CONN-MEN (3-4 PM)

STORRS
RETHINK MAIN STREET
CENTER

December 5, 2012 – Local musicians perform every Saturday in December in Storrs Center, Mansfield’s new downtown. This Saturday, the band SDL will play from 2 to 3 p.m., followed by the Conn-Men (<http://www.conn-men.org>) – an all-male a cappella group – from 3 to 4 p.m. The music is free, and the public is invited to make a day of it and explore all of the new shops and restaurants now open at Storrs Center. Both groups plan to perform outdoors on Dog Lane. In the event of inclement weather, performers may move indoors to one of the open shops or restaurants in Storrs Center.

The music series continues with the following line-up through the remainder of the year:

Saturday, Dec. 8 – SDL (2-3 p.m.); The Conn-Men (3-4 p.m.)

Saturday, Dec. 15 – The Recliners

Saturday, Dec. 22 – Full Gael

Saturday, Dec. 29 – Mike Casey Jazz Quartet

For more information, visit the Storrs Center Facebook page: www.Facebook.com/StorrsCenter

Storrs Center is a new mixed-use, pedestrian-oriented downtown in Mansfield, Connecticut. The downtown features shops, restaurants, services, and apartment homes that are interspersed with a town square and public areas in a new neighborhood located at the intersection of Storrs Road and the University of Connecticut.

For more information about Storrs Center, visit www.storrscenter.com.

#####

Storrs Center is a mixed-use town center and main street corridor at the crossroads of the Town of Mansfield, Connecticut and the University of Connecticut. Located along Storrs Road adjacent to the University, the Town Hall, the regional high school, and the community center, Storrs Center will include a new town square across from the University's fine arts center and will combine retail, restaurant, and office uses with a variety of residence types. The town center plan will knit thoughtful architecture, pedestrian-oriented streets, and public spaces into a series of small neighborhoods that will make up the new fabric of the town center. Ground floor retail and commercial uses opening onto landscaped sidewalks will reinforce traditional street front activity and will be supported by residences above and shared community spaces.
