
 - 1) provide for settlement of pending labor contract negotiations;
 - 2) provide for temporary funding of unforeseen needs of an emergency or nonrecurring nature;
 - 3) permit orderly budgetary adjustments when revenues are lost through the action of other governmental bodies;
 - 4) provide the local match for public or private grants;
 - 5) meet unexpected small increases in service delivery costs.

Fiscal Performance Goals (continued)

- b. The contingency account will be budgeted at a level sufficient to provide for settlement of pending labor contract negotiations plus an amount not to exceed one half of one percent (.5%) of the proposed Town budget. The Town's budget will be amended at the time such contingency funds are committed. The contingency account will be separate from the carryover fund balance.

3. Capital Improvements Performance Goals

- a. Capital improvements will be based on long-range projected needs rather than on immediate needs, in order to minimize future maintenance, replacement and capital costs.
- b. All capital improvements should be made in accordance with the Town's five-year capital improvement program. The capital improvement program shall be revised annually.
- c. The development of the capital improvements program will be coordinated with the operating budget in order to maintain a reasonably stable total tax levy.
- d. Before submission to the Town Council, the Town Manager will identify the estimated cost and potential funding sources for each capital project proposed. Future operating costs associated with a proposed capital improvement will be estimated before a decision is made to implement a project.
- e. Federal, State and other intergovernmental and private funding sources will be sought out and used as available to assist in financing capital improvements.

4. Investment Performance Goals

- a. A cash flow analysis of all funds will be developed on a regular basis. Collections, deposits and disbursement of all funds will be scheduled in a way as to ensure maximum cash availability.
- b. Where permitted by law, cash from separate funds and sources will be pooled to maximize investment yields. Interest will be credited to the General Fund except where prohibited by law or where the source of the cash is from an individual or corporation to insure performance. Interest will be credited to the Capital and Nonrecurring Expenditure Fund (CNR) on cash held in the CNR Fund and the Capital Fund. The interest income will be used for future capital projects or debt service.
- c. Investment policy will be consistent with State law and will provide for security of principal as well as needed liquidity.

5. Debt Performance Goals

- a. Long-term debt will be limited to those capital improvements that should not be financed from current revenues.
- b. The maturity date for any debt will not exceed the reasonably expected useful life of the project so financed.
- c. The total direct general obligation debt will not exceed three percent (3%) of the full assessment value of taxable property.
- d. As a means of further minimizing the impact of debt obligations of the taxpayers:
 - 1) long-term net debt will not exceed \$500 per capita;

Fiscal Performance Goals (continued)

- 2) these limitations will not apply to any debt incurred for emergency purposes.
- e. The issuance of Bond, Tax and Revenue Anticipation Notes will be avoided.
- f. Special assessments, revenue bonds and/or any other available self-liquidating debt measures will be used instead of general obligation bonds where and when possible and applicable.
- g. An official statement will be prepared to be used in connection with all sales of bonds and notes.
- h. Good relations will be maintained with financial and bond rating agencies and a policy of full and open disclosure on every financial report and bond prospectus will be followed.

6. Operating Expenditures Performance Goals

- a. The Town Manager will propose and the Town Council will adopt and maintain a balanced budget in which expenditures will not be allowed to exceed reasonable estimated resources and revenues.
- b. All current operation and maintenance expenses will be paid from the current revenue sources.
- c. The operating budget will provide for the adequate maintenance of capital assets and equipment.
- d. The budget will provide for adequate funding of all employee benefit programs and retirement systems.
- e. A budgetary control system will be maintained to enable adherence to the adopted budget. This will include a record keeping system to be adhered to by all programs and activities receiving annual Town Council appropriations.
- f. A system of regular monthly fiscal reports comparing actual revenues and expenditures to budgeted amounts will be prepared and maintained.
- g. An effective risk management program to minimize loss and reduce costs will be developed and implemented. The Town Manager will ensure that adequate insurance programs are in place, including unemployment and workers' compensation insurance.
- h. Delivery of services by other public and private organizations will be encouraged whenever and wherever greater efficiency and effectiveness can be expected. Technology and productivity advancements that will help reduce or avoid increasing personnel costs as a proportion of the total budget, to use available resources more productively and creatively, and to avoid duplication of effort and resources.
- i. A Reserve Fund for Capital and Nonrecurring Expenditures will be maintained and will be adequately funded each year by a transfer from the General Fund Budget and by unanticipated one-time revenues.

7. Revenue Performance Goals

- a. A diversified and stable revenue system will be maintained as protection from short-run fluctuations.
- b. Annual revenues will be estimated on an objective and reasonable basis. The Town Manager will develop a method to project revenues on a multi-year basis.

Fiscal Performance Goals (continued)

- c. One-time or special purpose revenues will be used only for capital expenditures or for expenditures required by the revenue and not to subsidize recurring personnel, operation or maintenance costs.
- d. All user charges and fees will be annually re-evaluated at a level related to the cost of providing the services.
- e. Appropriate expansion and diversification of the tax base will be encouraged and additional Federal and State revenues will be sought in order to reduce the reliance on the property tax as it affects individual homeowners.

Fund Balance Policy (Adopted 8/27/2012)

Purpose

The purpose of this policy is to set guidelines for fund balance to ensure financial security through the maintenance of a healthy reserve fund. The primary objective is to maintain a prudent level of financial resources to protect against reducing service levels or raising taxes and fees due to temporary revenue shortfalls or unpredicted one-time expenditures. The Town also seeks to maintain the highest possible credit ratings which are dependent, in part, on the Town's maintenance of a healthy fund balance.

General Policy

The following fund type definitions will be used in reporting activity in the governmental funds for the Town:

- General Fund is used to account for all financial resources not accounted for and reported in another fund.
- Special revenue funds are used to account and report the proceeds of *specific revenue sources* that are *restricted* or *committed* to expenditure for *specific purposes* other than debt service or capital projects.
- Debt service funds are used to account for all financial resources restricted, committed or assigned to expenditure for principal and interest.
- Capital projects funds are used to account for all financial resources restricted, committed or assigned to expenditure for the acquisition or construction of capital assets.
- Permanent funds are used to account for resources restricted to the extent that only earnings, and not principal, may be used for purposes that support the Town's needs.

Fund Balance is essentially the difference between the assets and liabilities reported in a governmental fund. There are five separate components of fund balance, each of which identifies the extent to which the Town is bound to honor constraints on the specific purpose for which amounts can be spent.

- Non-spendable fund balance (inherently non-spendable, i.e. inventory)
- Restricted fund balance (externally enforceable limitations on use, i.e. grants)
- Committed fund balance (self-imposed limitations on use)

Fund Balance Policy (continued)

- Assigned fund balance (limitation resulting from intended use)
- Unassigned fund balance (residual net resources)

The first two components listed above are not addressed in this policy due to the nature of their restrictions. This policy is focused on the last three components comprising the unrestricted fund balance.

Provisions

The Town will strive to maintain an unrestricted fund balance of seventeen (17) percent of the General Fund operating budget, with up to two (2) percent of the General Fund operating budget accounted for in unrestricted fund balance of other governmental funds. Any year-end operating surpluses will revert to unassigned fund balance for use in maintaining reserve levels.

1. Committed Fund Balance

The Town Council, as the Town's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by the formal actions taken, such a majority vote or resolution. These committed amounts cannot be used for any other purpose unless the Town Council removes or changes the specific use through the same type of formal action taken to establish the commitment. Town Council action to commit fund balance needs to occur within the fiscal reporting period, no later than June 30th; however, the amount can be determined subsequent to the release of the financial statements.

2. Assigned Fund Balance

Assigned Fund Balance includes amounts *intended* to be used for a specific purpose. The Finance Director is the official authorized to assign fund balance to a specific purpose as approved by this fund balance policy for the purpose of reporting these amounts in the annual financial statements. The primary use of this category for the General Fund is open encumbrances.

3. Unassigned Fund Balance

This is the residual classification of the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose.

If the unrestricted fund balance falls below the goal or has a deficiency, the Town will develop a budgetary plan to return the reserve to the minimum level as soon as economic conditions allow. Revenue sources that will be considered to aid in the replenishment of fund balance will include but not be limited to: non-recurring revenues and yearend budget surpluses. The budgetary plan shall also identify the target timeframe, including milestones until reaching full replenishment. The Town recognizes that at its current level of fund balance, it will take a number of years to reach the desired goal.

Total Taxes and Related Items	26,926,904	27,835,234	27,835,234	27,998,234	28,979,314

This section contains revenues received from taxes paid by citizens on real estate, personal property and automobiles. Interest and lien fees are payments received on delinquent accounts. Motor vehicle supplements are taxes received on automobiles purchased after the tax preparation date. The addition of two line items for the current levy and tax abatement specific to the development of Storrs Center has been added for transparency and information. No major variance from current year collections is anticipated for next year.

Town of Mansfield

The proposed Town of Mansfield's net general fund expenditures for fiscal year 14/15 totals \$36,847,734 of that amount, \$18,430,324 would come from the current tax levy, \$485,000 from tax related items as listed above and \$18,032,410 from non-tax revenues. The estimated tax warrant and levy for Town expenditures is calculated as follows:

Town of Mansfield/Mansfield Board of Education

Amount to Raise by Taxation	Dollars	Eq. Mill
Proposed Budget		
Mansfield School Board	21,175,314	
Town General Government	15,672,420	
Total Expenditure Budgets	\$36,847,734	36.42
Plus: Fund Balance Reserve	100,000	0.10
Less: Tax Related Items	485,000	
Non-Tax Revenues	18,032,410	
App. Of Fund Balance		
Total Other Revenues	18,517,410	18.29
Amount to Raise by Taxes (current levy)	<u>\$18,430,324</u>	<u>18.22</u>
Tax Warrant Computation		
Amount to Raise by Taxes (current levy)	\$18,430,324	18.22
Reserve for Uncollected Taxes	497,000	0.49
Elderly Programs	51,000	0.05
Tax Warrant	<u>\$18,978,324</u>	<u>18.76</u>

Mill Rate Computation

Tax Warrant	18,978,324	=	18.76
Taxable Grand List	<u>1,011,625,288</u>		

Region 19

The proposed proportionate share of Region 19 school expenditures to be raised by taxes from the Town of Mansfield is estimated to be \$10,063,990.

In arriving at this estimated tax warrant, Region 19 expenditures have not been offset by any educational grants received by the Town of Mansfield. This approach, which clearly inflates the Region's share, has been adopted for two reasons: First, there is no accepted way to prorate the grants between the K-8 local board and the 9-12 Regional board. Second, the Region has the power to bill the Town regardless of the amount of grants received.

Once the Regional School District has adopted a budget and the Regional School Board has calculated the estimated proportionate share of each member town, those actions cannot be undone by any legislative or executive action of the member towns. The authority of the Regional School District is complete and the proportionate share of each town as calculated by the Board, has the same effect as a tax warrant. The estimated tax warrant and levy for Region 19 expenditures is calculated as follows:

Region 19		Dollars	Eq. Mill
Amount to Raise by Taxation			
Estimated Proportionate Share			
Region 19 School Board	10,063,990		
Tax Warrant Computation			
Amount to Raise by Taxes (current levy)		10,063,990	9.95
Adjustments			
Tax Warrant		\$10,063,990	9.95
Mill Rate Computation			
Tax Warrant	10,063,990		
Taxable Grand List	1,011,625,288	=	9.95

Total Fed. Support Gov	7,649	3,470	3,470	3,470	3,470

Mansfield has been receiving a nominal Payment in Lieu of Taxes for the Mansfield Hollow Dam flood control area. This payment was eliminated from the State FY 2013/14 budget and is therefore not being included in the proposed FY 2014/15 budget. The Town also receives federal pass through grants for Child and Youth Services, a Social Services block grant for counseling and is anticipated to be fund at the current level.

This section includes State grants received by the Town for operating support for local education.

The Education Cost Sharing Grant (ECS) is a single consolidated education block grant. The proposed budget reflects current State estimates for this grant. The School Transportation Grant is a reimbursable grant based upon prior year school transportation costs. While current State statute provides for a 55% reimbursement, this grant has been capped at approximately 28% of our entitlement for 2013/14. The proposed budget reflects the current State estimates for grant payments for FY 2014/15.

Total State Support Gov	7,495,625	6,956,510	6,956,510	7,806,455	6,737,350

This section includes the State grants received by the Town to support general government activities. As home to the University of Connecticut and previously Bergin Correctional Institute, Mansfield receives a payment in lieu of taxes (PILOT). The adopted budget reflects current State estimates for his grant.

The property tax relief programs (circuit breaker, tax relief – elderly, and veterans’ reimbursement grants) were included in the State’s budget and are reflected here. The circuit breaker grant reflects a slight decrease over current year estimates.

The State Revenue Sharing program went into effect for FY 2011/12 and FY 2012/13. It provided for municipalities to share in the State sales tax (0.1%), and provided for an increase in the conveyance tax from 0.25 to 0.50 percent. The final payment for this grant was received in the current year. The State’s adopted 2013/14 budget eliminated this grant and replaced it with the Municipal Aid Adjustment grant to maintain current levels of funding for citites and towns. The amount of proposed State funding available for this grant for FY 2014/15 has been significantly reduced. Mansfield’s portion of this grant is estimated at \$312,770, a reduction of 50% over the current year grant.

Previously, the State provided the Town with a PILOT payment for Holinko Estates, a moderate income housing project operated by the Mansfield Housing Authority. This funding was eliminated in FY 2013/14.

Total Charge for Services	407,585	361,190	361,190	378,085	370,880

This section includes revenues derived from services provided to individuals or other entities. The Town has contractual agreements with the Regional School District 19 for financial management services, risk management, and grounds maintenance. Region 19 will maintain their own grounds through their vocational agriculture program, providing an educational experience to their students. However the Town would continue to provide parking lot maintenance and plowing services for Region. Recording is the fee received through the Town Clerk's Office for the recording of legal documents. The revenue for Police Services is to reimburse the Town when personnel are requested by individuals or corporations for special duty. It is projected to remain stable based on current year experience. Finally, the Town is also providing grounds maintenance services to the Discovery Depot Child Care Center. The Center is located in a rent free Town owned building. Other changes in budgeted revenues are reflective of demand for services.

Description	FY 12/13 Actual	FY 13/14 Adopted	FY 13/14 Amended	FY 13/14 Estimated	FY 14/15 Proposed
40702 Parking Tickets - Town	1,347	4,500	4,500	4,500	4,500
40705 Town Parking Fines-Storrs Ctr	10,451				
40710 Building Fines	2,000	1,000	1,000	1,000	1,000
40711 Landlord Registration Penalty		90	90	90	90
40713 Nuisance Ordinance	7,388	9,000	9,000	8,000	8,000
40714 Littering Ordinance					
40715 Ordinance Violation Penalty	1,804	1,380	1,380	1,380	1,380
40716 Noise Ordinance Violation		300	300	300	300
40717 Possession Alcohol Ordinance	5,310	30,000	30,000	11,000	20,000
40718 Open Liquor Container Ordin	6,590	3,000	3,000	11,000	10,000
Total Fines and Forfeitures	34,890	49,270	49,270	37,270	45,270

Parking ticket revenue is received for illegally parked vehicles. The Town's Nuisance Ordinance, adopted in July, 2011 reflects a \$1,000 decrease in anticipated revenues reflective of current and prior year experience. Fines for violation of the Possession of Alcohol Ordinance and the Open Liquor Container Ordinance are reflecting adjustments based on current year activity and results from additional party patrols related to community policing activities.

40807 Rent - Town Hall	7,960	7,580	7,580	7,580	7,580
40808 Rent - Senior Center		100	100	100	100
40817 Telecom Services Payment	48,089	55,000	55,000	55,000	55,000
40820 Interest Income	15,508	25,000	25,000	25,000	25,000
40824 Sale Of Supplies	17	20	20	20	20
40825 Rent - R19 Maintenance	2,790	2,790	2,790	2,790	2,790
40890 Other	10,330	2,500	2,500	2,500	2,500
Total Miscellaneous	87,994	94,990	94,990	94,990	94,990

There are two major revenues in this category: interest income and the telecommunications payment. The Town also rents building and/or space to a variety of nonprofit entities and receives minimal compensation in return. The Telecommunications Services Payment is a form of tax equalization whereby the value of certain personal property owned on the October 1 assessment date by certain telecommunications providers is taxed at a uniform mill rate of 47 mills. The amount of tax due each town is determined by multiplying the value of the property located in each town by 70 percent. The product of that calculation is then multiplied by 47 mills. The tax is received in April following the October assessment. Because the State has approved a four year depreciation schedule with a residual value of zero, this payment is quite volatile. The tax payment is received directly from each company. Reduced investment in new communications equipment over the last several years has reduced this payment significantly and we are not anticipating any significant change in the upcoming year.

In preparing the current year budget we had anticipated that short-term interest rates would remain low and we expect that they will remain low for the coming fiscal year. For FY 2014/15 we have anticipated interest income of \$25,000.

Mission

To maintain a level of management excellence that will achieve the most efficient and effective use of the resources allocated to the municipal government, for the benefit of the citizens of the Town of Mansfield.

Program Purpose and Description

The General Government Division includes those activities required by law or administrative policy to support municipal government administration and operations.

LEGISLATIVE – 11100

The Town of Mansfield operates under the Council-Manager form of local government, with the Town Council acting as the legislative and policy-making body and exercising all powers of the Town except those specifically vested elsewhere by Town Charter or state statutes. The nine-member Town Council is elected biennially on an at-large basis. Council members serve without pay and elect one of their fellow members to serve as Mayor. The Town Council conducts its regular meetings on the second and fourth Monday of each month and holds special meetings as needed. The Council also has three standing committees - Committee on Committees, Finance and Personnel. Ad hoc committees are appointed to review particular issues and submit recommendations to the full Council.

FY 2013/2014 Accomplishments

- Maintained active involvement with the Mansfield Downtown Partnership (three Council members currently sit on the Partnership's Board of Directors). Completed construction of Storrs Center Phase 1B, Storrs Road improvements and the Nash-Zimmer Transportation Center; commenced work on Phase 1C and Town Square. ♦
- Negotiated Letter of Intent and Definitive Agreement with Connecticut Water Company (CWC) to secure additional water supply for municipal and university needs. ♦
- Continued to serve on a number of Council advisory committees such as but not limited to Sustainability, Four Corners Sewer Advisory, and Town-University Relations. Ad hoc Council Sub-Committees such as Ordinance Review met on an as needed basis.
- Adopted revisions to: Motor Vehicle and Traffic Regulations; Residential Rental Parking; and Fee Waiver Ordinance (anticipated spring 2014). Researched the feasibility of a responsible contracting ordinance.
- Updated the Town Council's Rules of Procedure and policy goals and objectives.
- Issued a request for qualifications for Town Attorney Services.
- As part of the state consolidation, received approval from Office of Policy and Management to join the Capitol Region Council of Governments beginning July 1, 2014.
- Monitored impacts of UCONN's Next Generation initiative on Mansfield. Advocated for funding and study to evaluate impacts of Next Generation on Mansfield.
- Approved open space acquisition of LaGuardia Property. ♦
- Reviewed implementation of the police services study and decided to hold off on adding an 11th Trooper to Mansfield until costs for the Resident Trooper program stabilize or other resources became available; supported the development of partnerships with UConn police such as joint patrols during fall and spring weekends. ♦
- Continued to help lead the Mansfield Community-Campus Partnership (MCCP) which strives to improve the quality of life for all members of the community and to promote positive community-campus relations. Participated in the process to select the Off-Campus Student Services Director. ♦
- Published a *Citizen's Guide to the Budget – 2014 Edition* and the 2014 Town Meeting mailer. ♦

FY 2014/2015 Goals & Objectives

Goal: Establish policies, procedures, relationships and infrastructure that support a vibrant, diverse and sustainable business community in Mansfield, in accordance with sound land use and Smart Growth principles. ♦

Objectives:

- Focus development and redevelopment efforts in areas designated as appropriate under Plan of Conservation and Development or zoning (e.g. Storrs Center; Four Corners; Perkins Corners; Eastbrook Mall area; Frontage Road).
- Make progress on Four Corners water and wastewater project.
- Increase tax base (new growth), including completion of Storrs Center, in a responsible manner.
- Leverage UCONN Tech Park for job and business growth.
- Participate in UCONN development plans.
- Provide quality customer service to the business community and implement a streamlined permitting process consistent with zoning and other regulations.
- Research the feasibility of allocating resources for a dedicated economic development staff member under Planning and Development.

Goal: Maintain high quality, holistic education for all of Mansfield's youth while celebrating the individuality of each child. ♦

Objectives:

- Identify PreK-8 school infrastructure needs.
- Utilize enrollment projections, including anticipated impact associated with UCONN's expansion, to plan for infrastructure needs.

Goal: Responsibly manage available financial resources to maintain quality services that are responsive to community needs.

Objectives:

- Engage in responsible budgeting; balance service needs with revenue constraints.
- Diversify revenue base in response to declining state revenues.
- Identify replacement schedules for capital needs and allocate resources through the capital budgeting process.
- Review infrastructure needs for the Town and schools; identify capital maintenance needs and lifespan for major buildings and facilities and allocate resources through the capital budgeting process.
- Review financial, human resources, and other policies as needed.

Goal: Work with stakeholders to preserve and maintain open space and viable working farms. ♦

Objectives:

- Preserve working farms and enhance agricultural opportunities.
- Acquire, preserve, and maintain open space.

Goal: Improve quality of life for all residents and stakeholders regardless of (dis)abilities, gender, race, religion, ethnicity, or socio-economic status. ♦

Objectives:

- Reduce blight in neighborhoods town-wide.
- Review feasibility of expanding the rental certification zone town-wide.

- Build a community supportive of young children and families.
- Enhance and maintain athletic fields.
- Ensure Storrs Center owner occupied housing is built to community vision.

Goal: Provide a range of quality services for quality living. ♦

Objectives:

- Re-define core services.
- Research and identify service sharing opportunities.
- Continue to improve positive Town-University relationships and partnerships.
- Continue to provide Human Services, with a focus on seniors and low to moderate income families.
- Provide support for recreation, health and wellness.
- Build organizational capacity for program evaluation, including a commitment to performance measurement.
- Continue review and implementation of the police services study, as resources permit.
- Evaluate service delivery for Fire and Emergency Services.
- Complete study of impact of Next Generation Connecticut and related UCONN initiatives on Mansfield.
- Consolidate and/or reduce the number of citizen advisory committees; review membership composition and engage residents aged 20's-40's.

Goal: Embrace sustainability as a principle in decision making. ♦

Objectives:

- Embrace sustainability and energy conservation as part of economic development strategy.
- Reduce municipal government's carbon footprint.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

Legislative = linkage to Sustainability; Education; Historic Character, Open Space & Working Farms; Housing; Regionalism; Public Safety; Town-University Relations.

MUNICIPAL MANAGEMENT - 12100

The Town Manager is appointed by the Town Council to serve as the chief executive officer of the Town, and is charged with implementing Council policy and overseeing the work of all municipal departments. In addition, the Town Manager serves as the Director of Public Safety, the Personnel Officer and the legal Traffic Authority. The Town Manager's staff is directly responsible for human resources and risk management and provides staff support to the Town Council and various advisory boards and committees.

FY 2013/2014 Accomplishments

- Developed proposed FY 2014/15 operating and capital budgets. The budget document is a policy and communications tool that also serves to promote open and transparent government. ♦
- Developed tracking database for performance measurements. Continued participation in ICMA's Center for Performance Measurement 101 Program. ♦
- Negotiated Letter of Intent and Definitive Agreement with Connecticut Water Company (CWC) to secure additional water supply for municipal and university needs; assisted Four Corners advisory committee with design of wastewater system to serve Four Corners area. ♦
- Completed construction of Storrs Center Phase 1B, Storrs Road improvements and the Nash-Zimmer Transportation Center; commenced work on Phase 1C and Town Square. ♦
- Established management team to oversee operations of new Transportation Center, with an emphasis on programming, budget, procurement, human resources, risk management, maintenance and other operational concerns. ♦
- Continued implementation of various aspects of *Mansfield 2020: A Unified Vision* (strategic plan). Participated in development of economic development strategy and new Plan of Conservation and Development as part of *Mansfield Tomorrow* project. ♦
- Assisted Personnel Committee with completing review of Human Services open positions and the FY 2012/13 Town Manager performance review process, in addition to the appointment of labor counsel and Town Attorney.
- Assisted Fee Waiver Ordinance Committee with review of program, including drafting revisions to the Ordinance, analyzing data, reviewing program financials and assisting with policy review.
- Provided oversight of the Fee Waiver Program administration, with Parks and Recreation handling the day-to-day administration of the program. Year-to-date, 179 applications (which covers 569 household members), have been approved for this program. Numerous administrative changes were implemented to control and track costs while improving access to the Program.
- Assisted Responsible Contracting Committee with its continued information gathering on responsible contracting.
- Assisted Town-University Relations Committee with reviewing its charge and updated the memorandum of understanding between the Town and University outlining the Committee's mission and membership. ♦
- Managed the Human Services and Public Works departments during periods of transition following the retirements of two department heads.
- Coordinated re-organization of Senior Center staff, increasing direct services provided to Mansfield's senior population. ♦

FY 2014/2015 Trends & Key Issues

The Manager's Office will continue to have a busy year as construction activity continues on Storrs Center. Recent initiatives such as the *Mansfield Tomorrow* and the Four Corners water and wastewater project will require continued attention to ensure effective implementation of those initiatives. Staff will continue to evaluate programs and services and identify opportunities to make improvements that benefit our residents and internal customers.

FY 2014/2015 Goals & Objectives

Goal: Continue oversight of Storrs Center project to ensure completion of phase 1C and to initiate phases 2 (development of Wilbur Cross Way) and 3 (residential neighborhood) of project. ♦

Objectives:

- Complete construction of public infrastructure, particularly the Nash-Zimmer Transportation Center and Town Square; work with responsible parties to manage project expenditures and to fund any budget overruns.
- Coordinate work of management team to ensure success of new Transportation Center.

Goal: Continue coordination of various environmental initiatives. ♦

Objectives:

- Complete pump station and collection system design for Four Corners water and sewer project. Assist Four Corners advisory committee and Town Council with developing financing plan for wastewater components of project.
- Prepare Memorandum of Agreement (MOA) concerning mission and composition of advisory committee to CWC.

Goal: Continue preparation of a comprehensive economic development program for the Town of Mansfield. ♦

Objectives:

- Complete preparation of housing and economic development strategy under *Mansfield Tomorrow* initiative.
- Continue to staff Economic Development Commission (EDC) and focus on business retention and recruitment.

Goal: Monitor and prepare for growth associated with UCONN Tech Park, *Next Generation Connecticut* and other university initiatives. ♦

Objective:

- Participate in preparation of UCONN Master Plan.
- Retain consultant to prepare study of potential economic benefits and municipal service impacts; examine options to collaborate with University to meet future service demands.

Goal: Improve tradition of open and transparent government. ♦

Objective:

- Continue to publish the *Mansfield Minute* and enhance social media applications (e.g. Facebook) to highlight municipal projects and initiatives and to improve communications with residents and the general public.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.
Municipal Management = linkage to Government; Sustainability & Planning; Town-University Relations.

HUMAN RESOURCES - 12200

The Town Manager's Office is responsible for administering the Human Resources Program for the Town. Components of the Human Resources Program include but are not limited to: classification and compensation; employee benefits administration; employee training and development; labor relations; policy development and compliance; recruitment and retention of employees; and risk management. Specific rules and regulations governing the Human Resources program are set forth in section C601 of the Charter, relevant state and federal regulations, the Personnel Rules, collective bargaining agreements, and other personnel policies of the Town.

FY 2013/2014 Accomplishments

- Recruited and filled numerous full-time and part-time Town staff positions including several leadership positions such as DPW Director/Town Engineer, Human Services Director, Accounting Manager, and Grounds Crew Leader. Approximately 15 recruitments were conducted resulting in the appointment or promotion of nearly 30 regular employees.
- Counseled retiring employees on available benefits and transitioned eight employees into retirement.
- Completed RFQ process for labor counsel selection. Appointed the firm of Kainen, Escalera & McHale PC as labor and employment counsel for the Town.
- Completed negotiations for the successor collective bargaining agreements (FY 2013/14 – FY 2015/16) with the Professional/Technical employees and Public Works unions (anticipated completion spring 2014).
- Assisted in reorganization of Senior Center staff; conducted classification analyses and recruitments for Outreach Social Worker and Senior Center Program Coordinator positions. ♦
- Assisted in reorganization of Engineering staff; conducted classification analyses and other related work as needed (anticipated completion spring 2014).
- Assisted in staffing of new Transportation Center; conducted classification analysis and recruitment for Transportation Coordinator and Transportation Center attendants. ♦
- Fostered partnerships with UConn by placing two work study students with Town departments at no direct cost to the Town. In conjunction with the Town Clerk's Office, interviewed potential students, coordinated student assignments, scheduling, and payroll. Hosted another two UConn students with paid internships and five with unpaid internships. ♦

FY 2014/2015 Trends & Key Issues

The Fire union collective bargaining agreement will expire on June 30, 2014. Staff time will be dedicated to negotiating and implementing a successor collective bargaining agreement. A few anticipated retirements from the department head and professional staff ranks will require extensive recruitment and succession planning efforts. If the capital service improvement request for the acquisition of recruitment software is approved, implementation of the system would occur during FY 2014/15.

FY 2014/2015 Goals & Objectives

Goal: Enhance organizational development program activities to build capacity within the organization and support employees in achieving their professional goals. ♦

Objectives:

- Sponsor at least one training seminar of general interest per quarter to the workforce at-large.
- Require all new supervisors to attend training (prevention of sexual harassment, general supervisor training, and ethics) within one year of their appointment.

Goal: Update personnel policies to promote a culture of ethical behavior, fair and equitable treatment of employees, and compliance with state and federal regulations. ♦

Objectives:

- Revise the Professional Travel/Business Leave Policy.
- Revise the ADA Policy.
- Revise the Work Attire Policy.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.
Human Resources = linkage to Government; Recreation/Health/Wellness; Town-University Relations.

TOWN ATTORNEY – 13100

The Town Council appoints the Town Attorney, who must be an attorney-at-law admitted to practice in the State of Connecticut. It is his or her responsibility to appear for and to protect the rights of the Town in all actions, suits or proceedings brought by or against the Town or any of its agents. The Attorney renders written opinions on questions of law involving the powers and duties of the Town Council, Town Manager, Town officers, boards and commissions. The Attorney also prepares or approves ordinances, resolutions, forms of contracts and agreements, and appeals orders, decisions and judgments. Current Town Attorney services are provided by the firm of O'Brien and Johnson.

In 2014, the Town Council issued a request for qualifications for Town Attorney Services. Following a review process, selection and appointment of a Town Attorney is expected in spring 2014.

In special circumstances, such as labor and employment law, environmental law and bond proceedings, the Town may employ the services of another attorney. The Town is currently represented by the firm of Kainen, Escalera, and McHale PC for labor and employment matters; expenditures related to that service are reflected in the Human Resources program budget.

TOTAL EXPENDITURES	41,921	42,500	42,500	42,500	45,000

PROBATE COURT – 13200

Effective January 5, 2011, the Mansfield Probate Court consolidated with the Tolland Probate Court and is now known as the Tolland-Mansfield Probate District. The Court serves the Towns of Coventry, Mansfield, Tolland and Willington and is located in the Tolland Town Hall, 21 Tolland Green, Tolland, CT 06084.

The Tolland-Mansfield Probate judge will retire in summer 2014. From summer to November 2014, judges of probate from the Northeast and Windham-Colchester probate courts will provide service on an interim basis to residents of the Tolland-Mansfield Probate District. In November 2014 an election will be held for the selection of a new Tolland-Mansfield probate judge; the appointment will last for four years.

A Probate Court has jurisdiction over decedents' estates, testamentary trusts, guardianships of minors' estates, conservatorships of the estate and person of incapacitated adults, voluntary conservatorships, guardianships of persons with mental retardation, commitments of the mentally ill and changes of names for adults and minors. The Probate Court is also responsible for terminations of parental rights, removal of guardians of minors, emancipation of minors and adoptions. In addition, the Court accepts applications for passports.

The Probate Court carries out its duties by holding hearings on the various types of applications filed with the Court and as a means of reviewing the work of fiduciaries appointed by the Court. State law mandates that all Court filings be recorded and indexed, much the same as land records are maintained by town clerks. Although many of the Court's proceedings and records are open to the public, certain types are mandated confidential by state law, such as, adoptions, most other children's matters, commitments, and mental retardation guardianship matters occurring after the year 2000.

The four towns in the district support the Probate Court with office facilities, utilities and supplies. The towns also fund the microfilming and preservation of Court records. Other support comes through fees that are paid by petitioners filing applications and fees assessed against decedents' estates. All fees are established by state law. These fees provide the funds to cover the judge's compensation, also set by statute, and other Court expenses, such as staff salaries and minor miscellaneous expenses.

Description	FY 12/13 Actual	FY 13/14 Adopted	FY 13/14 Amended	FY 13/14 Estimated	FY 14/15 Proposed
Expenditures:					
Other Purch Services	3,918	5,120	5,120	5,120	7,010
TOTAL EXPENDITURES	3,918	5,120	5,120	5,120	7,010

REGISTRARS OF VOTERS - 14200

Under Section 9-32 of the Connecticut General Statutes, the Registrars of Voters are mandated to maintain the voter registration records for the Town of Mansfield. The staff consists of two Registrars, one Democrat and one Republican, plus one deputy for each party. Registrars are elected every two years. There are currently 11,290 registered voters in Town. The duties of the Registrars include: registering new voters; ensuring the accuracy of the official registry list (manual and computer); running mandated registration sessions; managing elections, primaries and referenda; Election Day Registration; securing and training poll workers; testing and preparing the OpticalScan Voting system and Independent Voting System; formatting and ordering ballots and certifying the number with the Secretary of the State; conducting the annual canvass of registered voters; certifying petitions; organizing and supervising check-in for the Annual Town Meeting and all special town meetings; and conducting voter outreach in the local high school, nursing home and University.

FY 2013/2014 Accomplishments

- Conducted the November 2013 Municipal Election and the May 2014 Regional School District #19 Budget Referendum.
- Registered 1,161 new voters (net gain) during calendar year 2013.
- Completed the annual canvass of voters.
- Implemented Election Day Registration (EDR) in November 2013

FY 2014/2015 Trends & Key Issues

The Registrars of Voters will continue to offer information to electors regarding Election Day Registration (EDR). The Secretary of the State continues to set new regulations for EDR and the Registrars will attend meetings and read policy referring to these changes. The Registrars will continue to be in contact with the Secretary of the State and Mansfield's state legislators to obtain funds to offset the cost of EDR. Effective July 2014 the State has mandated each town to purchase a Voting Machine Maintenance Policy. In the past, the policy was paid for by the State. The Registrars of Voters will continue to reach out to the community and to the University of Connecticut to ensure participation in all elections.

FY 2014/2015 Goals & Objectives

Goal: To promote fair and responsible elections.

Objectives:

- Conduct the August 2014 State Primaries, November 2014 State Election and the May 2015 Regional School District #19 Budget Referendum.
- Monitor changes in election laws.
- Register new voters and maintain voter lists.
- Train poll workers.
- Attend educational and informational state conventions and county conferences.
- Implement Election Day Registration (EDR).

Goal: Maintain public outreach.

Objectives:

- Provide information to the public regarding EDR.
- Work closely with organizations from the University of Connecticut regarding voter registration and Election Day Registration. ♦
- Continue to train individuals selected to execute EDR.

- Continue to register high school students during the annual Voter Registration Drive in May.
- Continue to train two workers from each party to facilitate supervised balloting at the local nursing home

◆ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

Registrars = linkage to Town-University Relations.

TOWN CLERK - 15100

The duties of the Town Clerk's Office include: recording, indexing and maintaining all land records and maps; issuing dog and all sport licenses; maintaining a record of elected and appointed officials; registering voters; conducting the absentee ballot program; reporting and verification of election results; providing copies of documents and records as requested; filing liquor permits, veteran discharge papers and trade name certificates; recording and certifying the appointments of other notaries; and filing and maintaining all agendas, schedules and minutes for the Boards and Commissions in Town. The Town Clerks also serve as Registrars of Vital Statistics issuing birth, marriage and death records and burial permits. The Connecticut General Statutes set the fees for Town Clerk services, and the revenue received is deposited in the General Fund of the Town, or remitted to the state when applicable.

The Town Clerk's Office performs several additional duties for the Town including: overseeing the records management program; processing Freedom of Information (FOI) requests; maintaining and assisting both staff and public with the Town Calendar of meetings; acting as notaries public; assisting with the permitting of raffles and games of chance; processing all Town mail, and updating the code of ordinances. The staff processes all petty cash vouchers. The Assistant Town Clerk serves as Clerk of the Zoning Board of Appeals (ZBA) and processes minutes, applications, legal notices and decisions of the Board. The Town Clerk serves as the Clerk to the Town Council and is responsible for all minutes, legal notices, certification of documents and serves as staff to the Committee on Committees and the Cemetery Committee. The Office of the Town Clerk is a major source of information for both residents and visitors.

FY 2013-2014 Accomplishments

- Purchased and installed a new operating software system for Town Clerk functions. The new system greatly enhances our ability to process documents and maintain records internally while affording the public much greater access to information. ♦
- Received a \$6,500 Historic Preservation Grant which will be used to backfill land records into the new operating software system. ♦
- Reviewed the status and location of all microfilm copies of land records. The existing list of films stored in Iron Mountain was inconsistent and incomplete. Using old records and duplicate copies of film found in the vault staff was able to trace the location of the existing films. Microfilm was found missing for four volumes of land records; these records have been filmed and stored. ♦
- Researched and compiled copies of all public acts pertaining to Mansfield. ♦
- Completed a historical listing of Board and Commission members.
- Facilitated a genealogical study of the families for whom the Storrs Center roads were named.

FY 2014/2015 Trends & Key Issues

Many changes in how the Town Clerk's Office operates have taken place during FY 2013/14. During the upcoming year staff plans to ensure that we are making the best use of the new technologies. Staff will evaluate and institute when appropriate additional programs which are now available and consider alternative cost effective ways to process work.

FY 2014/2015 Goals & Objectives

Goal: Protect and promote access to Town records. ♦

Objectives:

- Evaluate Historic Preservation Grant funding and, if money is available in the FY 2014/15 cycle, prepare a grant submission to back fill additional land record information into the operating software system.
- Implement e-recording which will allow staff to electronically receive and record land records.
- Create microfilmed copies of early Town Meeting records.

Goal: Protect and maintain Mansfield’s cultural history. ♦

Objectives:

- Work to create better access to local history resources via the Town’s website by posting and linking archived indexes and documents.
- Continue the review of historical records to create indexes of cross filed items in order to be able to complete sets of records and be able to locate information when needed.

♦ Denotes accomplishment, goal or objective links to the Town’s nine strategic vision points.

GENERAL ELECTIONS - 15200

This program covers the expense of conducting elections, primaries, audits and referenda in accordance with the Connecticut General Statutes. The program budget includes funds for one State Primary, one State Election and one Region 19 Budget Referendum.

Services provided by the Registrars of Voters for the supervision of elections, registration of voters and other duties are shown in the Registrar of Voters program budget (14200). Services provided by the Town Clerk include the issuance of absentee ballots and other needed funds shown in the Town Clerk's program budget (15100).

FACILITIES MANAGEMENT - 30900

The Facilities Management Department is responsible for the maintenance and cleaning of all Town buildings. Examples include maintaining equipment and systems such as boilers, air conditioners, pumps, toilets, septic systems, water wells, electrical systems, and roofs. The Department has instituted an extensive Preventive Maintenance (PM) program to help eliminate emergency repairs. The Department uses outside contractors to conduct maintenance and repairs when special licensing is required or special skills are necessary. The Department also assists in identifying energy efficiency improvements for buildings that help to reduce costs and the Town's carbon footprint.

FY 2013/2014 Accomplishments

- Built new greenhouse at Mansfield Middle School. ♦
- Installed improved radiation for heating system at Goodwin School. ♦
- Installed new air conditioning system at the Senior Center. ♦
- Replaced faulty air conditioning compressors at Library. ♦
- Built new vestibule at Southeast School. ♦
- Removed fuel oil tank at Transfer Station.
- Installed air conditioning at Community Center locker rooms.
- Replaced carpeting in Community Center sitting area with tile flooring.

FY 2014/2015 Trends & Key Issues

A number of roofs on Town buildings are nearing the end of their useful life and are requiring maintenance as a result. Funds will need to be budgeted in the capital budget for roof repairs and replacement. Underground storage tanks for fuel oil, diesel, and gasoline at several town buildings will need to be removed and replaced with above ground tanks. The Department Director will retire in late fall 2014; a national recruitment will be conducted to find a suitable replacement.

FY 2014/2015 Goals & Objectives

Goal: Efficiently and effectively maintain the Town's facilities in good condition.

Objectives:

- Continue preventive maintenance program at all facilities, including life cycle and routine repairs that minimize equipment downtime and maximize the equipment's useful life.
- Continue to maintain facility audit reports to prepare for and address needed repairs and improvements.

Goal: Improve energy efficiency of the Town's facilities. ♦

Objectives:

- Identify energy conservation projects with a good return on investment.
- Research solar panel installations, reducing the reliance on fossil fuels.
- Consider hiring Siemens Corporation to do an extensive energy audit of all buildings.

Goal: Maintain excellent customer service and prompt response time, providing clean and safe facilities.

Objectives:

- Implement enhanced work order and facility management software.
- Increase staff efficiency through professional development opportunities, improved employee recruitment, selection, retention and training.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

The Department of Finance, under the supervision of its Director, is responsible for managing the Town's financial matters in a manner consistent with established laws, ordinances and generally accepted accounting principles.

The Department is a service-oriented entity and provides the Town, Mansfield Board of Education, Region 19 Board of Education, Eastern Highlands Health District, Mansfield Discovery Depot and Mansfield Downtown Partnership with the following services:

- Purchasing
- Accounts Payable
- Financial Planning and Policy Making
- Accounting and Bookkeeping
- Financial Statement Preparation
- Treasury Management
- Debt Management
- Revenue Collection
- Budgeting
- Capital Projects Administration

The Department is comprised of seven programs: Administration, Accounting and Disbursements, Revenue Collection, Property Assessment, Central Services, Copy Center, and Capital Projects.

FINANCE - ADMINISTRATION - 16100

Finance Administration provides centralized financial management services for the Town of Mansfield and the Mansfield Board of Education. By special agreement the Finance Department also provides financial management and services for several additional entities: Regional School District No. 19, Eastern Highlands Health District, Mansfield Discovery Depot (day care center), and the Mansfield Downtown Partnership. Other services provided for all entities include: budget preparation and monitoring, debt management, and capital improvement projects administration and reporting.

FY 2013/2014 Accomplishments

- Received the Government Finance Officers Association Distinguished Budget Presentation Award for the Town's 2013/14 Budget. ♦
- Closed Fiscal Year 2012/13 with an increase to fund balance of over \$430,000. ♦
- Completed the annual financial audit for FY 2012/13 with an unmodified opinion from the audit firm of Blum, Shapiro & Co., the highest opinion possible. ♦
- Provided funding analysis and guidance on infrastructure improvements, and financial reporting and drawdown requests on Storrs Center grants. ♦
- Prepared salary estimates and various financial statements and schedules for all agency budgets for FY 2014/15 providing reasonable projections for the coming year.
- Provided Council members with a review of the Town's financial condition, budget process and ongoing financial reporting at the Council Orientation. ♦
- Continued quarterly energy analysis for all agencies. ♦

FY 2014/2015 Trends & Key Issues

Continued analysis and monitoring of Storrs Center tax revenues will be needed to ensure that infrastructure revenue shortages are covered by the Developer's tax payments. In addition, every effort will be made to continue the Council's current initiatives to increase fund balance and continue the pay-as-you-go capital program.

FY 2014/2015 Goals & Objectives

Goal: Maintain Mansfield's Aa2 bond rating and strive to obtain the highest rating possible, Aaa. ♦

Objectives:

- Maintain or increase unassigned fund balance level.
- Reduce reliance on state aid by pursuing additional sources of revenue and increasing the tax base.
- Continue to review all financial management policies to ensure compliance with best practices and consistency with Council's goals and objectives.

Goal: Provide responsible financial management and accurate financial reporting for all agencies served. ♦

Objectives:

- Maintain an unmodified opinion on the annual audit through accurate and timely financial transaction reporting.
- Prepare a Comprehensive Annual Financial Report and apply for the Government Finance Officers Association Certificate for Excellence in Financial Reporting.
- Assist all agencies with budget preparation and responsible estimates.

- Apply for the Government Finance Officers Association Distinguished Budget Presentation Award.

Goal: Develop Finance Department staff to increase efficiency and accuracy in financial reporting.

Objectives:

- Provide at least one training opportunity for all staff in one of the following areas: Government Finance Officers training for financial reporting, budget analysis, or customer service.

◆ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.
Finance = linkage to Education & Early Childhood Services; Sustainability & Planning.

FINANCE - ACCOUNTING AND DISBURSEMENTS - 16200

Accounting and Disbursements, a Division of Finance, operates under the direction of the Accounting Manager/Treasurer. The Division is comprised of accounting and bookkeeping, payroll, accounts payable, treasury management and financial reporting services. Program services are provided for the Town government, Mansfield Board of Education, Region 19 Board of Education, Eastern Highlands Health District, Mansfield Discovery Depot (day care center) and the Mansfield Downtown Partnership.

FY 2013/2014 Accomplishments

- Completed the annual financial audit for the Town of Mansfield, Regional School District No. 19 and Eastern Highlands Health District. ♦
- Received the Government Finance Officers Association (GFOA) Certificate of Achievement for Excellence in Financial Reporting for FY 2011/12. ♦
- Prepared the FY 2012/13 Comprehensive Annual Financial Report in accordance with the GFOA certificate program. ♦
- Continued effective treasury management, including effective cash mobilization and investment, payroll direct deposit, ACH payments, positive pay and debit block for fraud protection, and internal control and audits of cash disbursements.
- Maintained a centralized energy management system to assist with budgeting energy costs and monitoring and analyzing energy usage by building and commodity. ♦

FY 2014/2015 Trends & Key Issues

The Office of Policy and Management is in the process of designing and developing a uniform system of accounting for municipal revenues and expenditures. The Uniform Chart of Accounts (UCOA) will be a standardized account code structure that allows every municipality to use the same account codes and methods for reporting revenues and expenditures. Municipalities are required to implement the new uniform chart of accounts system by June 30, 2015.

FY 2014/2015 Goals & Objectives

Goal: Maintain a policy of full and open disclosure of all financial activity. ♦

Objectives:

- Continue to provide comprehensive quarterly financial reports for the Town of Mansfield, Mansfield Board of Education, Region 19, and the Eastern Highlands Health District.
- Prepare the 2013/14 Comprehensive Annual Financial Report and apply for the GFOA Certificate for Excellence in Financial Reporting for the Town and Region 19.
- Review, evaluate and update, if necessary, all financial related policies and internal controls.

Goal: Provide efficient cash management and investments for safety, liquidity and income. ♦

Objectives:

- Seek opportunities for expanding and diversifying investments to increase income without diminishing safety.

Goal: Perform all accounting functions in the most effective and cost efficient manner.

Objective:

- Review and analyze current policies and procedures in place to make improvements in expediting accounts payable in a more timely and efficient manner.

FINANCE - REVENUE COLLECTION - 16300

Revenue Collection, a Division of the Department of Finance, is responsible for the administration of billing and collecting taxes, sewer assessments, sewer use charges, special assessments, refuse removal fees, Eastern Highlands Health District quarterly bills, self pay medical and life insurance bills for both Town and Board of Education retirees, and other miscellaneous collectibles. Division procedures are in accordance with State of Connecticut General Statutes and regulations adopted by Town Council. The Division is also responsible for processing and collecting parking tickets issued for parking violations on Town roads and property. All monies received by other departments and schools are submitted to the Revenue Collection Division for verification and deposit.

FY 2013/2014 Accomplishments

- Integrated online inquiry and payment processes by loading all tax, sewer and refuse information in online bill inquiry. Additionally, provided for online payment options for school lunch program. ♦
- Finished implementation for bill payment connection to inquiry. When customer finds information, it allows easy selection for payment from inquiry that seamlessly connects to payment vendor. ♦
- Maintained a high, stable collection rate while providing pleasant efficient service to taxpayers.
- Hired and trained new staff to replace retired Assistant to the Collector of Revenue.

FY 2014/2015 Trends & Key Issues

Utilizing efficiencies gained by implementation of the new collection system, Revenue Collection will focus on new strategies for affecting payment by non-paying taxpayers and utility customers. Tools such as demands, reminders, and other notices will be used to encourage periodic payment before resulting in sending delinquencies to the state marshal or collection agency. This focus will include creation of a "collection practices binder" for ease of consistency in future periods.

FY 2014/2015 Goals & Objectives

Goal: Utilize available tools to encourage more timely payment(s) by residents, and document such tools used for transparency and consistent application. ♦

Objectives:

- Document process to be followed on late accounts, including timeline of when notices are sent, templates for various scenarios of late accounts and resulting consequences for non-payment.
- Create efficient process for continued follow up on customers needing reminders to make payments.
- Educate residents of their options to make payments in a timely manner, in order to improve collection rate and taxpayer satisfaction.

Goal: Increase overall collection rate to 99% or higher.

Objectives:

- Research and gain understanding of reasons for repeated delinquencies and work to effect change by working with stakeholders and taxpayers to find solutions.
- Improve communication with outside entities such as probate and bankruptcy courts, UCONN and mobile home communities to solve long-standing collection issues.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

FINANCE - PROPERTY ASSESSMENT – 16402

The Town Assessor's Office, a Division of Finance, administers the Town's property tax program in accordance with the Connecticut General Statutes. On an annual basis, the Assessor's Office compiles the Grand List of taxable and tax exempt property. This listing is comprised of real estate (residential and commercial), motor vehicles and personal property owned or leased by businesses located in Mansfield.

FY 2013/2014 Accomplishments

- Processed 428 real property ownership changes for the October 1, 2013 real estate Grand List. The total net taxable 2013 Grand List, which includes business personal property and motor vehicles, will be completed by January 31, 2014. The total net taxable 2012 Grand List was \$1,011,715,713.
- Conducted field inspections for the October 1, 2013 Grand List based upon building permit records for new construction, additions, remodels, decks, sheds, garages, etc..
- Processed applications for the Elderly/Disabled Homeowners and Additional Veterans State tax exemption programs. ♦
- Settled at pretrial one commercial property assessment court appeal to the 2011 Grand List plus one residential and two commercial appeals to the 2012 Grand List resulting from the 2009 Town-wide Revaluation. One commercial assessment court appeal to the 2012 Grand List is still pending.
- Continued utilization of assessment data administration software package to improve the efficiency and effectiveness of the Assessor's Office, especially in the area of customer service. ♦
- Provided assistance to the Engineering Department and MainStreetGIS, our online GIS map vendor, by keeping up-to-date records of new subdivisions and ownership changes.

FY 2014/2015 Trends & Key Issues

Pursuant to state law, the Town is required to conduct a revaluation of all property once every five years. The next revaluation for Mansfield will be conducted in FY 2014/15 for the October 1, 2014 Grand List. Vision Appraisal staff will conduct additional inspections, including sales transfers as part of their 2014 revaluation consulting services. All properties must be inspected at least once within the ten year period of October 1, 2009 – October 1, 2019.

FY 2014/2015 Goals & Objectives

Goal: Maintain accurate grand list data and continue inspections for the 2014 Town-wide Revaluation.

Objectives:

- Beginning in early 2014, conversion to new CAMA (Computer Aided Mass Appraisal) database/software from Vision Government Solutions, Inc. to update records for all new construction, including the Downtown Storrs project and UConn buildings.
- Conduct field inspections in preparation of the October 1, 2014 Grand List per building permit records for new construction, additions, remodels, decks, sheds, garages, etc.
- Continue inspections of residential properties in preparation of 2014 Revaluation
- Maintain assessment data on the Town's municipal website, including recent sales transfers and sales ratio information.
- Provide informational services to the public as outlined by the Connecticut General Statutes.

➤ Complete 2014 Town-wide Revaluation.

CENTRAL COPYING - 16510

The Town, the Mansfield Board of Education, the Regional School District No. 19 and other associated entities, purchase copying services from the Town's Management Services Fund, which operates as an internal service fund. Under the Management Services Fund, staff purchases or leases copiers, copier supplies and maintenance service agreements from various vendors and resells copying services to Town and school departments at less than \$.02 per copy.

The total estimated cost of copies to be made by Town departments is expensed here and transferred to the Management Services Fund.

INFORMATION TECHNOLOGY - 16600

This program has been restructured to present the Town’s share of the operating costs associated with providing the information technology services for Town government. The Information Technology Department has been consolidated within the Management Services Fund. All costs related to the local and wide area network, information technology infrastructure and administration are reported in the Management Services Fund and are shared with the Mansfield Board of Education and the Region 19 Board of Education. Fiscal year 2013/14 highlights and fiscal year 2014/15 major initiatives can be found in the Management Services Fund budget.

Mission

To create an environment in which people can move about safely and feel confident that they and their property are protected from harm through programs that reduce crime and fire, provide emergency medical services to the sick and injured, and minimize the impact of technological and natural disaster.

Program Purpose and Description

The Public Safety function serves to preserve peace and good order, to protect persons and property, and to ensure the safety of the Town's inhabitants.

The Town Manager, as Director of Public Safety, organizes and directs the work of the Department through its service components of police protection, animal control, emergency management, and fire and emergency services. The Town utilizes the Resident State Trooper program for police services and municipal animal control officers administer the Animal Control Program. Fire and Emergency Services provides fire protection and emergency medical services through a combination of paid and volunteer firefighters/EMTs, as well as fire prevention (marshal) services. The Fire Marshal's Office is also responsible for the Emergency Management Program.

POLICE SERVICES (MANSFIELD RESIDENT TROOPER'S OFFICE) - 21200

The Mansfield Resident Trooper's Office is composed of one Trooper Supervisor (Sgt), nine patrol Troopers, one part-time Town Officer and one part-time Administrative Assistant. The Trooper's Office enforces all state and local laws, provides assistance to other Town departments, and ensures that the quality of life of Mansfield citizens remains at a very high standard. The officers accomplish these tasks by utilizing a variety of techniques such as marked cruiser patrol, under cover vehicle patrol, bike patrol, foot patrol, and community policing efforts.

FY 2013/2014 Accomplishments

- Enforced the Nuisance Ordinance and wrote 72 Nuisance tickets during the school year. The enforcement of this Ordinance has helped curb problematic behavior, particularly in neighborhoods adjacent to campus. The Troopers further utilized the Ordinance as a communication and education tool and enhanced relationships with off-campus students. ♦
- Improved and enhanced relationships with the Mansfield Community Campus Partnership, the Office for Off-Campus Student Services, and local landlords. This effort has been extremely beneficial and demonstrates a consistent united front. ♦
- Received an enhanced DWI Grant which enabled Mansfield to add patrols the entire year. This year over 185 extra shifts were conducted. Mansfield was the only town in Troop C's jurisdiction that did not suffer a fatal motor vehicle accident.
- Received an expanded Prevention of Underage Drinking Grant which allows staff to visit local bars and package stores annually, develop professional relationships with all bar and package store owners, and expand efforts to prevent underage drinking. This grant allowed the Resident Trooper's Office to conduct compliance checks on every bar and package store in Mansfield. These efforts reduced the amount of underage drinking and public drinking dramatically. ♦
- Developed a "Tips Hotline." This is a new initiative aimed to help citizens of this community feel safer. The "Tips Hotline" also provided valuable information in solving multiple burglaries. ♦
- Improved relationship with UCONN Police has benefited both departments and improved lines of communication as it pertains to open and active cases. The UCONN Police Department and Mansfield Resident Troopers co-trained on the University of Connecticut Property. The training was for an active shooter scenario and also served as familiarization training to the dorms located on campus. ♦
- UCONN Police and Mansfield Resident Troopers worked joint patrols during fall/Spring weekends. This effort forged a stronger working relationship between the two departments. ♦

FY 2014/2015 Trends & Key Issues

Completion of Storrs Center Phase 1C will add to the jurisdiction area of the Trooper's Office. This area will have both residential and commercial properties and will increase calls for service. The completion of the new Price Chopper will also add to the patrol and calls for service responsibilities of troopers in the office. New state Laws require a police officer to be on the committee for school safety. This is an added responsibility to the troopers in the office. An emergency planning manual will be created and used in the event of an emergency in Storrs Center.

FY 2014/2015 Goals & Objectives

Goal: Improve quality of life for residents adjacent to campus. ♦

Objectives:

- All citizens of Mansfield, whether a student or not, will be accountable for their actions.
- Achieve full compliance through enforcement of the Nuisance Ordinance coupled with community visits.
- Revise the Nuisance Ordinance to include more stringent provisions for unresponsive/absentee landlords.

Goal: Improve communication with University of Connecticut students. ♦

Objectives:

- Become a visible and active part of University of Connecticut First Year Student Orientation.
- Continue to educate UCONN students that their student code of conduct is monitored and applied to both on and off campus behavior.

Goal: Encourage and engage Mansfield’s youth and seniors to become active in the community through police services programming. ♦

Objectives:

- Develop a Juvenile Review Board to better serve the youth in Mansfield vs. placing them into the Criminal Justice System. A Trooper has been dedicated as a liaison for this objective.
- Dedicate a Trooper and Town Officer to serve on a committee to serve the senior citizens of Mansfield.

Goal: Create a safe walking and shopping area in Storrs Center. ♦

Objective:

- Create a walking/cycling patrol for Storrs Center.

♦ Denotes accomplishment, goal or objective links to the Town’s nine strategic vision points.

ANIMAL CONTROL - 21300

The Animal Control Division promotes and maintains a safe environment for Mansfield residents through enforcement of state statutes concerning canines and felines. Animal Control handles complaints, impounds stray and injured pets, adopts out unclaimed pets through the Mansfield Animal Shelter, and conducts the annual canvass for unlicensed dogs, unvaccinated pets and unaltered cats. The Division also provides information to Town residents regarding animal behavior, care and diseases (e.g. rabies).

FY 2013/2014 Accomplishments

- Cooperated with the Friends of the Mansfield Animal Shelter, Inc. (FOMAS) to support the Shelter with the following services: testing adult cats for feline aids and leukemia; vaccinating felines; providing medical care to dogs; and grooming felines and dogs. All adoptable pets aged 3 months and older are spayed and neutered before they leave the Shelter.
- Continued volunteer and community service programs. The Shelter provides an important social function and learning experience for the young; 18 new volunteers were welcomed in 2013. ♦
- Continued educational program at elementary schools regarding dog bite prevention and responsible pet ownership. ♦
- Continued to utilize the successful nationwide website – www.mansfield.petfinder.com – to advertise dogs and cats for adoption, resulting in an adoption rate of 96%. Only very sick or aggressive pets are humanely euthanized. Staff found good homes for 137 pets.
- Maintained an internship program for UCONN students. Welcomed 2 interns. ♦
- Completed the annual door to door survey for unlicensed dogs, unaltered cats, and unvaccinated pets.

FY 2014/2015 Trends & Key Issues

A recent trend in Animal Control is to provide services on a regional level. Animal Control will continue to monitor developments regarding a regional animal control operation. Animal Control welcomed a new Assistant Animal Control Officer in 2013/14. Pursuant to new state law, all animal control officers must be certified by the National Animal Control Officers Association at Level I and Level II within 12 months of appointment; the new Assistant will finish her certification requirements in FY 14/15. The Animal Control Officer will continue to provide internal and external professional development opportunities for staff to ensure compliance with state regulations.

FY 2014/2015 Goals & Objectives

Goal: Continue to operate a clean, safe Animal Shelter.

Objectives:

- Closely work with FOMAS to provide Shelter services; maintain or increase the number of active volunteers.
- Maintain or increase the adoption rate at 95% or higher.

Goal: Continue to provide quality educational and informational resources to Town residents regarding animal behavior, care and diseases (rabies).

Objectives:

- Successfully complete the annual survey for unlicensed dogs, unaltered cats and unvaccinated pets by covering 20% of Mansfield annually.

- Educate the public about the cat overpopulation problem and responsible pet ownership.

FIRE & EMERGENCY SERVICES - FIRE PREVENTION (FIRE MARSHAL) – 22101

The Fire Prevention Division performs the following functions for the Town and its residents: fire and explosion investigations; fire hazard and code complaint investigations; plan reviews for new construction and renovations; fire, life safety and injury prevention education; inspections of new and existing public buildings; enforcement of regulations and ordinances, including but not limited to open burning, underground storage tank, fire lane, blasting and fireworks/pyrotechnics displays. The goal of these services is to reduce the incidence of fire and its severity and to diminish the risk of injury from fire. The Fire Prevention Division is part of Fire and Emergency Services. The Division enforces the State Fire Safety and Fire Prevention Codes as required by law, statute and ordinance.

FY 2013/2014 Accomplishments

- Further develop permitting administration procedures for new construction and renovations to improve processing and record keeping requirements. ♦
- In partnership with the Mansfield Board of Education and private schools, presented age appropriate fire, life safety and injury prevention education programs in all pre-K through 5th grade classrooms. The programs are designed to give students life long fire and life safety knowledge and skills. ♦
- Developed, enhanced and provided fire, life safety and injury prevention education programs for community at large. ♦
- Conducted plan reviews for all new construction and renovation projects Town-wide, including but not limited to Storrs Center development. ♦
- Prepared a SOG (Standard Operating Guide) for training, fire investigation equipment and service truck (applicable to Mansfield Fire Department staff whom are certified at the Deputy Fire Marshal level).
- Continue to work with the University of Connecticut (Connecticut Water) and the Willimantic Water Works to manage fire hydrants and water supplies for fire protection.
- Implement progress in and advance the Deputy Fire Marshal inspection program. ♦
- Updated buildings fire safety inspection list and implemented schedule to meet mandated requirements.
- In conjunction with Information Technology, Planning and Development, and Building and Housing Inspection, selected and began implementation of a software system that allows for online permitting and electronic tracking of inspection and code enforcement activities. ♦

FY 2014/2015 Trends & Key Issues

The increased inspection and plan review workload associated with Storrs Center continues to challenge staff to maintain Town-wide services and existing levels of customer service. An emphasis on creating efficiencies within core functions and duties will be a focus of the Division.

Implementation of the selected permitting and code enforcement software system is expected to be complete for the Fire Prevention Division in fall 2014. The software will support an efficient work flow to maximize staff productivity, as well as enhanced information access for the public. Some of the capabilities include online permit filing, status checking and payment of select permits, and tracking of information such as inspections, investigations, and citations. Inspectors in the field will begin using tablets to record inspections and enforcement activities.

FY 2014/2015 Goals & Objectives

Goal: Further develop the construction code compliance and inspection program to ensure that all new construction (new buildings, renovations, alterations and additions to buildings) is designed and built in compliance with applicable codes. ♦

Objectives:

- Conduct construction document review and approvals (plan review) in an expedited manner.
- Conduct periodic new construction progress inspections to ensure that construction is in compliance with the approved plans.
- Conduct system acceptance and Certificate of Occupancy inspections within 24 hours of the request.

Goal: Continue to enhance the inspection program for existing buildings and occupancies to ensure compliance with the Connecticut Fire Safety Code and Fire Prevention Code and work with customers to correct violations. ♦

Objectives:

- Work with owners/occupants to develop acceptable plans of correction for sited violations.
- Assign inspection frequency based on staff availability, hazards present and in compliance with state regulations.

Goal: Establish and implement standardized fire investigation procedures and reporting among all Fire Marshal staff.

Objectives:

- Develop forms and obtain equipment.
- Provide staff with training opportunities.
- Implement SOG procedures.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

FIRE AND EMERGENCY SERVICES - 22160

The Division of Fire and Emergency Services provides fire and life safety education, fire suppression, rescue, and emergency medical services (EMS) to the community. The combination workforce of volunteer and career personnel is supported in its mission by the Mansfield Firefighters Association. The Division operates out of three strategically placed fire stations and responds to approximately 1,900 calls for service each year.

FY 2013/2014 Accomplishments

- The Insurance Services Office (ISO) has upgraded the Fire Department's Public Protection Classification (PPC) to a Class 4/8B. The ISO classification influences the premiums charged for property insurance. ♦
- Completed the RFP selection process for the purchase of a replacement Engine Tank. ♦
- Conducted a volunteer officer promotional process for Assistant Fire Chief. ♦
- Sent one member of the Mansfield Firefighters Association Explorer Program to a week-long *Introduction to the Fire Service* Program at the Connecticut Fire Academy. This program prepares potential future members of the Department for the fire service. ♦
- Continued to staff the EMS (Emergency Medical Service) Duty Crew Program during select weekend nights of the University fall and spring semesters. The program affords greater participation for volunteer members, a reduction in the Division's reliance on mutual aid ambulances, and an increase in ambulance revenue. ♦
- Received and placed new ambulance in service. ♦
- Received certification from the Department of Public Health to operate three transport ambulances. This certification enables the Department to operate additional ambulances during peak demand periods. ♦
- Improvements were made to the Department's communication system with the installation of a base station radio at Station 307 and fiber optic installations at all three fire stations. ♦
- Continued the GIS (Geographic Information System) mapping project. The maps provide detailed information on infrastructure critical to service delivery. GIS has enabled the Department to prioritize locations for dry hydrant installations as part of the Water Supply Improvement project. ♦
- Installed four dry hydrants as part of the Water Supply for Fire Protection Improvement project. ♦
- Continued to familiarize members with the new occupancies at Storrs Center through training walkthroughs of the construction site. Walkthroughs improve responders' effectiveness when answering calls for service. ♦

FY 2014/2015 Trends & Key Issues

Storrs Center development will continue to dominate the Division's activities this year. In addition, staffing improvements, training, mutual aid partnerships, response protocols, and apparatus and equipment needs will be continually assessed. Continued support for the pay-as-you-go capital plan is critical to maintaining reliability of the Division's fleet. Replacement of Engine Tank 207 will be important to addressing continued reliability of pumping and rescue apparatus. Replacement of another Engine Tank with a Tanker apparatus will address the ongoing water supply for fire protection improvement project. The need to improve the Division's rank structure persists. Many volunteer officer positions remain unfilled. The Division will address this by providing opportunities for professional development, evaluating position duties and responsibilities, assessing promotional qualifications, and seeking financial enhancement for the Volunteer Benefits Program.

FY 2014/2015 Goals & Objectives

Goal: Review and update existing and identify new Standard Operating Guidelines. ♦

Objectives:

- Standardize response to managing emergency incidents.
- Incorporate safe practices into Division activities.
- Formalize Division expectations of all personnel operating in emergency and non-emergency circumstances.

Goal: Continue development of Geographic Information System mapping. ♦

Objectives:

- Enhance incident management planning.
- Continue on-going assessment of resource allocation and service delivery.
- Link inspection activity and pre-fire planning.
- Identify and prioritize water source improvements.

Goal: Expand and support Volunteer EMS Duty Crew program. ♦

Objectives:

- Maintain two ambulances in service during times of increased call volume.
- Increase participation in EMS Duty Crew program; maximize response to both EMS and Fire incidents through increased available personnel.
- Promote volunteer ownership of a Department program.
- Improve volunteer recruitment and retention.

Goal: Improve professional development of members through targeted training opportunities. ♦

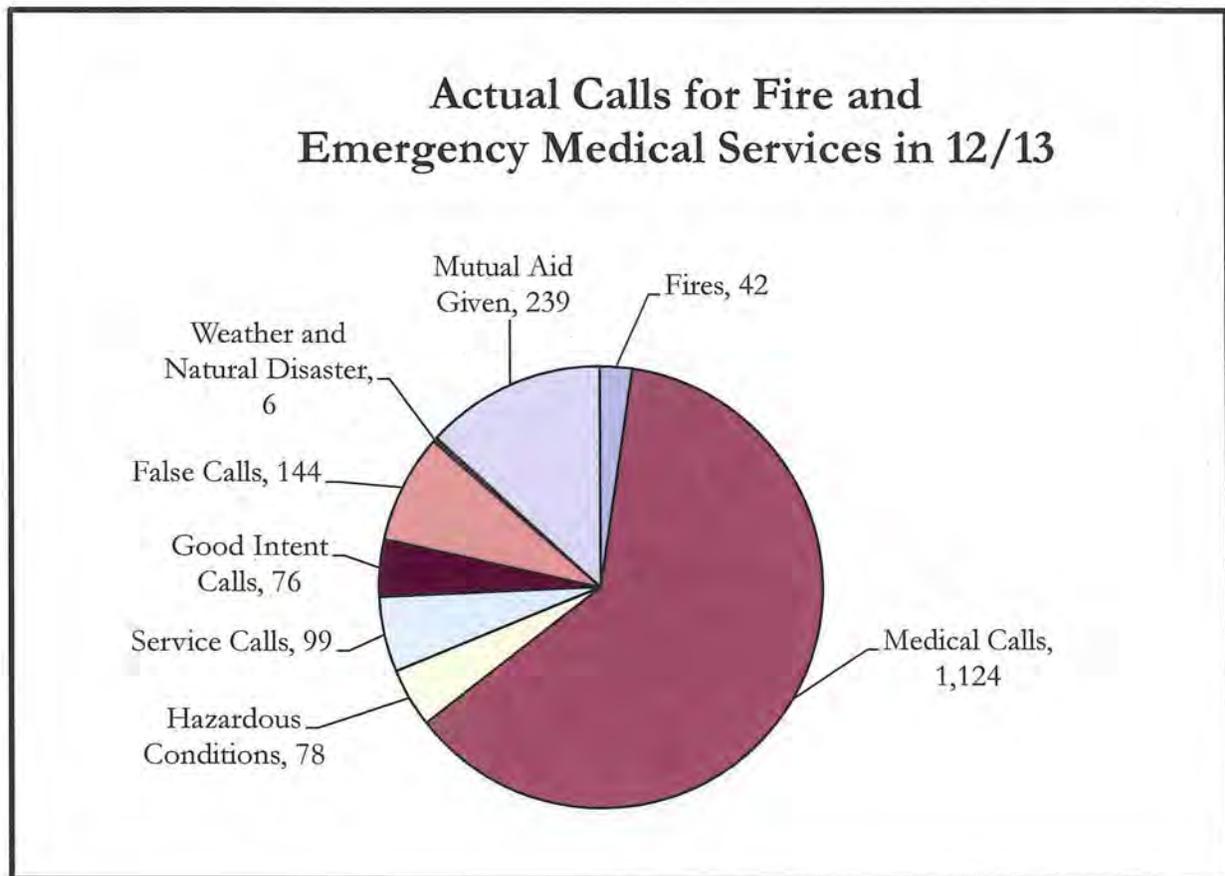

Objectives:

- Provide support to employees and volunteers in achieving their professional goals.
- Prepare personnel to become officers of the Department.
- Conduct officer promotional processes to fill in the Department's rank structure.
- Identify areas of weaknesses to improve capability.
- Improve quality of service to the community.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

EMERGENCY MANAGEMENT – 23100

Emergency Management program responsibilities include ensuring the safety of Town citizens, minimizing the amount of property damage in times of emergency, and responding to the needs of citizens during any attack or disaster. The Director of Emergency Management administers the program, and performs planning and response functions within the Town of Mansfield under the direction of the Town Manager and the Connecticut Department of Emergency Management and Homeland Security Commissioner. Upon approval of the Town Manager and the State Commissioner, the program may form mutual aid agreements with other municipalities and divisions of state government.

FY 2013/2014 Accomplishments

- Coordinated multi-agency Town/UConn/landlord/business efforts to address emergency management issues such as communications, on-site management, policing, parking, security, crowd control/reduction and matters of public safety.
- Planned, prepared, and participated in multiple agency state-wide disaster training exercise. ♦
- Updated the Town's Emergency Operations Plan and Annexes. The Plan is being audited by DEMHS to ensure that it is current with state and federal plan requirements.
- Managed construction, acquisition and installation of upgrades to Town's Emergency Operations Center (EOC).
- Led committee review of Reverse 911 mass notification system to improve communications with residents during emergency events.
- Coordinated with Red Cross and other agencies to review the Town's shelter facilities for regional planning. ♦
- Performed several watches and warnings during the year for severe weather. Worked with the National Weather Service regarding the Tornado.
- Improved communications with CL&P regarding disaster preparations, critical facilities, updates to maps, and road closure reporting.
- Administered and coordinated the Town's AED program (defibrillators).
- Partnered with University of Connecticut for their Millstone Host Community Program. Awarded DEMHS Region 4 Nuclear Safety Fund grant to install radio communications tower at Fire Station 307. The tower improves radio communications between the EOC and UConn. ♦
- Supported other Town departments and organizations including Mansfield schools, Juniper Hill Village, Jensen's community and the Eastbrook Mall with reviewing and implementing emergency plans and evacuation crisis response drills.
- Reviewed and updated the Town's Hazard Mitigation Plan. ♦
- Established a Town Hall medical emergency response team (MERT); trained team members and created response procedures.

FY 2014/2015 Trends & Key Issues

After action reviews of training exercises, severe weather incidents, and the Sandy Hook tragedy have identified strengths and action items for the Town to provide disaster and emergency services to residents. Town and regional emergency planning efforts will enrich existing Emergency Operations Plans with a focus on municipal buildings and school crisis response.

FY 2014/2015 Goals & Objectives

Goal: Continue to follow-up on after action reviews of recent storms and events, with a focus on integration of identified achievable improvements to services for residents. ♦

Objectives:

- Improve channels of communications with residents during emergency events.
- Improve sheltering operations, specifically including provisions when the American Red Cross may be unable to staff and operate shelters in Mansfield.
- Complete the build out of the Town radio system to enable better coordination between departments and interoperability with area partners.
- Work to acquire and/or upgrade or replace generators for critical facilities based on the review conducted of standby power systems at essential public buildings to verify that the buildings will be able to operate during extended periods of power outages.
- Update written agreements with Red Cross and regional partners for sheltering and resources.

Goal: Further partnerships with Emergency Management Directors of surrounding towns (including but not limited to Coventry and Willington) for the delivery of basic needs during and following emergencies or disasters. ♦

Objectives:

- Review the feasibility of developing an agreement with one or more of our surrounding communities to operate a shared public shelter.
- Provide training to municipal staff and volunteers to provide public shelter operations.
- Review the feasibility of developing an agreement with one or more of our surrounding communities to provide for commodities (water, ice, MREs and food services) acquisition and distribution.
- Transition from WINCOG to Capital Region Council of Governments emergency management initiatives.

Goal: Assist Mansfield Board of Education and Regional School District #19 with implementation of State mandated school emergency plans. ♦

Objectives:

- Continue to implement approved recommendations on school security and safety.
- Provide training and support to school administration and staff.
- Establish plans and procedures for interoperability and unified command at incidents.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.
Emergency Management = linkage to Public Safety; Education & Early Childhood Services.

Mission

To support and assure the balanced development, improvement, and protection of the physical resources of the Town of Mansfield, and to provide for the operation, maintenance and report of the Town's infrastructure.

Program Purpose and Description

The Department of Public Works (DPW) provides services for the operation, maintenance and repair of the Town's infrastructure -- its roads, bridges, solid waste facilities, park and recreation areas, school athletic fields, sewers and sewer pump stations, and the Town fleet. The divisions of Public Works include: Engineering; Equipment Maintenance; Grounds Maintenance; Road Services; and Solid Waste.

PUBLIC WORKS – ADMINISTRATION - 30100

This program budget accounts for administrative costs associated with managing the Department of Public Works as a whole (Engineering and all operations divisions). Sample duties include: planning and coordinating work of the Department; evaluating service delivery; financial management; personnel/labor relations work; project management; staffing advisory committees; and conducting professional engineering work.

FY 2013/2014 Accomplishments

- Continued efforts to provide sewer and water service for the Four Corners area of Town; coordinated with UConn on a water source environmental impact assessment; monitored consultants studying water sources and the design of a sewage pump station; staffed the advisory committee. ♦
- Continued engineering/inspection efforts and grant support for the Storrs Center public improvement projects which included the Transportation Center, streetscape improvements, and the Town Square. ♦
- Began design and construction for the North Eagleville and Storrs Road (extension of) bikepath/walkways.
- Opened the new Nash-Zimmer Transportation Center. Hired staff, established procedures, implemented cycling programs, and coordinated with bus providers for service stops at the Center. ♦

FY 2014/2015 Trends & Key Issues

As Storrs Center is not completely constructed, it remains a key issue. The Department will need to track personnel and equipment hours involved in routine services for Storrs Center and minimize their impact on other operations. Roads and drainage construction will remain at a high level. The Department needs to analyze methods for determining roadway pavement conditions and provide a long term solution to improve ride quality and eliminate pavement areas with high stress and consecutive annual repairs.

FY 2014/2015 Goals & Objectives

Goal: Administer Town construction projects in an efficient and cost effective way.

Objectives:

- Assist Clerk of the Works in completing required inspection paperwork.
- Communicate frequently with DOT, DECD, FTA and other funding agencies.
- Partner with contractors and customers to ensure issues are resolved at the lowest level and with minimal impact on the construction schedule.

Goal: Develop and implement programs and services for the Transportation Center that meet the needs of the community. ♦

Objectives:

- Promote Center use and information sharing among pedestrians, bicyclists, bus riders and visitors.
- Review potential uses to occupy the retail space within the Center.
- In conjunction with UConn develop cooperative transportation research programs that will benefit the operation of the Transportation Center.

Goal: Determine if winter road maintenance can be improved by eliminating sand/salt mix and using treated salt.

Objectives:

- Evaluate the use of treated salt on multiple plow routes in Town.
- Determine true cost of using treated salt versus current sand/salt mix. Evaluate cost-effectiveness of using treated salt as it requires fewer applications, provides greater snow melt and less snow pack on roadways, eliminates sand and its associated cleanup costs (sweeping, catch basin cleaning and drainage) vs. the initial additional cost per ton.
- Adopt new deicing usage procedures as indicated by the usage analysis.
- Equip snow removal equipment to ensure efficient use of treated salt.

◆ Denotes accomplishment, goal or objective links to the Town’s nine strategic vision points.

PW Admin = linkage to Sustainability & Planning.

PUBLIC WORKS – SUPERVISION AND OPERATIONS – 30200

This program details the costs for supervising the employees and the work of the four Public Works operations divisions: roads; grounds; solid waste management; and equipment/fleet management. Program expenditures include costs associated with: scheduling, planning and overseeing the work of all operations divisions; personnel administration; procurement of materials and supplies; and overseeing the Town's Transfer Station and solid waste operation.

FY 2013/2014 Accomplishments

- Assumed the maintenance responsibility for the newly constructed Dog Lane; continued construction improvements to the roadway near the Post Office. ♦
- Continued experimentation with a Magnesium-based deicer on Town roads.
- Hired and trained several new employees with CDL licenses to replace retiring staff.
- Continued increased efforts to upgrade the Town's grounds maintenance efforts around Town buildings.

FY 2014/2015 Trends & Key Issues

Staff will evaluate the use of treated salt, an environmentally safe deicer and make recommendations for the Town's winter road maintenance. Staff will continue to assist with the construction of Charles Smith Way cul-de-sac and some of the less-involved construction work associated with Storrs Center's public infrastructure projects (drainage and curbing, grading, landscaping and streetlight assembly). As public facilities in Storrs Center are completed, staff will begin a high-level maintenance program.

FY 2014/2015 Goals & Objectives

Goal: Train new hires in Department procedures, particularly in plow route related maintenance.

Objectives:

- Utilize UConn Transportation Institute classes for introductory training.
- Utilize senior employee mentoring and "in the truck" instruction.
- Update Department snow and safety manuals for use by new hires.
- Increase drainage improvements and paving upgrades to Town roadways.

Goal: Improve operations employees' attendance records.

Objectives:

- Monitor employee sick leave usage at least bi-annually, initiating counseling or appropriate disciplinary measures/referrals to the employee assistance program as needed.
- Increase emphasis on the employee safety incentive program.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.
PW Supervision = linkage to Sustainability & Planning.

Town of Mansfield

PUBLIC WORKS – ROAD SERVICES – 30300

The Road Services program includes funds for snow and ice control, road surface maintenance, drainage facility maintenance, sign maintenance, drainage construction, road construction, road surface improvements, street sweeping, striping, street lighting, bridge maintenance, roadside vegetation control and emergency storm cleanup.

FY 2013/2014 Accomplishments

- Resurfaced 10 miles of Town road surfaces.
- Prepped and paved Town roads to prepare for Chip Seal.
- Continued construction of the Town Square and improvements to Post Office Road. ♦
- Performed routine, seasonal maintenance on all Town roads and parking lots, including snowplowing/sanding, roadside mowing, street sweeping, grading dirt roads, cleaning ditches and catch basins, and curb (re)placement.

FY 2014/2015 Trends & Key Issues

Road resurfacing continues to be a priority each year. Due to funding constraints, road resurfacing is below the 14-15 miles per year recommended by the Town's pavement management program. As a result, the Town is not keeping pace with the continual roadway deterioration caused by the lack of adequate road bases on most of the Town's roads and the freeze-thaw cycles of the New England winter. Roads that have a pavement condition rating of less than 50 will require reconstruction of the road base and therefore may not be priority to repair as they have already crossed the pavement condition threshold rating of 50. Drainage is needed at continuing problem spots on Town roads – Mountain Road, Wormwood Hill Road, Mansfield City Road and Mount Hope Road in particular.

FY 2014/2015 Goals & Objectives

Goal: Evaluate the methods used for pavement management.

Objectives:

- Determine roads that require crack sealing, chip sealing, full depth patching, milling and full depth reclamation.
- Evaluate and monitor recent methods of pavement management for their cost effectiveness.

Goal: Evaluate road signs and ensure they are compliant with the Manual of Uniform Traffic Control Devices.

Objectives:

- Inventory all signs and determine if they are retroreflective where required.
- Determine if proper size lettering and colors are being used on signs, especially street signs.

Goal: Evaluate the use of treated salt which is environmentally safe and performs de-icing at lower roadway temperatures.

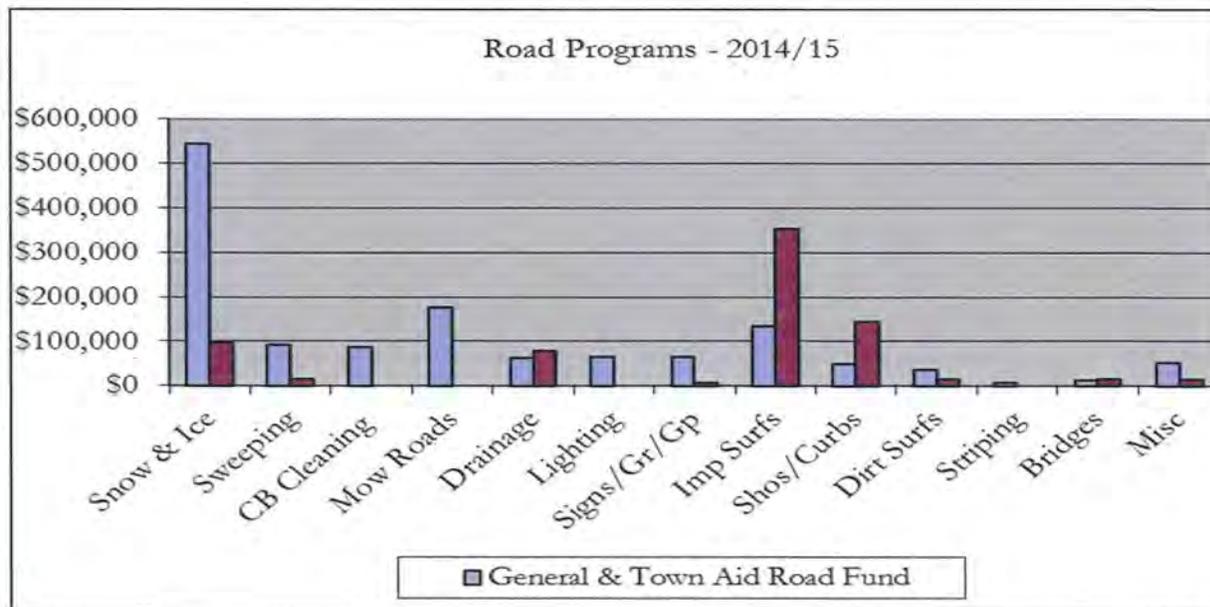

Objectives:

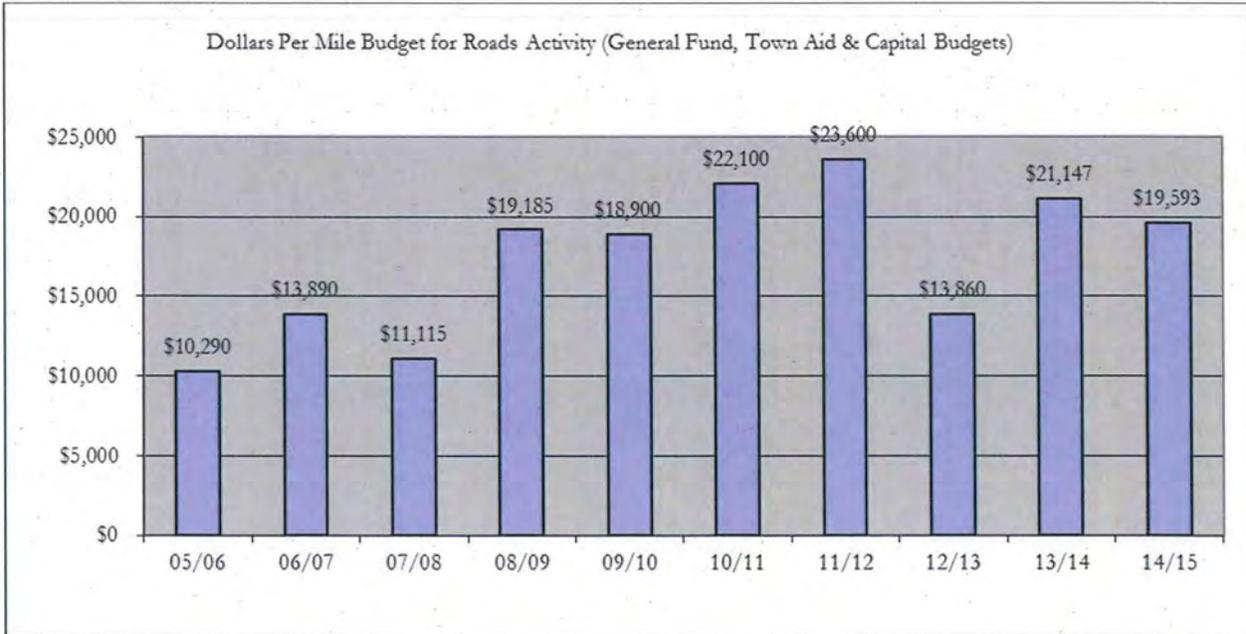

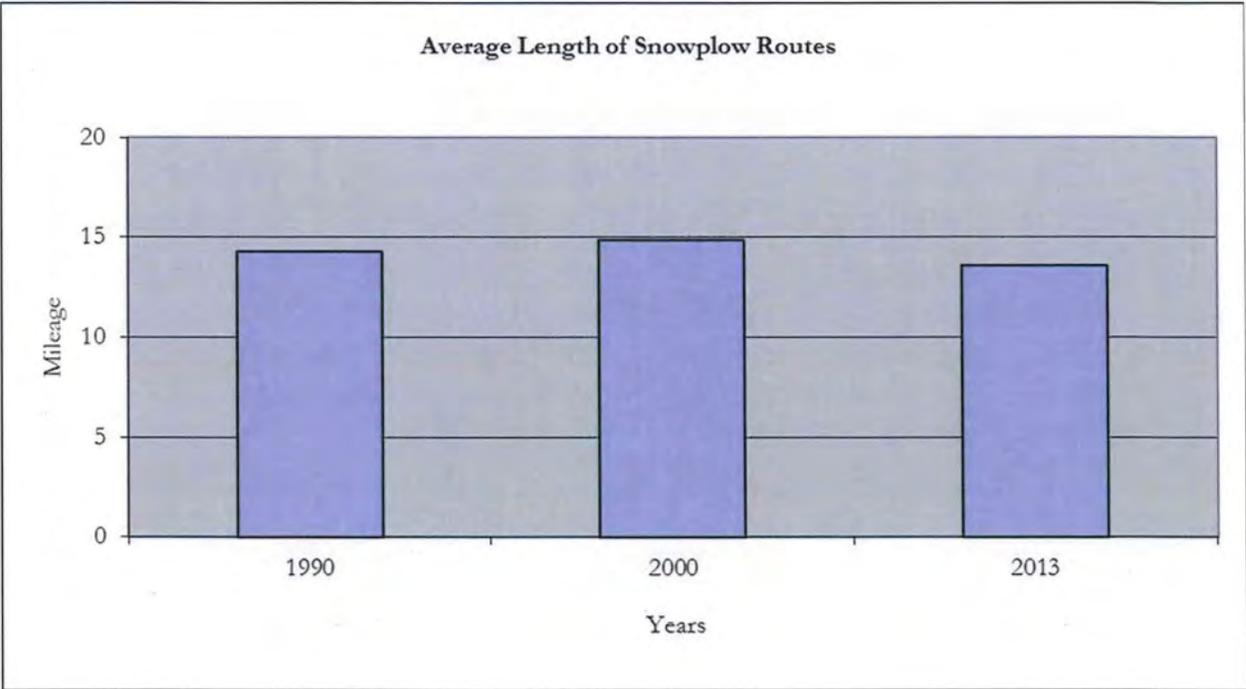

- Select two plow routes to switch to treated salt.
- Equip the two snow removal vehicles on the two selected routes so they can disperse the minimum amount of salt necessary to be effective while also allowing the addition of liquid salt to enhance melting capability.
- On those routes still using sand/salt mix, determine if higher strength deicing/aggregate mixes can be used with less frequent applications.
- Monitor sand and salt deposition along specially treated Town roadways.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.
PW Roads = linkage to Sustainability & Planning.

Road Services	FY 12/13 Actual	FY 13/14 Projected	FY 14/15 Proposed

PUBLIC WORKS – GROUNDS MAINTENANCE – 30400

The Grounds Maintenance Division maintains Town-owned and operated parks and recreational facilities, including the school ball fields, soccer fields, roads, trees, ponds, beaches, lawns, orchards, trails, equipment and buildings. The program also includes costs for care of the large turf areas around Town buildings, and the maintenance of Bicentennial Pond and the other active Town parks. Through an annual contract, the Division currently provides snow removal operations to the Mansfield Discovery Depot Day Care Center and Regional School District #19(E.O. Smith).

FY 2013/2014 Accomplishments

- Continued using soy-based fertilizer products on Town turf areas. ♦
- Enlarged the Spring Hill field to include end zone areas and goal posts to accommodate football play at this field. ♦
- Planted street trees on the newly constructed Dog Lane; placed temporary mulch and stone in the partially finished Town Square area adjacent to Storrs Road and Dog Lane. ♦
- Continued efforts to upgrade the maintenance of the grounds adjacent to Town buildings, including some work on overtime.
- In cooperation with the Town's youth baseball program, continued upgrading baseball fields, placing additional water-absorbing materials in the infield to reduce drying times after rain. ♦
- Continued bike path maintenance of existing Town bike paths including shared maintenance with UConn of the bike path connecting the Hunting Lodge Road bike path with the main campus. ♦

FY 2014/2014 Trends & Key Issues

Staff will continue the athletic fields turf mowing schedule of twice per week during the peak growing season. Similarly, efforts over the last two years to make the Town and school baseball fields playable soon after rainstorms were successful; these efforts will continue. As additional public improvements in Storrs Center are completed, maintenance efforts for the public grounds in the Storrs Center development will need to be expanded.

FY 2014/2015 Goals & Objectives

Goal: In cooperation with the youth baseball association, make significant improvements to at least one additional baseball field in the spring of 2015. ♦

Objectives:

- Arrange for cooperative financing of special infield materials with the Parks & Recreation Department and the youth baseball association.
- Schedule the Town crew to accomplish the excavation, hauling and grading work without disrupting the ongoing spring ball field preparation work.
- Deliver the improved field to the Parks & Recreation department by the end of May, 2015.

Goal: Begin the maintenance of the public grounds in Storrs Center with a high level of service. ♦

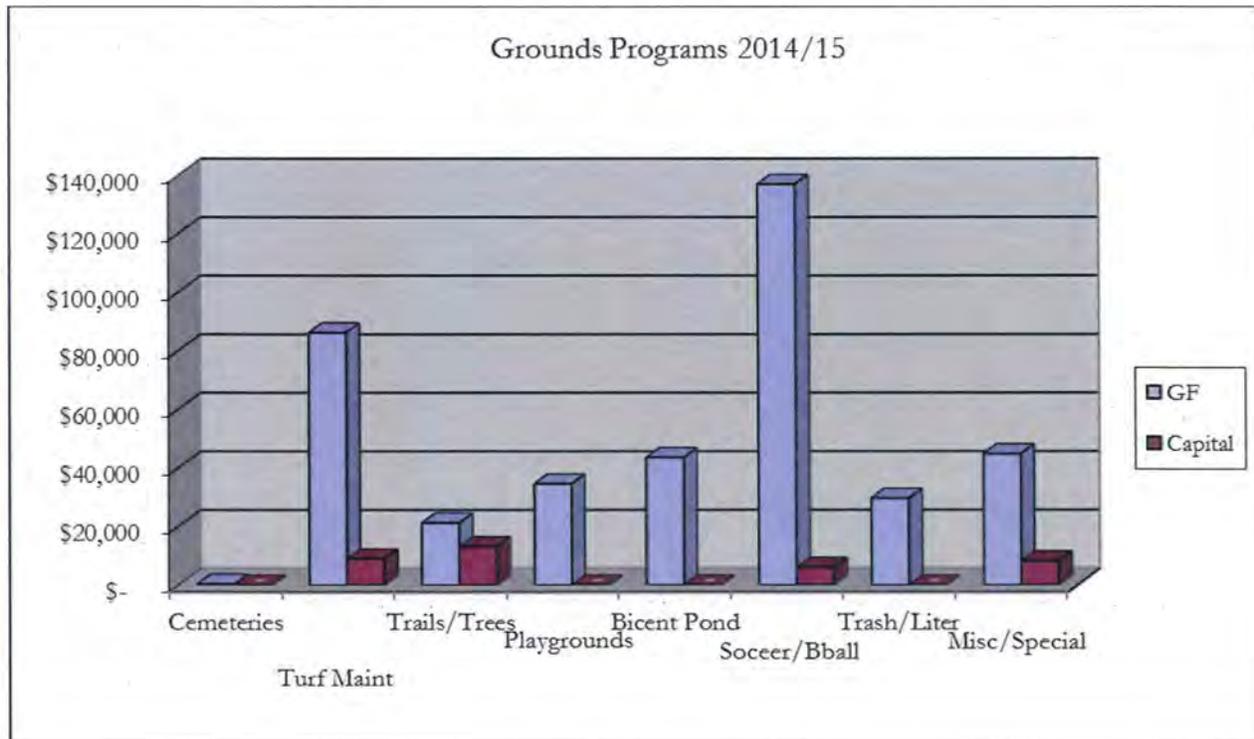

Objectives:

- Coordinate with Downtown Partnership and Storrs Center Alliance on maintenance planning.
- Develop maintenance check lists for employee usage.
- Orient all roads and grounds employees to the new public spaces and needed maintenance.
-

◆ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

PUBLIC WORKS – EQUIPMENT MAINTENANCE – 30600

The Equipment Maintenance Division funds the operation and the maintenance of all Public Works/General Government vehicles and heavy equipment. Division activities include repairs, service and preventative maintenance (PM) checks, as well as the procurement of all fuels, parts and supplies for the entire Town fleet (excluding fire vehicles). The fleet includes 85 road vehicles and over 75 off-road pieces of equipment.

FY 2013/2014 Accomplishments

- Fuel costs remained high (close to \$3 per gallon), at higher levels than 2012/13.
- At least two general government cars were taken off-line due to rust affecting the frame and thus the vehicle's integrity.
- A pickup truck and two small dump trucks were purchased and placed in service. ♦
- Purchased and put into service a Bobcat Toolcat for downtown sidewalk snow removal. ♦
- Set aside funds in the capital budget for a replacement plow and snow removal equipment for the new downtown.
- The equipment maintenance crew continued with only 3 mechanics, using some weekend overtime to prepare vehicles prior to the winter season.
- Contracted out maintenance of the Town's two sewage pump stations to a company specializing in pump station maintenance. This will free some of the mechanics time for vehicle maintenance.

FY 2014/2015 Trends & Key Issues

Vehicle maintenance costs for cars, trucks and equipment are trending up by 3 to 10% over 2012/13 levels. With only four of the twenty general government vehicles replaced in the last two years, the average age of these vehicles is old enough to show a rise in maintenance costs and the removal of cars from service for safety reasons. Additional replacement vehicles remain a considerable need. The Town purchased an "energy tracking" software package in 2011/12. This software program will be utilized to help monitor monthly fuel usage and reconciliation for fuel conservation initiatives.

FY 2014/2015 Goals & Objectives

Goal: Reduce fuel usage. ♦

Objectives:

- Use energy tracking programs to develop and confirm fuel saving measures.
- Replace general government vehicles with higher-mpg models.
- Enforce no-idling policies.

Goal: Retain qualified in-house mechanics.

Objectives:

- Offer out-of-the shop training classes to mechanics.
- Emphasize to operations employees the importance of proper equipment care (through periodic training sessions).
- Utilize overtime to accomplish seasonal equipment maintenance to make up for the lack of a 4th mechanic.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

PUBLIC WORKS – ENGINEERING – 30700

Engineering, a division of Public Works, provides technical support to many Town agencies and departments. The Division conducts the following work: investigates street line questions, road/drainage complaints and traffic related problems; coordinates the maintenance of the Town's computerized parcel mapping system and the Town's road map; prepares plans and specifications for road, bridge, drainage and walkway construction projects; provides construction inspection for most public improvement projects; and lays out athletic fields for school and recreational use.

FY 2013/2014 Accomplishments

- Served as Clerk of the Works coordinating all construction inspection and grant administration (with assistance from Finance) for the public improvement projects at Storrs Center. ♦
- Continued the acquisition/adjustment of deeds and easements for the public improvement projects in Storrs Center as well as the required utility relocations in the public roads. ♦
- Completed semi-annual updates of the Assessor's parcel maps; coordinated Town's mapping efforts for GIS desktop applications and the program's on-line version.
- Rated paved roads (annually) and sampled the former landfill's monitoring wells (quarterly).
- Provided field inspection and grant administration work for the Stone Mill Road bridge replacement project.
- Continued design revisions required by the state for the enhancement grant walkway project on the west side of Storrs Road (South Eagleville Road to the Liberty Bank plaza). ♦
- Assisted Downtown Partnership staff in administering the large Federal Transit Administration grant for the Storrs Center Village Street and Transportation Center. ♦
- Continued topographic field survey and design work for sewer and water systems in the Four Corners area. ♦
- Conducted the public bidding process for the construction of a walkway on North Eagleville Road from Hunting Lodge Road to Northwood Apartments; this project is a joint initiative with UCONN, with design and construction funding coming from the University. The acquisition process to secure the needed easements for this project is complete. ♦

FY 2014/2015 Trends & Key Issues

The Stone Mill Road and Dodd Road bridges have been reopened. The Laurel Lane bridge project should be completed early in the fiscal year. Considerable administrative and engineering staff time has been required to keep these projects on track.

Administering the grants and inspecting the work for the Storrs Center public infrastructure, South Eagleville Road to the Liberty Bank plaza and North Eagleville Road walkway projects, will continue to be a major effort in 2014/15. Additional temporary inspection employees/services will again be necessary to keep up with the projects.

Additional design and coordination work will be required by the Town and UConn as to the option of obtaining additional water from CT Water for northern Mansfield. The pipeline designs for the sewer and water systems for the Four Corners area, mostly being done by the Town, will need to be finalized for construction.

In conjunction with the Town's *Mansfield Tomorrow* project, it is expected that the Engineering Division will assist in creating new Town walkway and bikeway maps and plans.

Finalize the design for the Safe Routes to School (SRTS) sidewalk project which starts at Route 195 and ends at Southeast School which is expected to be publically approved this fiscal year. After design is complete, easements must be secured and then the public bidding process can commence; the construction of this project is State funded up to \$475,000.

FY 2014/2015 Goals & Objectives

Goal: Carry out effective administration of multiple grant-funded construction projects including keeping up with the required paperwork.

Objectives:

- Train and utilize part-time admin/clerical help to complete forms and reports.
- Hire and train additional engineering inspection personnel (short term).
- Utilize web-based project tracking software to track projects, document work progress and communicate with all parties (designers, contractors, inspectors, etc.)
- Utilize social media to update interested parties on construction progress.
- Institute a tracking system for types of Engineering work performed.

Goal: Develop a comprehensive Pavement Management System (PMS)

Objectives:

- Complete a complete pavement condition rating for all Town maintained roadways
- Produce a list of needs for the road network, considering a ten year planning horizon.
- Determine a defined desirable level of pavement performance while optimizing the expenditure of limited fiscal resources.
- A listing of roads needing maintenance and rehabilitation
- A budget forecast for annual maintenance and rehabilitation

Goal: Provide engineering and survey assistance to Town departments and residents.

Objectives:

- Coordinate pavement markings for the Town roads and Town building pavements.
- Layout for public works road repair and drainage projects.
- Issue right of way permits.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.
Engineering = linkage to Sustainability & Planning.

Mission

To plan and assist in the development and maintenance of harmonious personal relationships between residents and groups, and to improve and enrich the lives of our citizens through activities, programs and facilities designed to foster creativity, help resolve and prevent problems, provide healthy recreational activity and build cultural and aesthetic appreciation.

Program Purpose and Description

The Community Services Division provides health services, human services, library and recreation services to residents of Mansfield. Also included in this Division are grants to area nonprofits that provide human services to Mansfield residents.

HEALTH REGULATION & INSPECTION - 41200

This program funds various professional and technical services related to health regulation and inspection. Also included is the Town's contribution to the Eastern Highlands Health District. The Eastern Highlands Health District is a separate agency; their budget is reflected in a separate Fund as a result.

TOTAL EXPENDITURES	720,943	699,730	705,620	670,560	726,430

The Human Services Department exists to enhance the well-being and to help meet the basic human needs of all residents. This is accomplished by offering a wide range of services and by working in collaboration with other community and area agencies. The department pays particular attention to the needs and empowerment of residents who are potentially at risk or in need of services.

Citizen guidance is provided by the following: Human Services Advisory Committee; Youth Service Bureau Advisory Committee; Mansfield Senior Center Association; Commission on Aging; Mansfield Advisory Committee on the Needs of Persons with Disabilities; and Mansfield Advocates for Children (formerly the Mansfield School Readiness Council).

General Fund expenditures are supplemented by grants and contributions from many public and private sources that provide support for several programs as well as individuals with emergency financial needs.

HUMAN SERVICES - ADULT AND ADMINISTRATIVE SERVICES – 42100

The Adult and Administrative Services Division provides administrative and supervisory oversight to the Department. Staff conducts grant writing, grants management, information and referral and case management services for adult residents, processes elderly/disabled tax relief applications, coordinates community holiday giving programs, and supports numerous citizen advisory committees. In addition, the Director serves as the Town's Municipal Agent for Elderly and the Fair Housing Officer. Emergency assistance is provided to residents from the Special Needs Fund, which is supported by private donations.

FY 2013/2014 Accomplishments

- Successfully recruited several new staff members including the Director of Human Services and Youth Social Worker. Reorganized Senior Services staffing to better meet service needs of the senior population.
- Restructured the municipal out-of-region medical transportation grant to maximize revenues and expand the volunteer medical transportation program for seniors. ♦
- Expanded the Mobile Food Share program, supporting the distribution of fresh produce and other food to approximately 85 residents every two weeks.
- Continued to work with staff and volunteers (sub-committee of Mansfield Advocates for Children) to develop a community playground. ♦
- Reviewed various policies and procedures regarding the holiday and special needs fund programs and made process improvements.

FY 2014/2015 Trends & Key Issues

The continued slow economy, as well as changes in the health insurance and state programs for people in financial need, has put a heavy demand on municipal social work services. Advocacy for clients having difficulty accessing services that they qualify for has become more challenging. Management will continue to work with staff to prioritize workload, review policies and procedures to maximize efficiency and effectiveness, and to recruit high quality interns to compliment professional staff.

FY 2014/2015 Goals & Objectives

Goal: Review departmental policies and procedures to maximize efficiency, effectiveness, quality performance and responsiveness to the residents served by human service programs and services.

Objectives:

- Review all departmental policies and procedures.
- Create and institute tools to evaluate outcome measures of selected programs.

Goal: Continue to review the feasibility of consolidating fundraising initiatives related to special needs, camperships and holiday donations.

Objectives:

- Finalize administrative systems required to support this effort.
- Integrate existing fundraising initiatives when feasible and explore opportunities for directed giving by donors.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

HUMAN SERVICES - YOUTH SERVICES - 42210

The Youth Services Bureau provides programs that respond to the needs of Mansfield youth and their families. These programs support and advocate for the social and emotional development of the Town's youth. Clinical services include: individual counseling, family counseling, group counseling, crisis intervention, psychiatric assessment, medication management and multi-family therapy group. Staff also serves as the school social workers for Mansfield Public Schools.

Early Childhood Services focus specifically on the needs of families with young children ages birth through eight, and includes playground development and oversight, information and referral and community planning and parent engagement and leadership training. Staff oversees the School Readiness grant, the William Caspar Graustein Memorial Fund Discovery grant, and several other local grants.

FY 2013/2014 Accomplishments

- Awarded grant funding from the NECASA program to support prevention of alcohol, tobacco and other drug use.
- Awarded grant funding from the State Department of Education to promote positive youth development programs. ♦
- Enhanced positive youth development programs by relocating those programs to the Mansfield Middle School, allowing more students to participate with better involvement and communication with school personnel. ♦
- Obtained Kidtrax Computer Software to track and evaluate services and programs. The software was obtained through a grant from the State Department of Education.
- Initiated a new Grief Matters Support Group to help grieving families throughout the year. The group is supported in part by funds received from the newly awarded SERAC Suicide Prevention grant.
- Expanded our student internship program to include masters of social work students from UCONN and bachelors of social work students from ECSU. ♦
- Initiated weekly in school counseling services at the middle school. ♦
- Received \$4,000 in Quality Enhancement grant funds for the development of a supportive network of area homecare providers.
- Awarded grant funds for school readiness and early childhood initiatives by the state Office of Early Childhood Services and the Graustein Foundation. ♦
- Updated Mansfield's Plan for Young Children. ♦

FY 2014/2015 Trends & Key Issues

There are increased numbers of students dealing with anxiety and depression, needing both in school support and family counseling services. Bullying continues to be a complicated issue in the youth population. There is a need for in-school and after-school positive youth development, skill building programs. The Division continues to service families in the community who do not have insurance coverage for outpatient mental health services.

Youth Services and Parks and Recreation staff will be certified in adventure training. Staff from these departments will focus on year-round programming through the Teen Center, aimed to reach a larger number of at risk pre-teen and teen aged children.

Mansfield Advocates for Children (MAC) continues to work on building collaborative relationships with the local Board of Education, community providers and the community as a whole. A focus on gaining new volunteers and developing leaders will be a priority for 2014/15. Committed to implementing Mansfield’s Plan for Young Children, MAC is looking to expand its services to include PEP (People Empowering People) training for area parents. The Mansfield Community Playground continues its fundraising and planning efforts. Construction on the playground is anticipated for fall 2014.

FY 2013/2014 Goals & Objectives

Goal: Expand the level of services provided to youth and families by building the capacity of the program to respond to an increased demand for services and ensure continuity of care. ♦

Objectives:

- Collect data through participant surveys to enhance the effectiveness of YSB programs and services.
- Educate community members and Town staff in the QPR method of suicide prevention.
- Collaborate with Parks and Recreation and the Library to facilitate positive youth development programs and services for youth.

Goal: Successfully implement Mansfield’s Plan for Young Children. ♦

Objectives:

- Complete a revision of CAN (Collaborative Area Network) with consultant assistance.
- Increase matching funds from both the Town and the Board of Education to continue the work of Discovery.
- Develop performance measures that can aide in the implementation of the Plan.
- Implement Results Based Scorecard to help collect, track and understand data.

♦ Denotes accomplishment, goal or objective links to the Town’s nine strategic vision points.

HUMAN SERVICES - SENIOR SERVICES - 42300

Senior Services provides opportunities for seniors aged fifty-five and over to maintain and improve their physical, mental, social and emotional well-being so that life is stimulating, full and enjoyable. Seniors are involved in various creative, educational, recreational and social activities at the Mansfield Senior Center. The Senior Center offers a wide range of activities including support groups, computer classes, health programs, exercise classes, bingo, art classes, chorus, meals, trips and volunteer opportunities. The Wellness Center also offers health screenings, immunization, social work services, and medical services through a variety of programs.

FY 2013/2014 Accomplishments

- Provided a summer evening program for the third year from May 2013 to August 2013. The Center remained open until 7:30pm on the first Thursday evening of each month. ♦
- Promoted health awareness through various screening opportunities and health promotion talks. ♦
- Celebrated National Senior Center Month in September with an Open House Week and free classes. ♦
- Municipal grant for out-of-region medical transportation was restructured to improve accountability and maximize revenues, resulting in an expansion of the volunteer medical transportation program for seniors. ♦
- Conducted a Senior Center Evaluation in April 2013 to determine the effectiveness of programming at the Mansfield Senior & Wellness Center. ♦
- Reorganized staff positions to increase direct services provided to seniors. Restructuring will add over 400 hours of Senior Center staff time per year while remaining cost neutral. ♦

FY 2014/2015 Trends & Key Issues

The population of individuals 55 years or older continues to grow, thereby increasing the need for programs and services. Based on program space and available resources, the Senior Center has reached capacity. As a result the Senior Center will need to focus on those programs that meet the greatest need and provide the best return. The composition of the aging population is changing; programs and services will need to be reviewed to ensure that resources are being allocated based on demand and need.

FY 2014/2015 Goals & Objectives

Goal: Provide programs that promote and stimulate healthy living options for the senior residents of Mansfield. ♦

Objectives:

- Maintain total participation at the Mansfield Senior Center at 16,000 per year.
- Review National Council on Aging self-accreditation process to look at the Mansfield Senior & Wellness Center operation as a whole by January 2015.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

LIBRARY SERVICES - 43100

The mission of Mansfield Library is to provide access to materials and information which enhance and enrich the lives of Mansfield residents. The goals of Mansfield Library are: to promote and stimulate active use of its resources; to provide a broad range of materials in a variety of formats; to offer programs and services to encourage lifelong learning; and to provide trained personnel to facilitate the use of the Library's resources. The Library circulates over 225,000 items annually to patrons and to other libraries.

FY 2013/2014 Accomplishments

- Launched an online readers advisory service, allowing librarians to provide in depth, personally tailored reading lists to our adult patrons. Joined two regional groups to promote adult reading: Quiet Corner Reads and the Connecticut Authors Trail. ♦
- Contracted with Library Connection, Inc. (LCI) to provide consortium services. LCI provides increased services at a more competitive cost than the Library's previous consortium service. ♦
- In conjunction with the IT Department, the systems librarian upgraded computer operating software, replaced a legacy public computer management program with an up-to-date solution, and installed receipt and label printers which speeds workflow so staff does not have to write transit slips or stamp due dates. ♦
- Building repairs continue to alleviate mold, water and humidity issues. Sample work includes: gutters have been replaced; roof has been cleared of moss, inspected and repaired; basement wall board has been replaced; and basements have been thoroughly cleaned. More work needs to be done, and is ongoing.
- In conjunction with the Town Clerk, conducting an inventory and assessment of local history documents. Staff intends to provide an online search function for these documents and to digitize selected documents for access via the web. ♦

FY 2014/2015 Trends & Key Issues

The Library is striving to balance highly popular traditional library services with the demand for new formats and services. Staff continues to seek out the best ways to serve our citizens, while maintaining a stable budget. Over the past year, the restructuring of staff to include the addition of a part time systems librarian has been instrumental in providing up-to-date services, maintaining technology, and supporting Library staff in the implementation of new services. With that support, other Library staff can continue to provide traditional formats and services in addition to public programs and outreach. Mansfield residents are discerning library patrons and demand high quality services. Staff is pleased to meet the challenge, and appreciate the widespread community support for the library. The Library will continue to assess its services and resources in an effort to provide quality service in the most cost-effective manner.

FY 2014/2015 Goals & Objectives

Goal: Enhance the public library experience for users of all ages through the creative use of relevant and up-to-date technology. ♦

Objectives:

- Participate in the CT Edge Initiative to align digital and technology services with community priorities, to better provide open access to information, communication, and technology services.
- Increase the Systems Librarian position from part-time to full-time.

- Evaluate rapidly expanding online resources and provide selected resources via the Library's online presence. Consider new devices and their suitability for use in the Library.

Goal: Provide a welcoming Library building with capacity to provide 21st century services.

Objectives:

- Continue ongoing facility repairs and create a maintenance log.
- Create a maintenance plan for the next 3-5 years.
- Begin planning for needed renovations with an eye to maintaining a friendly, welcoming atmosphere while accommodating technology needs in an unobtrusive manner.
- Create small spaces within the library such as the puzzle table and reading nooks where people can relax and use the library to explore the world in their own way.

Goal: Maintain the provision of "traditional" library services. ♦

Objectives:

- Use technology to save staff time in order to provide more direct library service to the public.
- Maintain a welcoming atmosphere through staff customer service training.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

GRANTS TO AREA AGENCIES - 45000

As part of its operating budget, the Town traditionally makes financial contributions to various non-profit agencies that serve Mansfield residents. Staff and the Human Services Advisory Committee evaluate the requests that the Town receives from various social service agencies in the region.

COMMUNITY COMPANIONS & HOMEMAKERS. Provides in-home services to elderly and disabled residents in twelve-town area.

CONNECTICUT LEGAL SERVICES. Provides free civil legal services to low income persons.

HOLY FAMILY HOME & SHELTER. Helps support emergency shelter program for homeless families in Region.

MEALS ON WHEELS (TVCCA). Provides and delivers meals on a regular basis to homebound Mansfield residents.

NORTHEAST COMMUNITIES AGAINST SUBSTANCE ABUSE (NECASA). Coordinates and advocates for substance abuse programs and services in northeastern Connecticut.

PERCEPTION PROGRAMS. Provides substance abuse and mental health services.

SEXUAL ASSAULT CRISIS CENTER. Offers counseling and related services to victims of domestic violence and sexual assault.

UNITED SERVICES, INC. Offers a wide range of mental health services, including counseling, therapy and 24-hour emergency service to adults and children in 21 northeastern Connecticut towns.

VETERANS' SERVICES. Assists Veterans with information and access to veteran's benefits.

WINDHAM AREA INTERFAITH MINISTRIES (WAIM). Provides free redistribution of clothing, household goods, and furniture to people who need them. Also assists with the provision of energy assistance and funds to prevent homelessness.

WINDHAM AREA NO FREEZE PROJECT. Provides emergency shelter for homeless people.

Mission

To provide residents and stakeholders with a community that promotes and protects public safety, health and welfare, environmental quality, encourages economic activity and full employment, rewards creative enterprise, fosters full citizen engagement.

Program Purpose and Description

The Community Development Division serves as an integral unit in the overall operation of Town government. It fulfills statutory responsibilities and helps promote and protect the public's health, welfare, safety and prosperity. This multi-faceted Division, which involves the review, authorization and monitoring of all construction and building occupancy and the often controversial balancing of economic, social and environmental needs and goals, is the primary responsibility of numerous volunteer agencies and the Town's professional staff.

The Community Development Division plays a crucial role in determining the present and future direction of the Town and the overall quality of life of its residents. The Division fulfill a number of statutory building and land use responsibilities. Sample duties include: the administartion and enforement of state and local regulations and ordinances; research and data gathering; encouraging purlbic engagement; the formulation of reports and studies, such as a Plan of Conservation and Development that documents land use goals and policies; developing and enforcing the Town's land use regulations; and making recommendations to the Town Council, other municipal officials and to federal, regional, and state organizations.

Elected boards/commissions and appointed citizen committees, along with the Town's professional staff, must balance goals, economic, social and environmentla needs of the Town along with statutory requirements when executing their duties and responsibilities.

BUILDING AND HOUSING INSPECTION – BUILDING INSPECTION – 30800

The Building and Housing Inspection Department enforces the Connecticut Basic Building Code, the National Electric Code and the International Mechanical and Plumbing Codes as required by section 29-252 of the Connecticut General Statutes. The codes are designed to promote public safety, health, and welfare as they are affected by building construction issues such as structural strength, adequate means of egress, sanitary equipment, light, ventilation and fire safety. The Department's goal is to ensure safety to life and property from all hazardous incidents related to the design, erection, repair, removal, demolition or use and occupancy of buildings and structures. Inspections are made at various stages of construction to verify compliance with applicable codes and no building is issued a Certificate of Occupancy until staff is certain that the work has been satisfactorily completed. Staff also consults with architects, contractors and homeowners who seek advice and assistance. In addition, the Department enforces the State Demolition Code, assigns and maintains a record of street numbers and is on call to conduct inspections following fires or other disasters.

FY 2013/2014 Accomplishments

- Attended code-related courses and seminars required to maintain staff licenses.
- Continued to provide timely and quality permitting and inspection services to our larger Mansfield community while construction of Storrs Center continues.
- Worked cooperatively with all stakeholders regarding Building Code provisions of the Storrs Center project. Conducted plan review and consultations with the owners, designers and builders of the project. Conducted inspections as requested, usually on a daily basis. Reviewed and approved third party inspector's activities as required pursuant to applicable Building Code provisions.
- In conjunction with Information Technology, Planning and Development, and Fire and Emergency Services, selected and began implementation of a software system that allows for online permitting and electronic tracking of inspection and code enforcement activities. ♦

FY 2014/2015 Trends & Key Issues

The Storrs Center project will continue to require a large commitment of staff time to enforce the Building Code. Due to the increased workload associated with Storrs Center and other construction activities a temporary part-time building inspector remains on staff.

Implementation of the selected permitting and code enforcement software system is expected to be complete for Building and Housing in summer 2014. The software will support an efficient work flow to maximize staff productivity, as well as enhanced information access for the public. Some of the capabilities include online permit filing, status checking and payment of select permits, and tracking of information such as inspections, investigations, and citations. Inspectors in the field will begin using tablets to record inspections and enforcement activities.

FY 2014/2015 Goals & Objectives

Goal: Ensure safe, sanitary and energy efficient construction in Mansfield pursuant to the state Building Code.

Objectives:

- Conduct plan review as needed and when possible complete review within 10 business days.

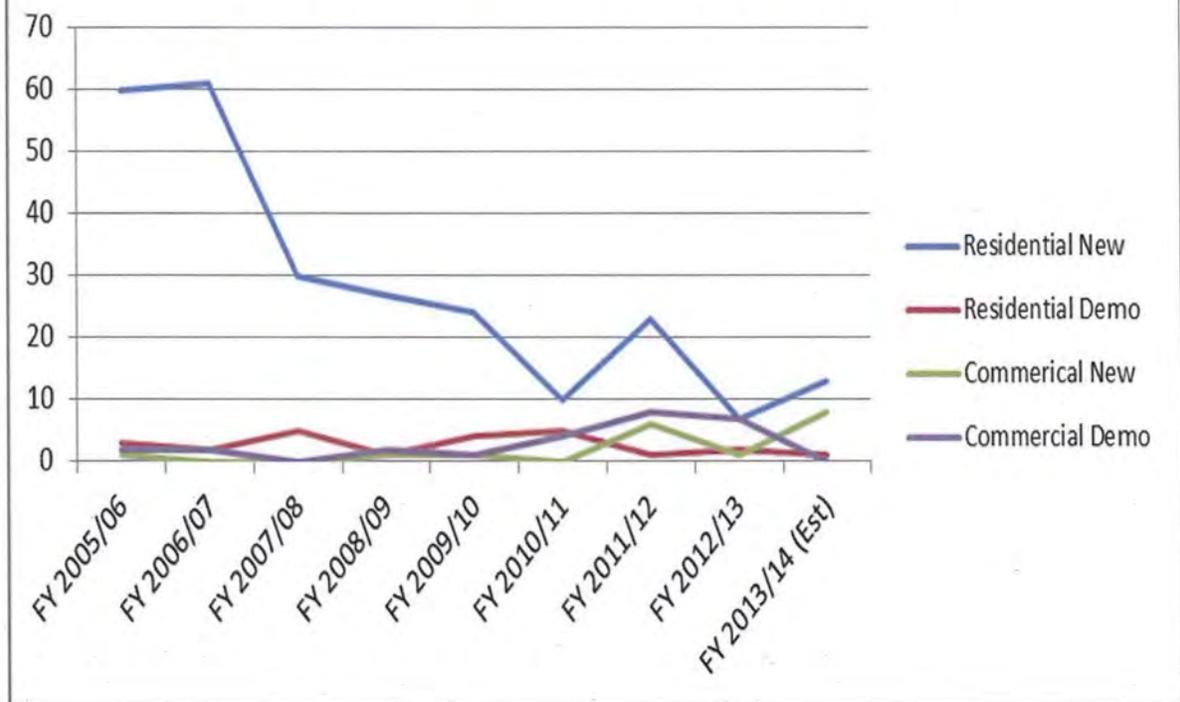

- Consult with contractors, owners and architects to proactively ensure code compliant construction.
- Inspect Storrs Center project at various stages as required by the Building Code.
- Complete the process of contracting with and implementing the new software system to allow for electronic permitting and code enforcement activities.
- Implement the updated State Building Code.

◆ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

BUILDING AND HOUSING INSPECTION - HOUSING INSPECTION – 30810

The Housing Inspection Program is part of the larger Building and Housing Inspection Department. Housing Inspection staff is responsible for administering the Mansfield Housing Code. The Housing Code is designed to regulate the conditions and maintenance of residential rental properties by providing standards for utilities, facilities and other items to ensure that the structures are safe, sanitary and fit for occupation and use. On a complaint basis, the Housing Code applies to all residential rental structures in Town, with the exception of rental structures owned by the state of Connecticut. The Housing Code also includes a rental certification program, which applies to all residential properties within the rental certification zone, with the exception of rental structures owned by the state of Connecticut, age-restricted housing (age 55 and older), properties owned by the Mansfield Housing Authority, new construction less than six years old, and certain types of owner-occupied rental housing. Staff also maintains a Landlord Registry for all non-residential rental dwelling units within Town.

FY 2013/2014 Accomplishments

- Maintained the landlord registry and implementation (certificate zone) database. Adopted by Council in 2006, staff is currently administering our third full 2-year cycle of the inspection program for approximately 1,100 dwelling units. All properties requiring registration of the landlord are monitored and adjusted as needed. Most registration activity at this time is conversions to rental, change of address, and units not previously identified. ♦
- Enforced the Town's Litter, Nuisance & Residential Parking Ordinances. ♦
- Worked with stakeholders to continue implementation of services provided by "Iparq" for parking ticket management and tracking and collection of fines for all Town ordinances.

FY 2014/2015 Trends & Key Issues

Implementation of the selected permitting and code enforcement software system is expected to be complete for Building and Housing in summer 2014. The software will support an efficient work flow to maximize staff productivity, as well as enhanced information access for the public. Some of the capabilities include online permit filing, status checking and payment of select permits, and tracking of information such as inspections, investigations, and citations. Inspectors in the field will begin using tablets to record inspections and enforcement activities.

FY 2014/2015 Goals & Objectives

Goal: Research the feasibility of new initiatives to maintain neighborhood quality of life. ♦

Objectives:

- Work with other code enforcement officials to implement the electronic activity tracking software and online permitting software.
- Complete implementation of the "Iparq" software to allow tracking and collection of fines for all Town ordinances.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

PLANNING AND DEVELOPMENT - 51100

The Planning and Development Department administers and coordinates activities related to the physical, community, and economic development of the Town. Key activities include: assisting the Planning and Zoning Commission and Inland Wetlands Agency with their statutory responsibilities; providing guidance to the Mansfield Downtown Partnership, Economic Development Commission, Conservation Commission, Town Council and various advisory committees such as Sustainability, and Four Corners Sewer and Water; implementing the Mansfield Plan of Conservation and Development (POCD); and coordinating business retention and recruitment efforts with the Mansfield Downtown Partnership, University of Connecticut and surrounding communities.

FY 2013/2014 Accomplishments

- Held 15 public meetings with 517 attendees as part of the Mansfield Tomorrow initiative. Projects completed as part of Mansfield Tomorrow include: agriculture, housing and economic development strategy reports, a sustainability audit of the Town's zoning regulations and preparation of a new Plan of Conservation and Development (POCD). ♦
- Issued permits for the Town Square 3 (TS-3) and Market Square buildings at Storrs Center and monitored construction for compliance with conditions of approval. ♦
- Continued efforts to bring water and sewer infrastructure to the Four Corners area to stimulate redevelopment including partnering with UConn to identify the Connecticut Water Company (CWC) as the new water supply source to serve both Town and University needs. Assisted in successfully negotiating an agreement with CWC that will ensure that the Town has sufficient water to meet future needs while maintaining existing customer rates and eliminating the need for the Town to finance construction of a water system at the Four Corners. ♦
- Continued to monitor proposed Interstate Reliability Project and prepared recommendations for Town Council consideration. ♦
- Coordinated with nearby towns on an application to the Regional Performance Incentive Program to fund regional development activities for FY 2014/15 and a corridor study application to Connecticut DOT for Routes 195 and 44. ♦
- Continued to manage the Town's Housing Rehabilitation Revolving Loan Program, completing 8 projects under the \$300,000 Small Cities grant awarded in 2012. ♦
- In conjunction with Information Technology, Building and Housing Inspection, and Fire and Emergency Services, selected and began implementation of a software system that allows for online permitting and electronic tracking of inspection and code enforcement activities. ♦

FY 2014/2015 Trends & Key Issues

The selection of Connecticut Water Company as the new source of water for the Town and University presents tremendous opportunity for business and job growth over the next several years. The approval of \$1.5 billion in funds for the Next Generation Connecticut initiative combined with the Technology Park is expected to result in significant on-campus construction at UCONN in the coming years. However, these projects are also expected to increase development pressure in northern Mansfield and drive demand for stronger sustainable development regulations to manage this growth. As such, implementation of the *Mansfield Tomorrow* initiative was the primary focus of long-range planning and regulatory activities. In the short term, housing starts and new commercial development continue to be slow with the exception of Storrs Center, resulting in fewer applications and stagnant application/permit fee revenues.

Implementation of the selected permitting and code enforcement software system is expected to be complete for Planning and Development in July 2015. The software system will primarily be utilized for permitting, zoning inspections, and enforcement activities.

FY 2014/2015 Goals & Objectives

Goal: Complete the *Mansfield Tomorrow* initiative (HUD Community Challenge Planning Grant). ♦

Objectives:

- Continue to engage community in update of zoning regulations.
- Complete updates to Zoning Regulations.

Goal: Ensure effective implementation of Mansfield's new Plan of Conservation and Development. ♦

Objectives:

- Develop framework for establishing implementation priorities and annual progress reports.
- Pursue relevant grant opportunities to implement various Town objectives including development of Four Corners area, housing rehabilitation and open space/farmland acquisition.
- Complete implementation of the Town's 2012 Small Cities grant award for the Housing Rehabilitation Revolving Loan Program.

Goal: Continue efforts to retain and grow local businesses. ♦

Objectives:

- Update economic development section of Town website to include more information on how to start/grow a business in Mansfield.
- Implement land development module of new permitting and code enforcement software.
- Assist Economic Development Commission in implementation of their work plan

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.
Planning and Development = linkage to Historic & Rural Character, Open Space & Working Farms; Housing; Sustainability & Planning; Regionalism; Town-University Relations.

PLANNING AND ZONING COMMISSION/INLAND WETLANDS AGENCY - 52100

The Planning and Zoning Commission (PZC) works to ensure the orderly growth and development of the community. Pursuant to the Mansfield Code of Ordinances, the PZC is also designated as the Inland Wetlands Agency (IWA) and Municipal Aquifer Protection Agency (APA) for the Town. Legal responsibilities include: formulating and revising the Town's Plan of Conservation and Development (POCD), adopting zoning and subdivision regulations to implement the POCD, reviewing development proposals for conformance with the POCD and adopted regulations, regulating all activities within 150 feet of inland wetlands and watercourses, and ensuring effective enforcement of regulations and conditions of approval for approved projects.

FY 2013/2014 Accomplishments

- Continued to work on refining and updating zoning regulations. The following issues/areas were addressed: Pleasant Valley Residence/Agriculture and Commercial/Agriculture zone regulations related to preservation of agricultural soils and the addition of regulations related to kennels. ♦
- Prepared a new draft Plan of Conservation of Development through the *Mansfield Tomorrow* initiative. ♦

FY 2014/2015 Trends & Key Issues

Current efforts to identify a new source of water for the Town and University as well as the development of a technology park in the north campus area are expected to increase development pressure in the coming years, as well as drive demand for stronger sustainable development regulations. The focus for the upcoming year will be on developing new zoning and subdivision regulations to implement the new Plan of Conservation and Development. Regulations related to preventing induced development as a result of expanding water and sewer service will be of particular importance.

FY 2014/2015 Goals & Objectives

Goal: Implement the new Plan of Conservation and Development. ♦

Objectives:

- Establish annual priorities for Commission implementation activities.
- Develop a framework for monitoring implementation including creation of an annual report.
- Encourage the Town Council to use the POCD as the guiding document for establishing goals and objectives included in the annual budget.

Goal: Support development of new, user-friendly Zoning and Subdivision Regulations to implement the Plan of Conservation and Development. ♦

Objectives:

- Monitor community input received through community workshops and website.
- Provide guidance and feedback on draft proposals.
- Adopt new regulations

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.
Planning & Zoning Commission/Inland Wetlands Agency = linkage to Historic & Rural Character, Open Space & Working Farms; Housing; Sustainability & Planning.

ECONOMIC DEVELOPMENT PROGRAM - 53100

The Economic Development program is administered by the Town Manager's Office and Department of Planning and Development. Key activities include providing assistance to the Economic Development Commission and coordinating business retention and recruitment efforts with the Mansfield Downtown Partnership, University of Connecticut and surrounding communities.

FY 2013/2014 Accomplishments

- Assisted in the development of an economic development strategy as part of the Mansfield Tomorrow initiative.
- Negotiated an agreement with Connecticut Water Company (CWC) for additional water supply. ♦
- Continued efforts to bring public water and sewer infrastructure to the Four Corners area to stimulate redevelopment. ♦
- Assisted the Mansfield Economic Development Commission in developing a work plan. ♦
- Continued to coordinate development efforts at Storrs Center with the Mansfield Downtown Partnership and Storrs Center Alliance. ♦
- Coordinated with the towns of Coventry, Tolland and Bolton on an application to the Regional Performance Incentive Program to fund regional economic development activities for FY 2014/15. ♦

FY 2014/2015 Trends & Key Issues

The development of a new technology park at UConn's north campus presents tremendous opportunity for business and job growth in Mansfield over the next several years. Efforts to establish public infrastructure at the Four Corners area will be a primary focus over the next year as CWC works on obtaining permits for the new water system and the Town completes design of the sewer system and identifies funding. Completion of these two projects is critical to future revitalization of Four Corners. Phase 2 at Storrs Center is expected to be completed in 2015, a milestone that will mark the build-out of the commercial portion of the project. Notwithstanding the potential for growth due to the above projects, some local businesses continue to struggle in the current economic climate.

FY 2014/2015 Goals & Objectives

Goal: Begin implementation of Economic Development strategies and actions identified in the Mansfield Tomorrow Plan. ♦

Objectives:

- EDC representatives participate in revisions to zoning regulations as part of Mansfield Tomorrow initiative. ♦
- Update EDC work plan to include high priority actions from the Mansfield Tomorrow Plan. ♦
- Identify baseline data for performance measures identified in Mansfield Tomorrow Plan. ♦

Goal: Continue efforts to retain and grow local businesses. ♦

Objectives:

- Update economic development section of Town website to include more information on how to start/grow a business in Mansfield.

- Implement land development module of new Permitting and Code Enforcement software.
- Assist Economic Development Commission in implementation of their work plan.

◆ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

Economic Development = linkage to Rural Character, Open Space & Working Farms; Sustainability & Planning.

BOARDS & COMMISSIONS - 58000

ADVISORY COMMITTEE ON NEEDS OF PERSONS WITH DISABILITIES. This Committee of ten members seeks to identify the needs of Mansfield residents with disabilities who have barriers that limit their accessibility to available services, programs, resources and facilities in the community. The Committee makes recommendations on actions needed to expand the opportunities of persons with disabilities to achieve their full participation in society. The Committee also serves as the Town's ADA Grievance Committee.

AGRICULTURE COMMITTEE. The Agriculture Committee consists of eight members appointed by the Town Council plus one liaison from the Open Space Preservation Committee. The Committee advises the Council and other Town committees on matters related to preserving farmland and agricultural activity in Mansfield.

ARTS ADVISORY COMMITTEE. The seven-member Arts Advisory Committee is charged with advising the Town Council and Manager on issues related to the arts. The Committee promotes and encourages interest and participation in the arts and works to complement activities and events sponsored by private organizations having the same goal.

BEAUTIFICATION COMMITTEE. The Beautification Committee is committed to improving the aesthetic appearance of Mansfield by cleaning up unattractive areas, and by locating flowering plants in key locations. The Committee awards certificates of merit to individuals and businesses that contribute to the beautification of the Town.

BOARD OF ASSESSMENT APPEALS. Voters elect the three-member Board of Assessment Appeals for a two-year term. The Board, by statute, meets annually to hear taxpayer appeals regarding assessments. Decisions rendered by the Board are binding upon the Assessor for the current Grand List.

COMMISSION ON AGING. The nine-member Commission on Aging was established to identify the needs of older residents of Mansfield, inform others of such needs and to promote positive responses on the part of the community.

CONSERVATION COMMISSION. The Conservation Commission consists of seven members and three alternates appointed by the Town Manager. It strives to develop and conserve natural resources in order to protect the integrity of the environment within Mansfield, and acts in an advisory capacity to the Inland/Wetland Agency by reviewing and making recommendations on applications.

HISTORIC DISTRICT COMMISSION. The Historic District Commission was established to encourage the preservation and restoration of those building sites and neighborhoods of greatest historical and architectural significance to the Town, and to secure preservation of the buildings and sites that contribute to the educational, architectural and aesthetic value of the four historic districts. The Commission also judges, within the limits of the districts, new construction, alterations and additions to existing buildings on the basis of their compatibility in scale, mass and materials to adjacent buildings.

PARKS ADVISORY COMMITTEE. The Town Council appoints the nine-member Parks Advisory Committee. This Board is charged with meeting and evaluating park needs, making recommendations for the acquisition and operation of parks and gardens, and promoting interest and participation in park use and programs.

ZONING BOARD OF APPEALS. The ZBA consists of five members who are elected for four-year overlapping terms and three alternates elected for four-year terms. The Board hears and decides special exceptions and may vary the application of the zoning regulations with due consideration of factors related to conserving public health, safety, convenience, welfare and property values. The Board also considers appeals from any person who alleges that there is an error in any order, requirement or decision made by the Zoning Agent. The Board has the authority to reverse, affirm or modify, in whole or in part, an order, requirement or decision of the Zoning Agent.

**MANSFIELD BOARD
OF
EDUCATION**

Mansfield Board of Education Overview

Proposed Budget

On Thursday, March 13, 2014, the Mansfield Board of Education adopted its budget for the 2014-2015 school year. After considerable discussion regarding the proposed \$21,036,040 (+1.68%), the Board voted to restore:

- Language Arts Coordinator
- K4 Field Trips
- MMS Field Trips
- .5 PE teacher by hiring a 1st year teacher

The adopted Board of Education budget is \$21,175,314 (+2.35%).

Background

The current 2013-2014 budget of \$20,688,160 is the result of a reduction of \$100,000 which was requested by the Mansfield Town Council after an advisory budget referendum on June 18, 2013 resulted in a vote of 432 to 348 indicating the board budget was too high. At the annual town meeting on May 14, 2013, a motion was made and passed to increase the Board of Education budget by \$200,000, which would have raised the budget from 0% increase to a .97%. The Town Budget was adopted at the Town Meeting with this increase.

Budget increases/decreases for the last five years have been as follows:

School Year	Increase/ Decrease	Enrollment		
		PK-4	5-8	Total
2009-2010	-1.6%	707	563	1270
2010-2011	-.04%	740	585	1325
2011-2012	0%	749	576	1325
2012-2013	0%	746	570	1316
2013-2014	.49%	701	547	1248

Assumptions

The proposed budget is based on the following assumptions discussed with the Mansfield Board of Education in the fall; discussions with both Town and Region 19 officials regarding town revenues and expenditures; and a commitment to maintain reasonable and appropriate class sizes to facilitate differentiated instruction, while addressing issues related to an increase in short-term enrollment and a projected decline in long-term enrollment.

1. Safety, security and health standards will be supported through continued staff training, e.g., School Climate Plans, Blood Borne Pathogens, Sexual Harassment/Title IX, OSHA (Office of Safety and Health Administration), Indoor Air Quality, Pesticide Management, Asbestos Management, and Vaccinations for Critical Staff.
2. Salaries will change based on collective bargaining agreements.
3. Staff health benefit costs will be based upon current health packages and contracts.
4. Programs and services will be maintained or adjusted as the educational needs of students change.
5. Overall certified and classified staffing levels will be adjusted based on enrollment/programming/facility considerations.
6. Purchased services and supply expenditures will be based on documented prices and trends; e.g., fuel, where appropriate, enrollment changes, and facility needs.

Mansfield Board of Education Overview (Continued)

7. State and Federal financial support of education will not keep pace with increased programming mandates and desires.
8. Budgets for bid items will be based on budget history and inflation projections.
9. Space and facilities will be used efficiently and effectively. An annual Capital Improvement Plan will be transmitted to the town to request funds to meet long range facility and mandated improvements.
10. We will maintain open communication and a spirit of cooperation with other municipal boards and the public throughout budget process.

Initiatives

This budget seeks to maintain our current instructional program and proposes minimal new initiatives in light of the town's overall budget constraints and potential loss of future state revenues.

Deferrals

The following items have again been deferred after being eliminated in the 2009-2010 budget in hopes of reinstatement at a later date.

• The Assistant Superintendent Position	\$130,000
• MMS Technology (Educational Equipment)*	\$50,000
• K-4 Technology (Educational Equipment)*	\$40,000
• MMS Instructional Supplies	\$21,900
• K-4 Instructional Supplies	\$21,900
• Special Ed. Instructional Supplies	\$5,000
• K-4 Furniture Replacement	\$7,670
• Minority Internship	<u>\$13,500</u>
Total	\$289,970

*Being addressed through the Capital Improvement Budget

The Mansfield Board of Education completed successful negotiations with the Mansfield Education Association and the Mansfield Administrators' Association resulting in a 2011-2012 settlement maintaining the 2010-2011 salary level for teachers. This was significant at the time given the number of staff involved and assisted the district in an effort to contain costs during a prolonged and difficult economic period. All bargaining groups and individuals have provided similar savings for the district and it is greatly appreciated. Since that time, all bargaining groups have or are in the process of negotiating modest salary increases.

Implications

Our current January 1, 2014 enrollment is 711 pre-k-4 and 541 5-8 for a total of 1252. This compares to our pre-k-8 enrollment of 1298 at this time a year ago. Our projected enrollment was 701 pre-k-4 and 547 5-8 for a total of 1248.

All certified staffing assignments have been and will continue to be reviewed in light of current and projected enrollment and will be adjusted as needed in accordance with enrollment guidelines and available resources. At this time for the second year in a row, we are planning on two kindergarten classrooms at two of our elementary schools. Mansfield Middle School will have twenty-five regular

Mansfield Board of Education Overview (Continued)

classroom (grade level team) teachers next year versus twenty-six regular classroom teachers this year due to lower enrollment in grades five and six. We will continue to assign English Language Learning program responsibilities to our Spanish Language teachers at all four schools in addition to their current Spanish Language instruction.

Balancing Major New Expenditures and Revenues

In an effort to maximize program offerings while minimizing the financial impact to taxpayers, we have addressed new spending:

• Certified Staff Increase	\$ 253,340
• Medical Insurance	\$ 802,200
• Magnet School Tuition	<u>\$ 45,000</u>
Total	\$1,100,540

Through the following revenue sources:

• Special Education Reserve Fund	\$ 135,000
• Current Year Savings	<u>\$ 95,080</u>
Total	\$ 230,080

The identified revenues used are available for the 2013-2014 school year. The Special Education Reserve Fund and Current Year Savings are all subject to student and staff variability from year to year.

At this time at the state level, an Education Cost Sharing grant is \$10,168,360 for Mansfield and we anticipate it will remain the same for 2014-2015. Any shortfall will require additional district, Board of Education, Town Council and voter support and/or supplies, services and/or program reduction

Reductions to Initial Budget and Proposed Strategies to Compensate

The initial budget that was submitted was \$21,841,920 (+5.58%) and has been reduced as follows:

K-4 Technology	Prioritize purchases, apply for grants	\$30,000	P. 60
5-8 Technology	Prioritize purchases, apply for grants	\$20,000	P. 61
Building & Grounds	Prioritize projects, utilize capital funds as appropriate	\$60,000	P. 91
Purchase K-4 Great Books	Purchase with 2013-2014 funds	\$32,300	P. 42
Purchase 5-8 Great Books	Purchase with 2013-2014 funds	\$9,500	P. 43
K-4 PE Mat Replacement	Purchase some mats with 2013-2014 funds	\$24,000	P. 48
1 Regular School Bus	Reroute other buses as needed to meet school start and end times	\$34,040	P. 92
3 Mid-Day PreK Buses	Review AM & PM sessions with residence and/or daycare as a factor Inform parents at spring screening	\$33,000	P. 92
1 K-4 Regular Classroom Teacher at GW incl. benefits	Transfer teacher(s) as needed to address class size	\$69,001	P. 41
1 MMS Regular Classroom Teacher 5/6 incl. benefits	Adjust school schedule	\$69,001	P. 41
MMS PE reduce to .5 FTE	Revise staff schedule to maximize offerings	\$61,131	P. 41
LA Coordinator Position Vacant 14-15 School Year incl. benefits	Develop a plan with Administrative Council, Language Arts Council, and Literacy Coaches	\$104,021	P. 41

Mansfield Board of Education Overview (Continued)

Reduction of Days for selected staff	Schedule best use of time with administrators	\$18,576	P. 41
1 Regular Ed IA at MMS (Library IA/IT) with benefits	Combine responsibilities and share time	\$29,370	P. 41 & 87
1 Regular ED IA at MMS with benefits	Combine responsibilities and share time	\$36,146	P. 41
1 MMS SPED IA with benefits	Review student needs at all schools and assign coverage as appropriate	\$25,954	P. 113
1 PK-4 SPED IA with benefits	Review student needs at all schools and assign coverage as appropriate	\$23,363	P. 113
Substitute Acct	Review district initiated use of substitutes	\$10,000	P. 85
Discovery Education Subscription	Replace with free or low cost alternative	\$5,000	P. 87
K-4 Field Trips	Supplement with PTA and PTO funds as available	\$4,320	P. 74
MMS Field Trips	Supplement with MMSA funds as available	\$6,750	P. 75
Summer Curriculum Work	Focus summer work on CCSS essential projects	\$10,000	P. 86
Johns Hopkins	Implement other placement options for students	\$5,000	P. 99
Study Island	Replace with other free software options	\$3,547	P. 72
Professional & Technical Services	Limit additional professional and technical services	\$10,000	P. 86
Pupil Services Testing	Participate in Smarter Balanced Assessment	\$3,570	P. 104
LAN/WAN	Purchase with 2013-2014 funds	\$53,280	P. 90
Other Program Supplies	Prioritize purchases	\$2,000	P. 89
Total		\$792,870*	
*An additional \$10,000 has been reduced from the Assistant Superintendent Position (see previous page)		\$802,870	P. 86

Continuing Additional Considerations Not Included in This Budget

The Mansfield Public Schools is currently implementing revised district emergency procedures, as well as, individual schools' safety procedures. This occurred as a result of the December 2012 school incident in Newtown, CT and involves district, school, staff, parents, and town staff, as well as relevant external resources. A report regarding new state requirements for district and school all hazards planning will be made to the Mansfield Board of Education and Mansfield Town Council in the near future.

One year ago on Wednesday, January 23, 2013, the Mansfield Town Council decided not to bring to the voters a school building project proposal. As a result of a meeting with the Mansfield Board of Education to discuss the steps and costs related to maintaining our current four schools, they have appropriated \$400,000 of the capital account to address maintenance, technology, security, and other. I would recommend the Mansfield Board of Education continue to engage in this discussion until a long term plan for the schools is developed and approved by the voters.

Mansfield Board of Education Overview (Continued)

Future Considerations

The next three to five years will provide the Mansfield Public Schools and the Mansfield Board of Education with the opportunity and/or challenge to address some/all of the following. These items have been incorporated in the Mansfield Public Schools 2013-2014 goals and continue to be addressed by district staff as appropriate.

1. Transition from a budget which used a series of federal/state funds to support district staff to a predictable and sustainable funding source.
2. Advocate for continued Education Cost Sharing which supports current programming and develop a plan to address any change to current funding level.
3. Implement a long term plan endorsed by Mansfield Town Council and supported by voters to address pk-8 building needs.
4. Maintain quality educational programs at multiple sites while adjusting staff levels and resources despite increase and/or decrease in overall enrollment.
5. Maintain National Association for the Education of Young Children (NAEYC) accreditation, as well as review, evaluate, and implement an expanded preschool program to address the needs of early learners.
6. Address the need to align our current Language Arts/Reading and Mathematics curriculum with the Common Core State Standards (CCSS).
7. Select an anthology which addresses the CCSS and provides a strong pk-6 Language Arts/Reading foundation.
8. Address school/district leadership issues to maintain and surpass current levels of student achievement
9. Integrate current technology in a value added way to the instructional program as well as use it to extend student learning of both subject matter and appropriate use of technology.
10. Implement with input and collaboration from certified staff, an effective pilot evaluation program which supports the development of confident student learners and encourages the continued growth of all staff.
11. Refine our current professional development program to maximize the growth of certified and non-certified staff while addressing state and federal requirements for required training while maximizing student instructional time.
12. Continue to explore potential partnerships with other groups to maximize program effectiveness while containing costs.
13. Explore and develop additional support services for those students in need of community and/or health services.
14. Implement mandated state and federal education reforms as required.
15. Review recommendations from all sources and implement best practices as appropriate.

Summary

The Mansfield Public Schools strive to provide an excellent education program which will meet the diverse needs of all students at costs sensitive to local, state, and national economic conditions. This proposed budget seeks to maintain our current level of programming in a cost effective manner. The Mansfield Board of Education and the residents of Mansfield have provided strong support for our schools. We look forward to their continuing support in the future.

**Mansfield Board of Education
Budget in Brief**

The proposed budget for the Mansfield Board of Education for FY 2014-15 is \$21,175,314. It represents a 2.35 percent increase over the current year. Of the total, salaries and benefits increased by \$696,774. Salaries and benefits account for approximately 85 percent of the total budget. All other expenditures decreased by \$209,620 or 6.36 percent. A comparison of the FY 2013-14 to 2014-15 budget follows:

	FY 12/13 Actual	FY 13/14 Amended	FY 14/15 Proposed	Increase/ (Decrease)	Percent Change

Mansfield Board of Education – Significant Features

Certified Staff - \$11,092,398

Total certified salaries have increased by \$56,098 over the present year. This increase is primarily due to contracted increases for teachers offset by the reduction of 2 certified positions.

Non-certified Staff - \$3,193,330

Total non-certified salaries have decreased by \$70,420, primarily due to the reduction of 4 non-certified positions.

Benefits - \$3,805,556

Benefits for staff reflect an increase of \$711,096, primarily a reflection of an increase in the cost of medical insurance due to an average premium increase of 8.5% and the use of the medical insurance reserve fund in FY 2013/14.

Professional & Technical Services - \$464,550

The proposed decrease of \$70,820 is primarily the result of LAN/WAN expenditures being covered by remaining contingency funds in the current year (\$53,280) and a reduction in other professional and technical services.

Purchases Property Services - \$61,000

The decrease of \$5,000 is for refuse collection.

Repairs & Maintenance Services – \$106,070

A reduction of \$19,590 is due to a decrease in building repair and equipment repair funds as appropriate maintenance items will be covered in the capital fund.

Rentals - \$460

No change from current year.

Tuition - \$120,000

The increase of \$40,000 is primarily due to the anticipated cost of Magnet School tuition.

Insurance – \$72,290

An increase of \$8,290 is due to an increase in liability, auto and property insurance rates.

Other Purchases Services - \$913,450

The net decrease of \$12,210 is due to a contracted increase in the cost of bus transportation offset by the elimination of one regular school bus and one mid-day bus run from each of the three elementary schools.

Instructional Supplies - \$281,300

A slight increase over the current year.

School & Library Books - \$99,800

An increase of \$2,785 reflects an increase for new textbook purchases.

Mansfield Board of Education – Significant Features (continued)

Supplies - \$48,050

A slight decrease from current year.

Energy - \$615,750

The decrease of \$77,350 is projected as the result of the new contracts and energy usage projections.

Building Supplies - \$57,190

A decrease of \$23,000 for building supplies from the current year.

Other Supplies - \$52,390

A decrease of \$4,460 from the current year budget.

Equipment - \$117,750

A decrease of \$49,460 is primarily due to a \$50,000 reduction in information technology equipment which will be covered in part by the capital fund.

Miscellaneous Fees and Expenditures - \$27,120

No change from current year.

Transfers Out to Other Funds - \$46,850

No change from current year.

Contingency		55,000	24,040	12,828	200,900
TOTAL EXPENDITURES	2,553,784	2,510,980	2,480,020	2,450,010	2,872,830

EMPLOYEE BENEFITS - 71000

This Program funds employee benefits, including health insurance, disability insurance, social security, pension, workers compensation, unemployment coverage, and the employee assistance program (EAP). The largest single item in this category is health insurance. To reduce administrative costs, the Town provides health insurance to its employees on a self-insured basis. The self-insured fund also covers employees of the Mansfield and Region 19 Boards of Education, the Eastern Highlands Health District, the Mansfield Discovery Depot, the Windham Region Council of Governments, the Mansfield Downtown Partnership, the Mansfield Housing Authority, and the Windham Regional Transit District (WRTD).

FY 2014/2015 Trends & Key Issues

The total increase in employee benefits is \$205,910. The primary factors for this are:

- Municipal Employees Retirement (MERS) estimated contributions are up \$25,000 due to adjustments in salaries. The State Retirement Commission sets the employers' rates based on expected claims and available resources; employer contribution rates are being held flat for the upcoming year.
- Health Insurance is increasing by \$150,290 or 22.3%. The overall cost increase is reflective of a premium rate increase, change in plan/coverage selection and a reduction in the use of excess contributions. While overall claims utilization has decreased, claims costs have seen an increase over the past year which has led to an average 10-11% increase in premium rates. The five year average increase in claims experience is 2.2%, significantly below industry trend.
- Workers Compensation insurance is expected to see a 3% rate increase resulting in an overall increase of \$15,000.

TOTAL EXPENDITURES	2,413,585	2,322,820	2,322,820	2,296,132	2,528,730

LIABILITY, AUTOMOBILE, AND PROPERTY (LAP) INSURANCE – 72000

This program funds general liability insurance, which provides coverage for property, general liability, automobile, errors and omissions, bonds, law enforcement and excess liability insurance. Staff in the Town Manager's Office, working with the Town Attorney, other legal counsel, and/or CIRMA staff, represents the Town's interests in claims and litigation related to LAP matters.

FY 2013/2014 Accomplishments

- The Mayor serves on the board of directors for the Town's insurance carrier (CIRMA) and the Assistant Town Manager is a member of CIRMA's Underwriting and Operations Committee. These appointments assist the Town in representing the needs of Mansfield.
- Conducted quarterly meetings with CIRMA staff to review various areas of insurance and risk management.
- Updated Town's statement of values; ensured that buildings, vehicles, and equipment are being insured for proper replacement values.
- Secured adequate insurance coverage for the Nash-Zimmer Transportation Center which opened in winter 2014.♦
- Secured insurance coverage for the Town's cell towers and outbuildings.
- Obtained special insurance for the Town's underground fuel (gasoline and diesel) tanks to ensure compliance with a new state law effective October 1, 2013.
- Conducted a review of LAP coverage on the Town's fire stations and apparatus.
- In conjunction with CIRMA, conducted risk control walk-throughs and assessments of numerous parks and the Town's new Transportation Center.

FY 2014/2015 Trends & Key Issues

Beginning with FY 2014/15 LAP insurance costs associated with fire stations and apparatus will be reflected in this program budget; all General Fund LAP insurance costs are now reflected in this program budget.

Staff will continue to monitor trends and work with its insurance carrier (CIRMA) to manage and improve the Town's risk management control program. LAP insurance premiums are expected to increase no more than 3% per year for the next three years.

FY 2014/2015 Goals & Objectives

Goal: Maintain accurate records for LAP related matters.

Objectives:

- Complete 2014 statement of values for the Town-MBOE-Region 19-Eastern Highlands Health District by the end of May 2014.
- Maintain accurate records for claims in litigation; in collaboration with the Town's legal counsel, respond to requests for information in a timely manner.
- Report LAP claims and occurrences within two days of the incident occurring.

♦ Denotes accomplishment, goal or objective links to the Town's nine strategic vision points.

TOTAL EXPENDITURES	140,199	133,160	133,160	141,050	143,200

CONTINGENCY - 73000

The Town makes an annual appropriation to provide for emergency and/or unforeseen expenditures not budgeted elsewhere. This appropriation is referred to as the “contingency account.”

This year’s appropriation primarily provides for unsettled employment contract costs.

As this is account is for contingencies, actual expenditures are not recorded here. Rather, as the need arises throughout the year, the Town Council authorizes transfers from this program to the appropriate budget expenditure account.

OTHER FINANCING USES - 92000

This program represents the General Fund contribution to other Town funds (accounting entities) where Generally Accepted Accounting Principles would expect the accounting activity to be recorded in a fund other than the General Fund. Usually these funds have significant sources of revenues, other than taxes, which are dedicated to a specific activity.

This year's proposed appropriation reflects a \$325,000 decrease in funding for debt service for scheduled principal and interest payments, and a \$274,330 increase in the transfer to capital, continuing the pay-as-you-go model.
